figure ever since. He took an active

part in the German revolution of 1848

and they came to America in the very

flower of his years. Twelve thou-

saud people attended his funeral in the

great city where he died and hundreds

of thousands attended it in spirit. In

a long editorial on General Sigel the

Globe-Democrat mentions as among

the Union leaders in Missouri at the

beginning of the war Francis P. Blair, James O. Broadhead, Samuel T. Glov-

er, Franz Sigel, B. Gratz Brown, Oli-

ver D. Filley, John Howe and Julius

Witzig. All of these men were Repub-

licans or semi-Republicans in 1861. It

is a strange historic fact that Blair,

Broadhead, Sigel and Brown all died

within the Democratic fold. Blair and

Sigel were major generals in the

Union army; Broadhead and Brown

were colonels. Brown served in the.

United States senate as a Republican

and was afterward a Democratic gov-

ernor of Missouri. He was elected as

a Liberal Republican and was nomi-

nated for vice president as such, but

was regarded as a Democrate governor

and died a Democrat. Frank Blair

served in congress as a Republican,

subsequently in the senate as a Demo-

crat and was nominated for vice presi-

dent as a Democrat. Glover became a

chief competitor for the senate when

Vest was first nominated. General Si-

was nominated in 1880 and was ap-

pointed pension agent at New York by

Grover Cleveland. All of these men

except Sigel were driven out of the

Republican party by the outrageous

measures inaugurated by Missouri Re-

publicans at the close of the civil war.

The recollection of Republican pro-

scription in that state will hold her in

the Democratic column for years to

It is also a notable fact that the two

anything to do with Republican poli-

tics in Missouri are now entirely op-

posed to Republican policies if not in

entire accord with the Democratic par-

ty. These two men are General John

B. Henderson, now of Washington, and

Carl Schurz, now of New York. Hen-

derson served eight years in the senate

as a Republican from Missouri and

Schurz six years. They were univer-

sally recognized as great senators.

Henderson was the author of the thir-

teenth amendment, voted for the ac-

quittal of Andrew Johnson and pre-

per's Werkly and is universally re-

garded as one of the first citizens of

the republic. Yet neither of them

can stomach latter day Republicanism.
