

A \$15,000 MONUMENT.

MEMORIAL TO McIVER TO BE ERECTED IN GREENSBORO.

Six Committees Representing the Varied Interests Promoted by His Life Appointed to Solicit Subscriptions.

At the request of hundreds of prominent citizens of North Carolina, Governor Glenn has issued a proclamation to the people of the State and appointed committees in regard to the memorial to be erected to the memory of the late Dr. Charles Duncan McIver, the beloved president of the State Normal and Industrial College.

The proclamation is as follows: To the People of North Carolina: The life work of Charles D. McIver is ended. For twenty-five years he served his State with fidelity, zeal and efficiency not surpassed in her animals. No one has rendered the State a greater service.

It is now the high duty and privilege of the people, whom he served with unselfish devotion, to manifest their grateful appreciation of his life and character by a memorial that will transmit his memory to posterity and be a perpetual incentive to the youth of the State to emulate his example.

An heroic statue in bronze, designed and cast by the great artists of the world, costing not less than fifteen thousand dollars, to stand on the grounds of the great institution that he created, has been selected by general consent as a most fitting memorial. For this purpose, immediately after his death, a plaster cast of his head and features was made and measurements taken of his body.

In order to raise the necessary funds and take other steps for securing the statue, there should be at least six committees, representing the varied interests promoted by his life, to solicit subscriptions from the people. I hereby appoint the following chairmen of these committees:

1. For the teachers and children of the Public Schools: Hon. J. Y. Joyner, Raleigh N. C.
2. For the State Normal and Industrial College and its Alumnae: Miss Gertrude Mendenhall, Greensboro N. C.
3. For the Women of North Carolina: Mrs. Lindsay Patterson, Winston-Salem, N. C.
4. For the University, Colleges and Academies: Dr. F. P. Venable, Chapel Hill, N. C.
5. For the Men of North Carolina: Col. W. H. Osborne, Greensboro, N. C.
6. For the Press of North Carolina: Hon. Josephus Daniels, Raleigh, N. C.

I request each chairman to select a full committee, of not less than five, and to organize the same immediately for active work. The chairman of these committees shall constitute a general executive committee.

Charles D. McIver's entire life was given for the better education of all our women, the improvement of the educational opportunities of all our children, the uplifting of our citizenship, and the elevation of all our ideals of civic service. His work touched helpfully all classes of our people. Surely, now we will all vie with each other in establishing this memorial.

R. B. GLENN,
Governor of North Carolina.

They Pay in Every Way.

Charlotte and Mecklenburg have been getting a big advertisement about those good roads. They have paid as an advertisement, as a means of transporting the products of the country to the city, and as a factor in building up a city of which any State would be proud. The fact that Mecklenburg wants to go deeper in debt to build good roads is evidence that

they pay and is a healthy example for other countries to follow.—Wilmington Star.

Card vs. Fineh, from Franklin, affirmed. This case was decided in favor of plaintiff.

State vs. Burnett, from Vance, no error. This case was tried in Vance and Will Burnett, formerly of this county, was convicted of the abduction of a child. He was sentenced to a term in jail, and took an appeal.

Arrington vs. Arrington, from Vance, affirmed. This was in favor of W. H. Arrington.

The Recital a Success.

The Organ Recital at the Methodist church on Wednesday night was quite a success in every way. It was under the direction of Mr. Wade R. Brown, director of music of the Baptist University at Raleigh, and he was assisted by Mrs. Henri Appy, Soprano, and Mr. E. H. Baker, a former Louisburg boy, as Tenor. The playing of Mr. Brown and the singing of Mrs. Appy and Mr. Baker was pronounced by judges as being music of a very high order. There was a large audience present and seemed to be greatly pleased and highly entertained. We understand the receipts amounted to over fifty dollars.

JACK THOMAS KILLED.

HE WAS MURDERED IN HIS OWN PORCH AT NIGHT.

Special Coroner J. R. Collie Summoned a Jury and Viewed Body Yesterday—Wiley Williams Held on Suspicion.

News reached town early yesterday morning that Jack Thomas, a colored man, had been killed during Wednesday night at his home on J. C. Tharrington's plantation in Sandy Creek township. Immediately J. R. Collie was sworn in as special Coroner, and in company with Deputy Sheriff H. A. Kearney, went to the scene. Upon arriving at the home of the murdered man he found Jack lying on his own porch dead, having been shot with a pistol, the ball going in his head just above and a little back of his left ear. The brains were oozing out and from indications death must have been instant.

The Coroner summoned the following jury: E. N. Williams, E. T. Cooke, J. C. Tharrington, I. J. Jackson, J. T. Ham and Joel Branch. After viewing the body it was turned over to the family for burial, and the jury proceeded to make an investigation. Suspicion rested upon a negro by the name of Wesley Gay Williams, with whom the murdered man had a difficulty last Sunday. The Coroner ordered him held for further investigation, and adjourned until Saturday in order to secure more witnesses. Williams was brought to town and placed in jail.

A Judge's Decision on Tobacco.

