### CAROLINA CULLINGS.

News of the Week Gathered From all  
Parts of the State.

Interesting and Important Items  
From our Exchanges Condensed  
for Busy Readers.

Last year 21 cotton mills were  
built in this State.

A large furniture and chair  
factory is to be built at Concord.

A police census gives Durham's  
population as 11,700.

Twelve students of the Univer-  
sity have been expelled for gam-  
bling and hazing.—Morganton  
Herald.

The Goldsboro Headlight says:  
"We are soon to have a smoking  
tobacco factory. The machinery  
has already arrived."

The twentieth annual State  
Convention of the Young Men's  
Christian Association of North  
Carolina will be held March 19  
to 22 at Charlotte.

Governor Carr has offered a re-  
ward of \$200 for the conviction of  
the unknown persons who mur-  
dered a white man, known as the  
"umbrella man," in Warren  
county, on the night of January  
2nd. The name of the murdered  
man is unknown.

W. L. Vanboy, a well known  
citizen of Forsythe county, has  
been put on trial at Winston  
today, charged with being the  
father of his daughter's children.  
The case is the worst ever tried  
in that town.

The Cleveland Star understands  
that Congressman Lintsev, of the  
eighth district, will have to fight  
for re-nomination this year. He  
did not go into the Hog Combine  
in the House and the boys are  
dissatisfied because he is not able  
to set out the pie.

The Greensboro Record hears  
that Senator Sigmon, of Catawba,  
has been nominated by Messrs.  
Holton and Settle that he shall  
have Congressman Shuford's  
piece if he will turn in lively for  
Reed for President and Holton  
for State chairman. Sigmon,  
however, is represented as being  
coy.

The report of the State labor  
commissioner contains an inter-  
esting statement of a new indus-  
try in North Carolina. The roe  
of the female sturgeon is now  
shipped in large quantities to  
Russia and Germany from the  
great fisheries on Albemarle  
Sound. The roes from three stu-  
rgeon fill oaken kegs containing  
120 pounds and for each cask \$40  
is obtained at the fishery.

The commissioners of Bun-  
combe county have entered upon  
a new and unique branch of busi-  
ness. It is the purchase of pa-  
ther, wolf and wild-cat scalps.  
This is done under the provisions  
of a law of the Legislature and a  
royalty of \$2 is paid on each  
scalp.—Asheville Citizen.

The stockholders of the Wilson  
Cotton Mills have declared a di-  
vidend of 6 per cent. The mills  
are now running on full time and  
are turning out a quality of yarns  
which find a ready sale notwith-  
standing the many new mills  
that have been built during the  
past year.—Wilson Advance.

The car wheel works at Raleigh  
have made 1,000 wheels for the  
Seaboard Air Line, as many for  
the Southern, 400 for the Cape  
Fear and Yadkin Valley and also  
filled orders for all the other lines  
in the State, save the Atlantic  
Coast Line and the Norfolk and  
Western. The iron comes from  
Alabama and the moulding  
sand from near Gibson Station.  
Charcoal iron is used for  
wheels. Most of the other cast-  
ings of the Seaboard Air Line  
are made at these works under  
contract.

An Onion Cough Syrup.

A cough syrup in which onions  
form an important part is made  
by taking one cupful of vinegar,  
a cupful of molasses and half a  
cupful of cut up onions. Put on  
the stove and simmer about half  
an hour, or until the onions are  
soft. Then remove and strain.  
Take a teaspoonful of this fre-  
quently when troubled with a  
cough, and unless very deep-seated,  
the cough will not last long.

### CHRISTMAS DAY.

Of all dear days is Christmas Day,  
The dearest and the best;  
Still in the days of childhood  
Their songs of peace and rest.  
And yet the blessed Christ-Child comes  
And walks the shining way,  
Which brings to simple earthly homes  
Heaven's light on Christmas Day.

Then, deep in silent woods, the trees—  
The hemlock pine, and fir—  
Thrill to the chilly wintry breeze,  
And wait a breath of mirth,  
And far and near Kris Kringle's bells  
Their airy music shake.  
And dancing feet of boys and girls  
A sweeter joyance make.

