UNITED STATES GOVERNMENT BUILDING, PAN-AMERICAN EXPOSITION.

Copyright, 1900, by the Pan-American Exposition Co.
So vast is the number of valuable and interesting objects for exhibition in the possession of the government that none but a building of great proportions could possibly contain them. Instead of one building, however, at the Pan-American Exposition, which is to be held in Buffalo from May 1 to Nov. 1, 1901, the Federal group will consist of three massive structures connected by colonnades. The main building will be 320 feet wide and 600 feet long. The others will each be 150 feet square. The government work is under the direction of James Knox Taylor, supervising architect of the treasury department. The group will be treated architecturally in a modified Spanish renaissance, and the color scheme, in marked contrast to that used at Chicago, will be rich and brilliant.

MACHINERY AND TRANSPORTATION BUILDING, PAN-AMERICAN EXPOSITION.

Copyright, 1900, by the Pan-American Exposition Co.
This big structure is 600 by 350 feet, with a central court 100 by 175 feet. Its type of architecture is the Spanish renaissance, modified to suit the conditions of the Exposition. The roofs are laid with red tile and the cemented walls are brilliant with color. The colors are to be reds and yellows in light tints. The facades will present an arched effect, with broad, overhanging eaves, in imitation of the old mission buildings in California and Mexico. The Central Court will be a veritable tropical garden, with a long, narrow pool, containing interesting specimens of aquatic life, and will have seats, where the weary visitor may rest a moment. The Exposition is to be held in Buffalo in 1901 from May 1 to Nov. 1.

THE ELECTRICITY BUILDING AT THE PAN-AMERICAN EXPOSITION.

Copyright, 1900, by the Pan-American Exposition Co.
Elaborate designs have recently been completed for the Electricity building for the Pan-American Exposition, to be held in Buffalo May 1 to Nov. 1, 1901. Displays of all kinds in the practical and artistic uses of electricity, together with complete exhibits of electrical machinery and appliances, are to be conspicuous features of the great Exposition. The designs contemplate a very handsome and commodious building. The structure is to be 500 feet from east to west and 150 feet wide, giving an exhibition space of 75,000 square feet. The South Facade fronts the Mall, and the north fronts the Midway. The east end is toward the massive Electric Tower, while the west faces the Grand Canal. The general ornamentation of the structure is to be frescoes in a mixture of reds, greens and yellows.

HORTICULTURAL, GRAPHIC ARTS, FORESTRY AND MINES BUILDINGS AT BUFFALO.

Copyright, 1900, by the Pan-American Exposition Co.
At the Pan-American Exposition, which is to be held in Buffalo from May 1 to Nov. 1, 1901, the Horticultural building, 220 feet square, is sited on the south by the Forestry and Mines and on the north by the Graphic Arts buildings, each 150 feet square. The whole group is connected by arcades, forming a semicircular court, in which will stand the "Fountain of the Seasons." The Horticultural building will be about 240 feet high. The Graphic Arts and Forestry and Mines buildings are companion structures of the same size and style, having four corner towers. Two colored compositions above the eastern entrance of the Horticultural building will represent Ceres, goddess of the harvest, in a chariot drawn by three lions, led by Flora and Primavera.

NORTH AND WEST SIDES OF PLAZA, PAN-AMERICAN EXPOSITION.

GEN. CARR, THE MACHINE AND BUTLER.

[From the Henderson Evening Herald.]
EDITOR EVENING HERALD:—

Gen. Carr, in his campaign for the Senatorship, says he has no "machine" behind him, and that if he can have a "free ballot and a fair count" he will be elected. The following is the report of his speech in the News-Observer of September 23, 1900: "If my friends will only turn out election day and work and vote, victory is assured, and aside from my personal interest, it is of the utmost importance that there be a free and full ballot, and an honest and fair count."

Butler comments on this in the Caucasian of September 27, 1900, and says: "Gen. Carr, in a recent speech at Mount Holly, declaring himself a candidate for the Senate, said: 'It is of the utmost importance that there be a full and free ballot, and an honest and fair count.' Doubtless Gen. Carr realized that in order to have fair dealing in the Senatorial contest, it is necessary to warn his friends of the proneness of the Simmons ballot-stuffing machine to commit fraud. The fact that he regarded it as 'of utmost importance' that there be an honest election, proves conclusively that there is danger of unfairness, fraud and stealing in the election, and to prevent it, he calls public attention to the great crime."

The utterances of Gen. Carr meet the approval of Butler and are evidently read by him with pleasure. They also endanger the chances of every candidate for Congress, as in the event of a contest after their election, the statement by a candidate for the United States Senate that he fears fraud at the hands of men of his own party, will be a strong argument to be used by the opponents of Democracy against the integrity of those who will hold the elections.

The statement that he has no "machine" and that if he can have a "free ballot and a fair count" he will be elected suggests that he believes that there is a "machine" and that it will defraud him. If so, who constitute the machine against whom this charge is made? It must be the members of the State Executive Committee, the members of the different County Executive Committees, the members of the different precinct Executive Committees in the State, members of the different County Boards of Election, and the registrars and poll-holders and other Democratic workers. These men have served their party and State without reward, and frequently at great personal sacrifice. They do not care for the charges of their political enemies, but they will resent them coming from a Democrat who aspires to leadership in the party.

Hold integrity sacred.

A new remedy for biliousness is now on sale at W. G. Thomas' drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25 cents per box. Samples free.

Lie not for any consideration.

Do not get scared if your heart troubles you. Most likely you suffer indigestion. Kodol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. W. G. Thomas.

Make few special acquaintances.

It is well known that DeWitt's Witch Hazel Salve will heal a burn and stop the pain at once. It will cure eczema and skin diseases and ugly wounds and sores. It is a certain cure for piles. Counterfeits may be offered you. See that you get the original DeWitt's Witch Hazel Salve. W. G. Thomas.

Observe good manners.

Feelings of safety pervade the house hold that use One Minute Cough Cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles. It will prevent consumption. W. G. Thomas.

Watch carefully over your passions.

The best method of cleansing the liver is the use of the famous little pills known as DeWitt's Little Early Biscuits. Easy to take. Nevergripes. W. G. Thomas.

Pay your debts promptly.

Torturing skin eruptions, burns and sores soothed at once and promptly healed by applying DeWitt's Witch Hazel Salve, the best known cure for piles. Beware of worthless counterfeits. W. G. Thomas.

Zealously labor for the right.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to the warmer and more regular climate? Yes, if possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation causes easy expectoration, gives a good night's rest, and cures the patient. Try one case. Recommended many years by all druggists in the world. For sale by W. G. Thomas, druggist.

A Woman Only Knows

what suffering from falling of the uterus, or any disease of the distinctly feminine organs is. A man may sympathize or pity but he can not know the agonies she goes through—the terrible suffering, so patiently borne, which she has of course, large and long experience. Yet this suffering really is needless.

McELREE'S Wine of Cardui

will banish it. This medicine cures all "female diseases" quickly and permanently. It does away with humiliating physical examinations. The treatment may be taken at home. There is not continual expense and trouble. The sufferer is cured and stays cured. Wine of Cardui is becoming the leading remedy for all troubles of this class. It costs but \$1 from any druggist.
