

**Youngsville Items.**

Mrs. Nannie Clarke, of Chester, is visiting her brother, Mr. D. Spivey.

Miss Florence Purgerson is visiting people near Granville county.

Chief Winston and J. W. Winston went to Raleigh Tuesday.

The painting in the bank of Youngsville building has been completed and presents quite a pleasing appearance.

A new Methodist parsonage is being erected on a lot near the church. It promises to be a very pretty structure and is expected to be ready for occupancy soon.

We learn that the tobacco interest being aroused, and it is expected that a pretty strong market will exist here this fall.

C. C. Cheatham has moved into his new dwelling.

Dr. S. C. Ford has arranged whereby he gives one day in each week to Youngsville in the practice of dentistry.

G. N. Stell went to Raleigh Monday.

Miss Beulah Moore went to Franklinton Tuesday evening.

The old board of Town Commissioners met last Wednesday and turned over the Town Government to Mayor Clem C. Winston, and the following commissioners: J. B. Perry, C. C. Cheatham, J. W. Winston, W. Woodlief, D. W. Spivey. The new board then organized and elected the following: Mayor Protem—J. W. Winston, Clerk—J. W. Woodlief, Treasurer—S. E. Winston, Chief of Police—J. E. Winston.

A large crowd of friends and patrons of the Youngsville Graded School assembled on April 28th in the school auditorium to witness the commencement exercises of the school which was opened with prayer by Rev. T. B. Justice. Prof. Ferrell in a nice speech introduced Dr. Sikes, of Wake Forest, who delivered the literary address which was highly appreciated. At the close Prof. Ferrell announced that the scholarship to Rome, Ga., which had been promised in the beginning of the school to the scholar making the best progress during the year had been won by Miss Mary D. Winston. At night the large auditorium was not sufficient to hold the crowd that came and some left without getting in the house. Each one of the scholars did their part well and much credit is due the teachers for their patience in getting up the entertainment.

Messrs. I. W. Mitchell, Jones Cooke, H. B. Winston, W. R. Winston, Mrs. W. R. Winston and Miss Lillie Winston went up to Tar River near Lyons one day last week fishing. They report a good time and fish aplenty.

**The Study of Right Living and the Home.**

American School of Home Economics. We believe that right living could be the fourth "R" in education.

That home making should be regarded as a profession.

That health is the duty and bus-

ness of the individual; illness of the physician.

That most illness results from carelessness, ignorance, or intemperance of some kind.

That as many lives are cut short by unhealthful food and diet as through strong drink.

That on the home foundation is built all that is good in State or individual.

That the upbringing of children demands more study than the raising of chickens.

That the spending of money is as important as the earning of money.

That economy does not mean spending a small account, but in getting the largest returns for the money expended.

That the home-maker should be as alert to make progress in her life work as the business or professional man.

That the most profitable, the most interesting study for women is the home, for in it center all the issues of life.

That the study of home problems may be made of no less cultural value than the study of art or literature, and of much more immediate value.

**WHY MEN DO NOT MARRY.**

**The Cost of Living Frightens 4,000,000 Bachelors.**

There are to-day about four millions of men in the United States, past thirty years of age, who are not married, and the number is constantly on the increase, says the Rev. Madison C. Peters, D. D., in the April New Idea Woman's Magazine. Why do not these men marry? Will it become so in the future that comparatively few men will marry.

Independent careers are becoming more and more impossible, and about four millions of women in the United States are filling positions which men should occupy to make homes. The salaries of the average young man, even in good positions, are low—ten to twenty-five dollars a week. How can a man support a wife on a present-day salary?

Marriage is being effectually discouraged by the constantly increasing cost of living, both in town and country. Parents without fortunes supports their daughters in luxury, and girls expect to be thus cared for after marriage. It costs more to sustain such a girl than the average man can earn, and it does seem as though the time were coming when the exceptionally fortunate young man can or should marry.

The time was when ladies—in the best of that much-abused word—recognized in any circle that was worth the entering, looked upon their interest as identical with their husband's, and were help-mates and not merely help-cats.

**J. M. Watson, Stoutsville, Mo.**

There are so many people that make light of stomach trouble that it is time to sound a warning. Don't neglect it, don't keep on doctoring with one man or thing unless you are getting benefit. The disease will get worse. J. M. Watson, of Stoutsville, Mo., lingered and delayed so that no physician could help him. Finally he took Dr. Caldwell's Syrup Pepsin and was cured. This remedy is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. **Whooping Cough.**

This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of Whooping Cough, and always with the best results. Delbert McKeig, of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by Boddie-Perry Drug Co.
