

THE HOME CIRCLE COLUMN.

Pleasant Evening Reveries.—A Column Dedicated to Tired Mothers as They Join the Home Circle at Evening Tide

CRUDE THOUGHTS FROM THE EDITORIAL PEN

If we see no good in others, they will likely discover but little in us.

The time which a boy spends at his mother's knee is never forgotten by the man.

A woman's first duty is to her home and children—a duty that cannot wisely be delegated to another.

The boy who takes his hat off when he enters the house is the one who usually has his hair combed and his face clean, and the girl or boy who says "please" and "thank you" is always prettier than the one who forgets these things. Just look around and see if this is not true.

There are many housekeepers who work sixteen hours a day, while three or four healthy, active boys stand around and watch her. They cannot help her because housework is "girl's work," and they cannot lower their standard of American manhood. A little reform would work for good in more ways than one in all such cases.

It isn't enough to believe that "every cloud has a silver lining," and then sit down and wait for the lining to reveal itself. We can, if we will, take the X-ray of determination, and pierce the cloud and find its bright side. We can, if we will, control our moods, shake off depression and drive away "the blues." Think of the good the gods give and be happy.

The family sitting room should be the best and most luxurious room in the house. Here the family gather to read and talk and enjoy themselves as they can nowhere else. It should be well lighted, well ventilated, and well warmed. The old-fashioned way of putting the best and prettiest of everything into the parlor and then shutting out air and sunlight to keep the furniture from spoiling is a stupid senseless and wicked fashion.

DAUGHTER'S GIFT.

Beauty is a dangerous gift. It is even so. Like wealth, it has ruined its thousands. Thousands of the most beautiful women are destitute of common sense and common humanity. No gift from heaven is so general as the gift of beauty. In about nine cases in ten it makes her silly, senseless, thoughtless, giddy, vain, proud, frivolous, selfish, low and mean. We think we have seen more girls spoiled by beauty than by any other one thing. "She is beautiful and she knows it," is as much as to say she is spoiled. A beautiful girl is very likely to believe she was made to be looked at; and so she sets herself up for a show at every window, in every door, on every corner of the street, in every company at which opportunity offers for an exhibition of herself. And believing and acting thus, she soon becomes good for nothing else, and when she comes to be a middle aged woman she is that weakest, most sickening of all human things—a faded beauty.

POOR GIRLS.

The poorest girls in the world are those who are not taught to work. There are thousands of them. Rich parents have petted them, and they have been taught to despise labor and to depend upon others for a living, and are perfectly helpless. The most forlorn women belong to this class. It is the duty of parents to protect their daughters from this deplorable condition. They do them a great wrong if they neglect it. Every daughter should be taught to earn her own living. The rich as well as the poor require this training.

The wheel of fortune rolls swiftly around; the rich are likely to become poor, and the poor rich. Skill added to labor is no disadvantage to the rich, and is indispensable to the poor. Well-to-do parents must educate their daughter to work. No reform is more imperative than this.

THE BOYS.

Mothers train your boys to be neat in the house. They should be taught to look after themselves, and to keep their hats and coats in their proper places. Teach them this habit, and you will save many annoyances, and you will also do a kindness to the boys by teaching them neatness and self respect.

Boys, as well as girls, should be taught to help in the house. How often we have been disgusted to see that the girls are made to help with the housework while the boys are allowed to play checkers, or sit at the fire toasting their toes.

A boy can help clear away after a meal, sweep the floor, polish the stove or wash the dishes, just as effectively as a girl. He, as a rule, is stronger.

He will love his home more, and when he becomes a man, and has a home of his own, he will respect his wife all the more for having been taught to respect his mother and sisters.

LET US STOP TO THINK.

Let us stop to think of the good by kiss. Better miss a car than leave a headache.

Let us stop to think of the children. We, too, were children once, and loved to be remembered.

Let us stop to think of the aged. For us, too, the evening shadows will close at length, and we shall, perchance, be left at desolate hearthstones. We shall need to be remembered then.

Let us stop to think of the stranger. We, too, have been alone, and have needed the touch of a kindly hand upon our lives, and many a life has gone out in the blackness of darkness for the lack of such a touch as anyone of us might have given.

Let us stop to think of God and the future. At best the time is short, and the end is near. And when it shall come, blessed will be he to whom the entrance upon another life will be but the realization of dear and familiar dreams the consummation of a lifetime of longings. Let us stop to think. If there be any virtue, if there be any praise, let us stop to think upon these things.

Do it Now.

Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by Boddie-Perry Drug Co.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by Boddie-Perry Drug Co.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always treat, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how something finally comes about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding
