Good Sample Room. MEAREST HOTEL TO STORES AND COURT HOUSE WHAT IS A BANK?

—ВУ— WILLIAM C. CORNWELL, AUTHOR OF "GREENBACKS," AND PRESIDENT OF THE CITY BANK OF BUFFALO, NEW YORK.

THE DEPOSITORS. A Bank is a place where money

is left for safe keeping. The people who leave the money

do not want to use it at once, and do not want to take the risk of keeping it in their homes or offices, or of carrying it around with

These people are called the de-

They are not as a rule rich peo-

Laborers, workmen, mechanics, farmers, store-keepers, doctors, lawyers, ministers, brokers, capitalists and clerks.

All these are depositors. They are all the people who have any money-little or muchsafe until they are ready to use it.

There are millions of them. If a bank is hurt all these peo- stays with him all the time. ple are hurt.

man who is called a banker. taking care of the money just as idle. another man is paid wages for

taking care of borses. He is a "hired man,"

THE STOCKHOLDERS.

The Bank itself must have money of its own before depositors will put in their money so that they may feel that their money is safe. Washington, la., Democrat. The Bank's own money is called "Capital."

people—sometimes by a very large number-each of whom puts in a

is stock money, and cannot be drawn out, but must stay in at the risk of the business.

called stockholders.

The number of people in the United States who have put up money in this way to start banks now in operation is estimated at five hundred thousand (500,000).

They are men and women of all classes, many of them holding only small amounts of stock.

They have put in altogether one thousand and fifty millions of dol- form starts out: lars (\$1,050,000,000).

These people are the Banks. The banker is hired by these peo-

When the depositors put their money in they do so with the understanding that they can draw it out at any time.

The banker is expected to keep it safely for them uutil they want

One way to do this would be to lock it up in strong boxes in a vault, and carefully guard it until called for.

If this were done the money would not do anybody any good, while so locked up.

THE BORROWERS.

started there are store-keepers. farmers and manufacturers. All these people have some prop-

erty of their own.

do not need to borrow. But some of the store-keepers at certain seasons of the year have trusted out a large part of their the factories and how prices went peak," or, like my dear friend

The farmars, the workmen and other dealers and all kinds of peo-

The stock of goods needs filling | raiser and factory opener. There are two ways in which

the store-keeper can get money to

buy new goods. HELPING THE STORE-KEEPER.

He can crowd the people who owe him and make them pay up.

buy new goods with. The people who owe him pay The people who owe him pay system to its natural vigor. Try Electric Bitters and be convinced that they gour money away on substitutes. Try oftener, but cannot pay now withoftener, but cannot pay now without pressure and discomfort.

So be goes to them and says, "Give me your notes at three and four months, and pay them when they come due."

The store keeper takes these notes to the Bank and writes his name on them, and asks the banker to leud him the money that he

Now the banker has in his safe keeping the money that depositors have left with him to keep until they want it.

They are liable to want it any

But all of them do not want all of it at one time. Only a few of them want some

of it every day. Many of them want only a little, once in a while.

some of it to use, get it back after a while, and keep bringing it to

So he finds while he must keep and who want their money kept those who may want to use a part of their money, the larger part of the whole of the money

The money is left in charge of a keep in cash one fifth to one That brother went off to sea and their advocacy of silver and the quarter of all the funds, the other never was heard from.
