TAR DROPS.

Cotton 7 1/2. What has become of our Franklinton correspondent? If a man could run out of debt as easily as he runs into it existence would be delightful.

It is much easier to advise other people how to do a thing than to pitch in and do it yourself. We've tried both.

Mr. J. P. Winston has purchased a lot from Dr. R. E. King, near the Baptist church, and will erect a dwelling. "I would like to borrow your paper," cries an enthusiastic hayseed, "for I want to say for the next forty days what I feel."

A subscriber wants to know if we favor a ratio of 16 to 1. Yes, we want subscribers this year for every 1 we need last year.

The young ladies of the Louisa College will give a recital in the church hall Friday evening, March 6th. Tobacco breaks for several days have been very large, owing to the cold weather. Today, however, there were pretty fair breaks at the warehouses.

Not until you make me self-reliant, independent, and fond of struggle—fonder of struggle than of help—not till then have you relieved poverty.—Phillips Brooks.

We see from our exchanges that the faculty of Trinity College have commenced the publication of a new paper, the "Christian Educator." The subscription price is 25 cents a year.

Rev. Baylus Cade, of Franklinton, once editor of the Daily Georgian, has been appointed chaplain of the Federal penitentiary at Leavenworth, Kansas. The salary is \$1,500, and the tenure is for life. He was appointed by Attorney General Hanft on the recommendation of Prof. Farrington, of Kansas—News-Observer.

Less than a year ago a movement was started to erect a building to supply the needs of an abiding place for a large and increasing Young Men's Christian Association. The cost is to be twenty thousand dollars. The students, faculty, townspeople, friends and a few of the Alumni have already pledged over nine thousand dollars. Over one-half of this amount has come from students.

From such a building the University as well as the Christian Association will derive supreme benefit. As such this movement deserves and will receive the support of all alumni who hold alma matre dear.

Scrap. (Picked up by the "Devil.") A man, to meet all his wife's requirements nowadays, has to be worth about a million dollars. Good resolutions are often like drunken men's actions, not remembered next day. Good will is a good thing, but good nature is a better thing.

If some men did not tell us they were self-made men, we would never know it. Some Pop's still persist in preaching the funeral of the Democratic party. When this world comes to an end everybody will know it. God made men to lie when they are asleep and not to lie when they are awake.

You rarely see a self-made man that does not persist in bragging about it. If everybody kept his mouth shut what a silent world this would be. The politics of this country has two eyes, a gold eye and a silver eye. The silver eye is sixteen times larger than the gold eye.

Supreme Court Incident. The News-Observer of last Wednesday says: The lawyers from Louisa are berating their cases in the Supreme court. A smart, jolly, brainy fellow they are, Mr. T. W. Bicket made his first appearance before the Supreme court, and his argument was being much complimented. There was a pleasant and amusing incident which occurred in his argument. He proposed that the plaintiff who was seeking to recover on three notes. The defendant had pleaded the statute of limitation. The plaintiff relied on a payment made by the defendant, which he claimed as the discharge of the notes. Mr. Bicket closed his argument as follows:

"In the eye of the law, the debts are all on the same footing, and the logic of the thing demands, the justice of it requires, that where there is no difference there shall be no distinction, and the only thing that can be done is to divide the payment and distribute it ratably among the several claims, thereby giving judicial sanction to the slogan of the American politician, 'equal and exact justice to all, and special privileges to none.'"

The last sentence came as a climax, and the judges of the Supreme court tried to look solemn, but the force of the classic allusion was stronger than their power of self-restraint, and they manifested, like ordinary mortals, their appreciation of the occasion.

The weather for the past few days has been quite spring like, but we may look out for a change. —What are our citizens going to do about organizing a fire department? Shall we have it or will the property owners, who have to pay such high insurance, continue to see their profits go to the insurance companies. One of our prominent insurance men informs us that with a fire department in town the rates would be at least a third less than at present.

Grace street Baptist Church in Richmond, Va., was destroyed by fire Tuesday evening. It was one of the handsomest and most costly houses of worship in the South. —The attention of our readers is called to the advertisement of E. C. Jones, of Laurel in this country, who is agent for the "Page Women Wire Fence." Mr. Jones has one of those fences around his grove near Laurel, and it is the admiration of every one who passes that way. He has already sold to a number of our citizens in town, and the same can be seen in a few days.

Personal. Miss Mollie Watkins, of Winston, is visiting the family of Mr. R. D. Pinnell. Mrs. R. E. L. Gunter, of Enfield, is visiting relatives in town. Miss Verdie Roberts, who has been visiting relatives here, left for her home in Henderson yesterday. Miss Bease Upperman returned home one day this week from a visit to friends in Greenville. Mrs. J. S. Meadows and Mrs. R. T. Carlyle returned Wednesday from a short visit to Raleigh. His host of friends here are glad to see Col. W. H. Yarborough, who arrived home last Friday to spend a few days. The Colonel is still in the Revenue service, and is located at Lynchburg, Va. Mr. Caleb D. Osborn, the clover proprietor of the Osborn Hotel at Oxford, N. C., was here this week. He represents one of the largest and most reliable furniture manufacturers in the country.

The "Small Boy." "Small boys we all agree, are at times extremely exasperating. But if you have not patience with your own, who is to show it to them? If you have not patience, it means that you have not love; at least when one breaks down the other will. Every failure in patience on your part means a loosening of the bond by which you have to hold that boy back from ruin. You have no right to expect that any one will hold him back if you do not. The temptations of all kinds lying before him are so tremendous that you will need all your love for him, and all your strength, and you must not weaken both at once by giving way to impatience towards your own child.

Centreville Items. Farmers busy at work and preparing for a very diversified crop. Cotton, corn and tobacco being pretty evenly divided. I do not think our farmers are going to run wild on cotton, as some predict. It was the writers privilege to listen to a sermon by Rev. Mr. Daley, at Centreville on Sunday, equal to, if not better than any I ever heard by the most gifted preachers either "North or South." Our people are indeed blessed in having such a splendid preacher and such a good man among them. May he be permitted to remain his full time with us as our wish. Mrs. W. E. Harrison is visiting her parents, as is also Mrs. K. P. Hill. Miss Kate Cheatham returned home Friday after a short visit to her sister, Mrs. A. W. Alston. With best wishes for the TIMES, and may it enter into many more years of usefulness is the wish of MORR ANON.

ANNUAL CONVENTION. Young Men's Christian Associations of North Carolina. The announcement of the Twentieth Annual State Convention of the Young Men's Christian Associations of North Carolina to be held at Charlotte, March 19-22, has been issued. The pastors, the Young Men's Christian Association and citizens of that flourishing city unite in extending a hearty invitation to all Association and other Christian workers in the State to be present. Free entertainment will be provided for all accredited delegates. Every young man, whether an Association member or not, is invited; also business men, professional men, pastors, teachers, college students, railroad men, and all others interested in the welfare of young men. Representation is not limited, and towns having no Association are cordially invited to send delegates. Charlotte will prepare to entertain three hundred delegates.

The programme promises to be especially interesting; among others the following will deliver addresses: Rev. Dr. Felix, of Asheville; Rev. Dr. Walter R. Lambuth, of Nashville, Tenn; Messrs. F. S. Brockman, College Secretary, and H. O. Williams, Railroad Secretary of the International Committee; and Mr. L. A. Coulter, formerly of North Carolina but now State Secretary of Virginia. The music will be conducted by Mr. Walter H. Overton, General Secretary at Raleigh. All young men who wish to attend should write at once to F. P. Turner, State Secretary, at Charlotte for reduced rates, credentials, programs, and further particulars.
