Closing of Katesville School.

The closing of the Katesville school on last Friday was enjoyed by quite a nice crowd notwithstanding the down pour of rain.

The American flag was the subject of the occasion, consisting of recitations on the flag such as flag history, when first began to be used, how made to-day, the kinds of flags, etc., interspersed with songs and marches all of which related to the flags of our country, after the exercises the pupils enjoyed an egg hunt between the showers. Then came a sumptuous dinner, and the rain again, which sent the crowd into the house, where games and conversation were enjoyed. Every pupil did their part well, and the attendance has been good all the term. While all deserve credit special mention is due Oscar Bunn who was not tardy or absent a single time during the whole term.

Miss Kate Whitfield, who was the teacher in charge, has received many pressing invitations to accept the school again next year.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak stomach, heart, or kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by The Boddie-Perry Drug Co.

The Postponed Baptizing.

The old colored brother prefaced his sermon with the following remarks: "I well knows dat some er you has traveled fer ter see de baptizin' today, but I has ter announce dat dar won't be no baptizin'. Five big alligators has been seen sunnin' derself on five logs in de millpond; havin' des crawled out funder long winter sleep; an' hit stan's ter reason dat when a alligator sleeps all winter he's hungry when he wakes up. Hit may be dat Providence will protect de candidates fer de baptizin', but hit's my opinion dat ter wade into a millpond wid five hungry alligators payin' possum on a log, would be flyin' in de face er Providence."—Ex.
