decisive.

Essaying the Impossible. Once a man crossing Boston Common unattainable!" answered the urchin. Moro, and advise me of the acknowledg-That is precisely what Representative McDermott of New Jersey is doing in tution of the United States limiting the membership of the house to 200 after March 4, 1911. Brother McDermott is a very able man, an indefatigable worker, a valuable legislator, but to use an expression which I learned down in the hill country of Kentucky in the possum hunting days of my youth, "He is barking up the wrong tree." To begin with, it is almost imamendment was adopted from 1804 until the close of the civil war, when the thirteenth, fourteenth and fifteenth amendments were added. Nobody with any considerable information believes that the last three would ever have each house of congress and of threefourths of the states if a large number of voters had not been disfranchised. Times out of mind other amendments have been proposed only state legislators at all. Nothing except a most extraordinary set of circumstances will cause it to be amended in the future. But that is not all. Only about one-fourth of the members retire every two years on the average, round numbers 100, whereas Mr. Mc gating something that never existed? Dermett's proposition would turn 186 Does any man with two ideas above out to grass at one fell swoop. Does anybody believe that he can force it