The Christ-Child came to Bethlehem,  
To Mary's happy breast,  
And found within her glowing arms  
A warm embracing nest.  
And many a tiny cherub-child  
In mother's arms to-day  
Smiles like the Christ, the modelled,  
On this dear Christmas Day.

The Christ-Child's mother dimly saw  
The cross in faint outline  
Above the baby face that held  
Her own in awe divine.  
Thus over little cradle-beds  
The sacred passion-flower  
Its purple sign of sorrow spreads  
In love's most precious hour.

To Mary's feet the wise men brought  
Their gifts of gold and incense,  
The "Gloria" swept the midnight skies  
To greet her Pearl of Price  
And down the ladder of the stars,  
Across the shining way,  
The angels watched the Christ-Child come  
That first dear Christmas Day.

Of all dear days is Christmas Day,  
The very dearest day,  
The crown and diapason of the year,  
Of all the joyful year.  
Then dancing feet of boys and girls  
Go gleefully to and fro,  
And "Merry, merry Christmas" rings  
In all the winds that blow.  
—Mrs. Sangster, in Harper's Round Table.

### THE WICKED TONGUE.

Rev. Geo. J. Heworth, in New York Herald.

And their tongue is deceitful in their mouth.  
—Micah vi, 12.

The one thing to be guarded  
most carefully is the tongue. De-  
ceitful tongues have done more  
harm than all the wars that were  
ever waged. Cities have been  
ravaged by the sword, but reputa-  
tions are ravaged by the tongue.  
As a weapon of revenge, slander  
and gossip are surer than poison.  
They are more cunning than the  
subtlest drug, and more effective,  
for while the one produces death,  
which is a matter of very little  
consequence, the others result in  
despoiling a life, which is a matter  
of infinite moment.

There are two crimes which  
stand side by side at the head of  
the list—to speak evil of your  
neighbor and to listen to it. The  
listening ear and the slanderous  
tongue are the two organs of the  
human body upon which the devil  
chiefly depends for the accomplish-  
ment of his purposes. If you will  
give him your ear and let him find  
the tongue to fill it, heaven will  
grow sad and the pit will rejoice.

One of the highest virtues the  
heart can cherish is the virtue of a  
dull ear when slander croaks  
slander is never backed by a good  
motive. It is only a base heart  
that can say base things. The  
homes are countless that have been  
wrecked by loose talk which had  
no more foundation than "the base-  
less fabric of this vision," and he  
who deals in it does what not  
enriches him, but makes someone  
else poor indeed. As a general  
thing, when one slyly distills an  
evil rumor in your ear, it is because  
he hopes it is true. If the rule of  
Christ were followed, "Let him  
that is without sin among you  
cast the first stone," slander would  
slink away and hide itself as did  
the accusers of the Magdalen in  
the olden time.

How precious may a few words  
be if rightly and opportunely  
spoken; if they take the form of  
encouragement; if they have a  
warm and generous impulse be-  
hind them! What miracles they  
may work in one's life! "I have  
dreamed a dream," cries the hope-  
ful youth as he faces the future.  
Some one hears him and replies,  
"I made my dream come true, and  
you can do the same." How  
changed that future is and what  
fresh inspirations are added to that  
son just getting a glance at the  
reality of things! "Nay, nay,"  
says the saintly matron to the  
young girl who is about to step  
aside from the path of virtue, "this  
is God's world, and we must do  
God's will at any cost to ourselves."  
Hesitation becomes fixed resolve,  
and to the ninety and nine is  
added one more to make the  
hundred complete.

Now, opposite the sweetest lies  
the bitterest, and opposite the best  
lies the worst. What can the mind  
conceive more unworthy of an im-  
mortal soul than a phrase so framed

### EX-SENATOR BLAIR'S PLAN.

How the Race Problem is to be Solved  
by Universal Education.

