TAR DROPS.

—Any one wishing to rent the Carlyle store on Main street will see J. A. Thomas, agent.

—A number of new subscribers have been added to our list the past week, but still there is room.

—A lot of people who haven't a thing in the house worth stealing live in constant dread of burglars.

—Sometimes a woman belongs to a woman's club, and sometimes a woman's club belongs to a woman.

—Don't kick. Get some one else to do it. It will conserve your own reputation and be just as effective.

—Probably there are people who respect the law, but there appears to be a large and growing class who suspect it.

—John B. Parrish, son of our friend W. T. Parrish, of Gold Mine, passed through this week to attend school at Buie's Creek.

—Don't speak harshly of your enemies. They expect you to "knock" them, and if you have them guessing they will cease activities for a time.

—A certain dancing master advertises to teach the barn dance, and claims especial talent in this direction because he was once a "chambermaid" in a livery stable.

—Tobacco having sold at a reasonably fair price this season, and the prospect for as good, if not better the coming season, our farmers will no doubt prepare for a good crop this year.

—We were promised an account of the beautiful Beasley-Macon marriage, which took place at Trinity church on Wednesday evening of last week, but from some cause it has not reached us.

—Mrs. Julian Duke, a highly respected woman, died at the ripe old age of 80 years at her home near Henderson, last Sunday morning. She was the mother of our former townsman, J. A. Duke, Esq.

—The Board of Education met last Monday and apportioned the money for the various public schools, which will be found in another column. Nothing further than regular routine business was attended to.

—The Jones Mill property at Laurel was sold last Saturday, and brought in the neighborhood of \$8,500. We understand that the bid will be raised. It is considered very cheap property at that price.

—Dr. Joel D. Whitaker, will be in Louisburg on next Monday, at the office of Dr. Arthur Hynes Fleming, and on the first Monday in each month thereafter, instead of the first Monday in each week as heretofore stated.

—All those who wish to get great bargains in general merchandise, which will be closed out at auction, should attend the big sale at Centreville, by Wood & Upchurch, on January 21, 22 and 23. See their advertisement.

—Our good friend, M. E. Joyner, more familiarly known by his friends as "Pap," is erecting a new house on the lot bought by him at the recent "Big sale of Baker Lots" and will move to town as soon as it is ready for occupancy.

—The "city fathers" held a called meeting on Monday to look after some financial matters concerning the town. No other business was transacted except the acceptance of the resignation of A. W. Alston, as town commissioner.

—We are requested to announce that on account of inclement weather the Mid-winter concert at the College was postponed, and will be held on Friday evening, January 8th at eight o'clock. The public is cordially invited to attend.

—Lady—My husband won't wear those shirts I bought him for Christmas. I didn't think he would. And now I'd like to exchange them.
 Clerk—For what, madam? Lady—Well, you might let me look at some lace handkerchiefs and some silver hatpins.

—As a general thing Franklin county has an accommodating and as clever a corps of R. F. D. carriers as any other section of the State, but they would do well not to forget that these routes were established for the benefit of the patrons of the routes, as well as for the carriers.

—The card of Dr. D. T. Smithwick, who has opened an office over the First National Bank appears in this issue. He will deal in stocks, bonds, real estate, negotiate loans, etc. The Doctor has been dealing in timber lands for some time, and we learn has made some good sales for his patrons.

—If you wish to do something to aid in building up your community put your shoulder to the wheel and help push every good enterprise that is projected. Don't stand off and throw "cold water" because some one else suggested the enterprise, but take hold, and let's all help the old town to grow.

—The dictionary is never allowed a long rest. The new world is "dactyloscopy," and means the method employed at police headquarters of identifying criminals by their fingers print. No doubt some poor fellow hearing this strange sound for the first time, will think it is the offense he is charged with.

—Among the new residences recently erected in Louisburg is the nice six-room house just completed by Mrs. Battle, on Noble street, on one of the lots she purchased at the "Big sale of Baker Lots." It is a very great addition to that part of town, and will be occupied by Mr. Sign engineer on the Louisburg Railroad.

—In reply to complaints from subscribers from R. F. D. No. 1, from Louisburg that they did not get their Times until Monday morning we will say that the paper was put in the post office on Thursday night, but Friday being a National holiday, the carrier did not go out on that day, and therefore did not leave the office with the papers until Saturday evening. As the carrier only delivers a part of the mail on this route the same day, our patrons on a part of the route will understand why they failed to get their papers until Monday morning. On account of the many complaints that have come to us we deem it proper to make this explanation.
