IS IT: HONEST?

Speaking of the dishonest way in which a great many people give in their taxes the Chatham Record

Evasion of taxation is attempted by so many persons as to require more rigorous method of listing taxables. Many men, who are considered good citizens and members of some church, seem to think there is nothing wrong in their trying to escape or evade taxation. Praise to The Face.

I once saw a father walk up to a map his little boy had made and pinned on the wall. He stood before it a long time in silence, and in silence walked away. The little fellow was sitting in the room, and his father knew he was there. He was watching with his eager child's eyes, waiting anxiodsly for aword of approval. As none came his poor little face fell unbappily. Straight into the next room walked the father and said carelessly:

"Robert has drawn a very elever little map in there. Look at it able is one and two years with interest from when you go in."
