is difficult because every northern

of the tariff means the people know too well. The Democratic platform rings true on this point: "We favor the gradual reduc-tion of the tariff by the friends of the masses and for the common weal, and not by the friends of its abuses, its extortions and its discriminations, Reeping in view the ultimate ends of 'equality of ourdens and equality of opportunities," hat declaration. (From a letter to William H. Hernd As to young men. You must not walt to be brought forward by the older men. For instance, do you suppose that I should ever have got into notice if I had waited to be hunted up and pushed forword by older men? You young men get together and form a "Rough and Ready club" and have regular meetings and speeches. Take in everybody you can get. Harrison Grimsley, L. A. Enos, Lee Kimball and C. W. Matheny will do to begin the thing, but as you go along gather up all the shrewd, wild boys about town, whether just of age or a little un-der age-Chris Logan, Reddick Ridgely, Lewis Zwigler and hundreds such. Let every one play the part he can play best, some speak, some sing and all "holler." Your meetings will be of evenings; the older men and the women will go to hear you; so that it will not only contribute to the election of "Old Zach," but will be an interesting pastime and improving to the

Don't fall to do this. ABRAHAM LINCOLN. That is good advice to young Democrats. The only changes necessary are to substitute the name of Judge Parker for the name of "Old Zach," by whom Mr. Lincoln meant General Zachary Taylor, the hero of Buenn Vista, and substitute the names of the young Democrats in lieu of the names of the young Whigs whom he mentions. There is no better way for young men to improve themselves intellectually than by trying their powers of speechmaking, and every man, old and young, ought to take an interest in politics, which is business of the most serious import.

Those who read the three line correction will be delighted to know that he is in good health, both mental and physical. But multitudes who read the sensational lie will never see the correction. It is one of the most

unpleasant features of our pelitics that every evil mluded person in the cour try appears to have carte blanche disrepresent and slander public me Why this should be so is an unfathe able mystery, but it is so. This ma contradiction berseif. What mall has not been divulged. It may never

The savants in the weather bureau at Chicago are pestering their bends to discover the cause of the unprec-edentedly low temperature in the United States during this summer and fail. Failing of any explanation that ordinary mortals can understand, they have finally given out the somewhat puzzling statement that it is due to some unknown and weird form of energy." What is the use of that sort of mystification when a ready explanation is at hand? The cold weather is undoubtedly caused by the campaign which consumers of the necessaries of of Vice Presidential Candidate Pair tried it, and died broken hearted and I regret what I said to you when

The Missouri Republican leaders, who have been trying to seduce the national Republican compaign committee into furnishing them with a bountiful supply of the sinews of war with ry the state this year, are in the dumps because neither Senator Charles War. Shaw, President Roosevelt's secretary of the trensury, exploited the Hon. Cr. rus P. Walbridge's gubernatorial can didacy while making speeches in Missouri. It is claimed that neither of them mentioned him in their addresses. Consequently the state leaders aforesaid are in terror lest their siren soug abould fall to secure the sinews aforementioned.

The words of West Virginia Republicans do not correspond with their actions. They go about vociferating that they will carry the state by \$5,000 ma-jority, but they are rushing all the Rebanks, Shaw, Cannon, et al. Query If they are certain that they will carry the state, why are they cutting such copers as that? The plain, unvaruished truth is that they are scared within an lach of their lives.

Hon. Thomas Watson of Georgia, lawyer, author and Populist candidate for the presidency, knocked out a colored man and brother recently at Houston, Tex. It is not so long since he gave the Democrats a tongue lashing for lugging the negro into politics and asserted that the fear of pegro domination in the south is a sham, but It appears that he does not propose to be dominated by the negro himself. Much depends in whose or is gored, so it is authoritatively stated in Webster's old blue backed speller.

Washington dispatches inform that Hon. William H. Tuft, ex-governor general of the Philippines, now secretary of war, has returned to his deak Good news, truly. But Governor Les lie M. Shaw and Mr. Secretary of Agriculture James Wilson are still "ou their travels," as Charles II. described his wanderings. Mr. Secretary Shaw ought to be at his desk, endeavoring to stop the deficit in the treasury.

The way in which New York Democrats are going to the beach of the supreme court for their candidates for high political positions demonstrates that they are determined to put the best foot foremost, and it is rather surprising, in view of the fact that frequently the New York Democrats and Republicans agree on the same men for high judicial positions. With Judge Parker nominated for president and Judge Herrick for governor the woolsack seems to be in it this year.

Some time ago, when Hon J. W. Babcock, chairman of the Republican stated in an interview that while, in his judgment. Roosevelt is certain to be elected the Democrats might carry the house, I suggested to my readers that Brother Babcock was simply try ing to fry the fat out of the trust mag telyou to divide the sinews of war with bim.