A Judge of the Carolina Courts, who is evidently a good judge of tobacco as well as law, wrote recently that he had been using sun cured tobacco for forty years, but in all his experience had found none so good as Reynolds', which was first offered to the trade four years ago. Previous to that time chewer after chewer of tobaccos made too sweet, took too Schnapps and other brands of flue-cured (which require and had less sweetening than any other class of tobacco produced), until there were ten times more pounds chewed of Schnapps and other brands of flue-cured tobaccos than the entire production of sun cured. Soon after its introduction, Reynolds' Sun Cured grew so big in sales on quality that R. J. Reynolds Tobacco Company for the last two or three years has purchased not less than one-half of the entire amount of the farmers' production of sun cured tobacco and their purchases in the sections or territory where the best sun cured tobacco grows have stimulated the farmers to increase the production of sun cured tobacco.

Reynolds' Sun Cured is not only pure sun cured tobacco, but it is choice selections made from sun cured tobacco grown where the best sun cured tobacco grows.

Union Meeting Postponed.

Owing to the fact that the Tar River Association will meet in about ten days from the time for the meeting of the Franklin County Union and the Pastors in the Union and the Churches too are trying to close up the years work in time for the Association, it has been deemed wise by the Programme Committee not to try to have a meeting of the Union at this time. It is therefore postponed until the next fifth Sunday which is the last Sunday in Dec., unless, after consultation with the Pastors they think it best not to hold a meeting of this kind during the holidays, in which case it will be further postponed till the fifth Sunday in March, 1907.

Republicans Still Appeal to the Negro.

"Our Colored Citizens" is the title of one of the prominent chapters of the national Republican campaign text book, which boast of the fact that no Republican Legislature has ever enacted laws which "make it impossible for a colored person of refinement to travel in decency or comfort from one part of a State to another." This remarkable chapter beginning with a reference to the civil war and the abolition of slavery, is an appeal to every negro in the land to stand by the Republican party. It points with pride to the fact that there are 4610 negroes holding office in the government service, and they draw in salaries during the course of a year the sum of \$2,853,534. In this connection the text book says:

"The fact that nearly 5,000 colored citizens are in the public service and receiving salaries aggregating about three million dollars furnished further evidence of the broad and liberal policy of the Republican party, while the further fact that the colored employes are proverbially faithful, courteous and efficient is ample justification of the attitude of the party toward the freedom of the nation."

The table of negroes employed in the government service shows there are thirteen in the diplomatic service, 1,991 on the pay roll of the district government in Washington, where the people have no opportunity to vote, 750 in the postoffice at large, 500 in the Treasury, 220 in the government printing office, 258 in the customs and revenue service, 119 in the Interior, and 10 army officers. Out of the 2,011 negroes in the government service 3,063 are in Washington.

And yet in the face of all this Republican newspapers are obiding the Democrats for even mentioning "nigger." These Republicans are a "sweet lot" any way you take them. In one breath they complain because the Democrats call theirs the "nigger party" and in the next breath they whisper into the niggers ears that the Republican party is the only party that legislates to allow "colored people of refinement" to ride with white folks. Away with such hypocrisy.

TO COTTON GROWERS.

THE ASSOCIATION PLACES THE PRICE AT TEN CENTS.

C. C. Moore, President North Carolina Division Southern Cotton Association, Writes the County Organizations.

The Southern Cotton Association has fixed 10 cents as the lowest at which any one should sell cotton this fall and winter.

Can any one doubt our getting this price or better if we try? All we need to make cotton bring 10 cents or more is the help of the people who have cotton.

No one should sell one bale of cotton for less than ten cents and every one should use their influence to prevent them from selling for less than 10 cents.

Every bale that is sold for less than 10 cents is a stab to beat the price lower down.

No farmer can now grow cotton and have a profit for his labor if the price is under 10 cents, even this will give but a scant profit.

Do not listen to reports of farmers being willing to sell at 8 1/2 or 9 cents.

Thousands of farmers will hold their cotton from market until the price is above 10 cents, every farmer will get more than 10 cents if they will be patient.

Franklin county division at the next monthly meeting should select ten delegates to attend the State convention of Cotton Growers at Raleigh Oct. 11th. Pres. Jordan and Hon. E. D. Smith will address the convention on the two important questions.

Warehouse building and the plan for getting charter and organize to buy the distress cotton.

Executive committee of the county association are requested to call all township collectors attention to importance of collecting the 10 cent bale levy, we need funds for current expenses.

AN ANSWER.

EDITOR TIMES: A few weeks ago I saw in your paper that Moses Neal, Tom McGhee, Henry Clifton and James Abbott, Sr., wanted to know "what would make old folks young and ugly ones pretty?" Here is the remedy: Going to preaching will make them young, and if they will get the flesh-fat out of a broad axe and the marrow out of a grubbing hoe and stew it down to lather and shave, it will make them pretty. Just look at Dink Johnson and Walter Bredelore don't they look charming? I can give an account for Mr. McGhee's ugliness. He lives in Mr. A. S. Sherrod's hog pasture. All pine rosters are ugly. The reason I haven't answered this before, I wanted to see if Joe Strickland didn't want to know what would make him pretty, but I don't know, for I think his ugliness is to the bone. There is no chance for ugly to fade away and let beauty come again.
