

Cough Caution

Never, positively never poison your lungs. If you cough—cough from a simple cold only—you should never let it settle, and ease the irritated bronchial tubes. Don't blindly suppress it with a sedative. It's strange how some things really come about. For twenty years Dr. Shoop's Cough Cure has been a constant reminder to take cough medicine or prescriptions containing Opium, Morphine, or similar poisons. And now—a little though—Congress says "Put it on the label, you good!" Hereafter for this very reason, others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's Cough Cure. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, especially with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the differences. No poison marks there! You can always be on the safe side by demanding

Car Load Clothing

JUST

Come in at J. P. WINSTON'S

180 nice cloaks for ladies at about your own price, and don't forget that I have a nice line of ladies shoes at cost. And, by-the-way, there are several who took out the following named articles to see if they would fit, and if they did they were to come around and pay for same, namely: shoes, clothing, coats suits, pants. Bad plan to take things out to try.

Yours truly

J. P. WINSTON

TO MY CUSTOMERS.
I wish to announce to my customers that I have moved to the store house on South side of Nash street, two doors below the building recently occupied by the Dispensary, where I will be glad to serve all of my old customers, and as many new ones as will give me their patronage.

Very truly,
E. ODOM.

Sales Stables Only.

Having sold out my Livery Department I desire to announce to the public that I will continue my Sales Stables at the same stand. I wish to have a settlement with all those owing me for livery at once.
I shall endeavor to keep a stock of good horses and mules, and will be glad to sell all who wish to buy good and warranted animals.

Manzan Pile Remedy

RELIEVES WHEN OTHERS FAIL

WHAT IS THE ANSWER?

"I am tired almost to death" is not an uncommon remark for a man who returns home in the late of the evening after a hard day's work and worry with business. An exchange truly says that, being in this frame of mind such a man naturally finds himself asking is it worth while? What do I get out of life? And groping about for light he seizes on many secret inquiries as to the purposes and outcome of life. To most men life is a ceaseless grind, a constant effort to make ends to meet, to keep food and shelter provided for those dependent on him, and he reflects and reasons only to give it up as beyond him. And the next day he goes back to grind, not with any relief but with a firmer conviction that such efforts are necessary if he is to keep his head above water. What is the answer? It has been remarked that the Indian is not the only thing exterminated by civilization in its march of progress. And this offers a hint to the answer. It suggests that our whole code of social life, the very purpose of life, has been misused, misapplied and misappropriated.

The demands of modern life, if a man is to follow after them, have perverted the rule of living, until today the average man is hard put to make the means of living. Work is now the end of life—the necessity to life and not the means. We have no theories here. Many men, reformers if you please, have tried to find the answer to this complex condition, and we have seen the new cults and colonies for the simple life, where the whole social fabric has been ignored, but we have not yet seen the great problem of humanity answered. This is not the answer but the reason for our work-to-live system is due to the fact that we live too fast; we undertake too much, too much that is not essential to life, but that is imposed by social custom. The answer may be that in the days to come—it may be after years of toil and suffering—humanity will wake up to the greater purpose of life and come into its own; when men will realize that there is something else in life besides money, and that after all it does not matter so much as to the material things, and men will turn aside to grasp and entertain some of the higher purposes. What is your answer?

The Boy's Sacrifice.

He was a good little boy and very thoughtful, says an exchange. He had heard about the great scarcity of water throughout the country. He came to his mother and slipped his hand into hers, "Mamma," he said, "is it true that in some places the little boys and girls have scarcely enough water to drink?"

"That is what the papers say, my dear."

"Mamma," he presently said, "I'd like to give up somethin' for those poor little boys and girls."
His mother gave him a fond look.

"Yes, dear. And what would you like to give up?"

"Mamma," he said in his earnest way, "as long as the water is so very scarce, I think I ought to give up bein' washed."

There is no Quinine, nothing whatever harsh or sickening in Preventics. These little Candy Cold Cure Tablets act as by magic. A few hours—and your threatening cold is broken. Candy-like in taste. No Land So Rich That Fertilizer Cannot Make It Better

You use fertilizers for the profit you get out of them—and the better the land the more profitably a good fertilizer can be used on it. Do not imagine because land will produce a fair crop without

Virginia-Carolina Fertilizers

that these fertilizers cannot be profitably used on it, or that they were made only for land too poor to produce without them. If poor land will show a normal increase when fertilizer is used, good land will show at least double the increase. Use Virginia-Carolina Fertilizers to increase the quality, as well as the quantity of the crop—and you will increase the profits from your land.

"I have been using your fertilizers for a number of years" says Mr. William Fraiser, of Glasburg, La., "and find that it not only pays to fertilize, but to do plenty of it, and use the best fertilizers to be had, such as your brands. I have used a number of them and found them to be as recommended and to give better results than any other fertilizers that I have ever used."

Every planter and farmer should have a copy of the new 1909 Virginia-Carolina Farmers' Year-Book. Get a free copy from your fertilizer dealer, or write our nearest sales office.
