The Day Entertainment

Friday evening April 16 brought to Franklinton a rare opportunity for enjoyment. Through the Ladies Aid Society of the Baptist Church Messrs. Helen and Harriet Day, teachers

of Vocal, Music and Voice in the Baptist University for Women and Miss Phyllis Woodall who is doing post graduate work at that institution, were induced to give a musical recital, instrumental and vocal at the Graded School Auditorium. The songs were of a high order of musical art and rendered with great ability. The Misses Day who did the singing, are without doubt the best qualified in their line of work of any trainers located in the State. The scope of voice, accuracy of tone and melody made that feature a very satisfactory one, the violinist was an expert and, whether she played difficult pieces regaining mastery of bow and string or touched softly the plaintiff strains of some familiar air, nobody wanted her to stop and it was with regret that the audience realized that the program was finished. We hope ere long to have an opportunity to hear a similar program rendered.

Good Road Supervisors Meet.

On last Friday morning the Supervisors of Good roads, elected on April 6th, held a preliminary meeting for the purpose of organizing and to appoint committees to investigate the places of building roads and the proper kind of machinery to be used. The following officers were elected.

Chairman—S. C. Vann.
Secretary—B. T. Green.
Treasurer—Citizens Bank.

A committee of four composed of B. W. Ballard, S. C. Vann, C. S. Williams, J. W. Sandling were appointed to investigate plans and machinery for working the roads. This committee accepted an invitation from Mr. A. H. Vann to take a through-the-country trip on the Automobile to Wake Forest where they had an engagement with Mr. W. G. Allen, Supervisor of Roads for Wake county on Tuesday. On this trip Mr. I. H. Kearney acted as substitute for Mr. J. W. Sandling who could not go. The committee will likewise visit Warren county and Louisburg, and possibly other places where experience in road building has been had, before purchasing any machinery or anything else.

We learn that it is the purpose of the committee to make every dollar spent on the roads count one hundred cents, and that work will be begun as soon as they can possibly get everything in readiness, after the vote has been canvassed by the County Commissioners in May.

Youngsville News.

A representative of the TIMES made a short visit to our neighboring town of Youngsville one day this week, and gathered the following items in that pleasant and "hustling" town:

The Bank of Youngsville building is being treated to a fresh coat of paint which will greatly improve the appearance of same.

Mr. J. H. Timberlake is erecting a new residence on the lot adjoining that of Mr. J. S. Timberlake.

Mr. C. G. Cheatham has about completed his new residence on Franklinton street and has moved his family in.

Mr. J. B. Perry made a large shipment of cotton Tuesday.

Our little town is on right much of a boom this year and it is up to our citizens to keep it going.

Youngsville ball team under the management of Messrs. R. C. Underwood and J. T. Wilson went to Henderson and played a pretty game of ball last Friday, resulting in a score of 11 to 3 in favor of Youngsville. The features of the game were—the pitching of Baker for Henderson and the playing of Winston, H., at short-stop and the home-run of Whitaker, C., in the 9th inning, with bases full for Youngsville. Our team played a very fine game. Perkinson is back in the game this season—much to the delight of everybody and we expect the best team we ever had. Anyone wishing a game can write him and he will gladly give them a game.

While we regret very much to

lose Dr. I. G. Riddick and his excellent wife, we are glad Gov. Kitchen favored our town with one of his appointments and we are sure the selection of Dr. Riddick as Prison Physician will be appreciated by his many friends throughout the State.

The Youngsville Graded School commencement exercises will be held Wednesday, April 28th, in the Graded School Auditorium. Prof. R. H. Ferrell and his able corps of teachers deserve much credit for this another successful term of the school and our citizens feel proud of their school and well they may, for it is one of the best schools in the State.

The town primary last Monday night ended a very warm campaign for some of the town offices and the boys are once more (the Chief especially) enjoying a breathing spell and are relieved of suspense. The result was Mr. Clem C. Winston unanimously nominated for Mayor for the next two years. The vote for Commissioners was as follows: J. B. Perry 59, C. C. Cheatham 56, J. W. Winston 54, J. W. Woodlief 46, D. W. Spivey 58. The best speech made in the primary was that of Mr. H. B. Winston in nominating S. E. Winston for Treasurer. It was a gem of thought and portrayed the progress of the town down to the present and his effort won much applause and congratulation from those present. Now the primary is over lets all pull together for the upbuilding of the town and for unity.

Mr. John A. Williams, of Rolesville, has moved his family here and has accepted a position with Spivey & Timberlake.

Quite a crowd of our people went down to Moore's pond where they enjoyed a picnic Easter.

Our two planing mills are now running on full time and ship about 8 or 10 cars of timber each week. Why can't our business men get together and start some other enterprise. Now is a good time.

Red Road Items.

Our farmers are all very busy planting their corn crops, and also getting ready for the tobacco and cotton crop.

The Sunday School children gave a concert at Mountain Grove academy Monday night of last week. It was greatly enjoyed by all who attended.

A large number of our neighboring boys and girls attended the picnic at Gupton's Mill Easter. They reported a nice time.

Miss Carrie Ball, from Franklinton, accompanied by her cousin, Miss Martha Morton, spent Easter with her parents near Alert.

Beauty of Body.

A healthy body is a beautiful body, and beauty of body is to be preferred to beauty of face. It is easy enough for a woman to have a good complexion if her body is in good health. To insure good health it is necessary to keep the stomach active and the bowels open. This can best be done by the use of Dr. Caldwell's Syrup Pepsin, the great stomach, liver and bowel regulator. It is absolutely guaranteed to do what we claim, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 149 Caldwell Bldg., Monticello, Ill. It is sold by The Boddie-Perry Drug Co., at 50c and \$1 a bottle.

Read the pain formula on the box of Pink Pain Tablets. Then ask your Doctor if there is a better one. Pain means congestion, blood-pressure somewhere. Dr. Shoop's Pink Pain Tablets cheer head pains, womanly pains, pains anywhere. Try one, and see 25 for 25c. Sold by The Boddie-Perry Drug Co.