Ex-Senator Henry W. Blair, of  
Massachusetts, delivered an ad-  
dress yesterday before the lyceum  
of the Shiloh Baptist church (col-  
ored), in which he declared that  
the 1,000,000 negroes in the  
Northern States were responsible  
for the present condition of the  
negroes in the South. He said  
that in the States of Massachusetts,  
New York, New Jersey, and  
Ohio, the negro was the bal-  
ance of power between the two  
great parties, and was in a po-  
sition to dictate to the Republican  
party as to what should be its atti-  
tude toward the negroes of the  
South, and yet they had not done  
so.

He said that the negro dele-  
gates to the next National Republi-  
can Convention should demand  
that the Republican party should  
insert a plank in its platform  
favorable to national and State  
education, and if the party did  
not do so the negro should not  
support the party. He said that  
the delegates of color from the  
South could if they were united,  
say who should be the next nom-  
inee of the party, and should sup-  
port no one whose attitude was  
not favorable to the education  
not only of the negroes, but of  
the whites of the South.

He said that the fight for uni-  
versal education had just begun,  
and that upon it rested the super-  
structure of the government.  
He claimed that the lynching,  
murdering and burning of neg-  
roes in the South was due to the  
fact that the masses were igno-  
rant and enslaved. "No force  
bill," said he, "can solve the  
problems that confront the negro;  
only universal education can do  
it. When the nation shall see to  
it that every one of its citizens is  
educated, then and then only will  
the perpetuity of a government  
be established, and the world re-  
deemed."

The meeting was presided over  
by Mr. Thomas L. Jones, of the  
District bar, and the audience  
that greeted the Senator was a  
large and enthusiastic one.

Forty-five stars will hereafter  
appear on the American flag.  
Utah was formally admitted into  
the Union, by proclamation of the  
President, on the 4th instant.

Marvelous Results.  
From a letter written by I. J. Gun-  
derson, of Dimondale, Mich., we are  
permitted to make this extract: "I have  
no hesitation in recommending Dr.  
King's New Discovery, as the results  
were almost marvelous in the case of my  
wife. While I was pastor of the Baptist  
Church at River Junction, she was  
brought down with pneumonia suc-  
ceeding La Grippe. Terrible paroxysms of  
coughing would last hours with little in-  
terruption and it seemed as if she could  
not survive them. A friend recom-  
mended Dr. King's New Discovery, it  
was quick in its work and highly sat-  
isfactory in results." Trial bottles free

do we learn from the Monroe  
doctrine?  
Jimmy—That the other fellow  
is wrong.—Cleveland Plain Deal-  
er.

Specimen Cases.  
S. H. Clifford, New Cassel, Wis., was  
troubled with Neuritis and Rheum-  
atism, his Stomach was disordered, his  
Liver was affected to an alarming degree,  
appetite fell away, and he was terribly  
reduced in flesh and strength. Three  
bottles of Electric Bitters cured him.  
Edward Shepherd, Harrisburg, Ill.,  
had a running sore on his leg of eight  
years' standing. Used three bottles of  
Electric Bitters and seven boxes of  
Bucklen's Arnica Salve, and his leg is  
sound and well. John Spenser, Cata-  
wba, O., had five large Fever sores on his  
leg, doctors said he was incurable. One  
bottle Electric Bitters and one box  
Bucklen's Arnica Salve cured him  
entirely. Sold by Aycocks & Co., at  
their Drug Store.

Two Full Moons in December.  
New York World.  
Probably not many people are  
aware that the December just  
passed was different from any  
other since the beginning of the  
Christian era. December, 1895,  
enjoyed the unique privilege of  
having two new moons, which is a  
phenomenon that has not occurred  
in any December in one thousand,  
eight hundred and ninety-six  
years.

The coincidence of the last event  
of this kind happening in the same  
year as the birth of Christ, was  
not widely noted, however, or it  
would probably have been looked  
upon by many as significant. The  
occurrence is a purely astronomical  
one.

But They Did Not Shine.  
Burlington News.  
An exchange gets this off: "A  
man name Moon was presented  
with a daughter by his wife. This  
was a new moon. The old man  
was so overcome that he got drunk.  
That was a full moon. When he  
got sober he had only twenty-five  
cents. This was the last quarter.
