

FRANKLINTON DEPARTMENT.

WEDNESDAY, SEPT. 4, 1907.

LOCALS.

—Mr. A. W. Holmes has accepted position with Mr. H. K. Pearce.

—G. C. Carl, of Alabama, has taken the position of night operator with the S. A. L., here in the place of H. L. Cooke resigned.

—Only one case before Mayor Conway the past week of any importance. That of Malcolm Foster for disorderly conduct, \$5.00 and costs.

—The Franklinton white ball team went to Winton and played a game of ball with that team on Friday and the score resulted eleven and four in favor of Winton.

Mr. and Mrs. W. H. Weaver sold their stock of general merchandise to I. H. Kearney on Monday and they will leave soon for Littleton where they will open a boarding house.

—The Saw Mill belonging to Robt. Brooks and John Canady, both colored, located on the Montgomery estate on Tar river, was burned on Monday night. The loss was total.

—Quite a heavy wind and rain storm visited this section Tuesday afternoon. It lasted for only a few minutes and the rain greatly improved the comfort of the atmosphere.

—A few of our young ladies took a day off and had quite a fine time paddling in the water at Brinkley's Branch. They report a fine outing and brought back company—red bugs.

—Mr. L. C. Mitchiner is adding much to the convenience and appearance of his pretty home about four miles from here. He is adding several rooms and will give it a fresh coat of paint.

—The colored boys had two games of ball here the past week, one with Kittrell and one with Red Oak, on Thursday and Saturday respectively. In both games Franklinton was victorious, first 8 and 5 and the second 15 and 3.

—On yesterday afternoon lightning struck the house of A. M. Mitchell on South Main Street and destroyed one chimney and the kitchen, and broke a bed post in a bed room. No one was hurt we are glad to say.

—The Sterling Coker Mills store is being greatly improved by the petition being removed and making both rooms into one. This work is under the supervision of Mr. A. H. Vann who will have it completed in a most up-to-date and pleasing style.

—Fenner Layton narrowly escaped an accident Tuesday afternoon here while shifting on the Louisville train. It seems as if he was swinging on the car and struck a telephone pole which knocked him off and in falling came near rolling under the moving car.

—A spark from the saw mill of I. H. Kearney caught in a pile of shavings near his gin and came near setting fire to the ginning plant. Luckily, through the swift actions of those present, the flames were extinguished before any damage was done.

—Not next month, next week nor to-morrow is the time to advertise, but to-day. Reminds the example of the world's foremost business men, those who have fought for their experience, and profit, while you would only be existing otherwise. "A hint to the wise should be sufficient."

—Franklinton Lodge, No. 123, A. F. & A. M., was delightfully entertained last Saturday afternoon by an eloquent address from District Deputy Grand Master Andrew J. Harris, of Henderson. It is to be regretted that every Mason in North Carolina could not hear this beautiful address. His address was interspersed with humor and yet, not a word fell from his lips that did not bear testimony that his heart was thoroughly in the work of true Masonry.
