Wilkins & Stegall—Notice.

TAR DROPS.

—Those who have been clamoring for hot weather, got a small bite this week.

—List your property during this month or you will be double-taxed. This is no "scare-crow," but it is the law.

—Are you quite sure that you belong to that class who are really "community builders?" Or are you simply faking?

—Federal court is in session at Raleigh this week, and for the first in our recollection, is being held by a Democratic Judge.

—Dr. Joel D. Whitaker, of Raleigh, will fill his regular appointment in Louisburg next Monday—Dr. A. H. Fleming's office.

—Have you seen those Perfection Oil Stoves at McKinne Brothers? Read what they say about them in their advertisement this week.

—Mrs. Ivey Allen, President of the College, gave a reception at the College Wednesday afternoon, complimentary to the delegates and visitors attending the Missionary Conference.

—Tax lists are now taking the lists in the various townships. The law has been amended and all who fail to list will be DOUBLE-TAXED, and the county commissioners have no discretion in the matter. Take warning.

—We are requested to say that it is earnestly desired that all members of the Woodmen of the World will meet in their hall on next Tuesday night, as matters of pressing importance will be attended to.

—Mr. J. H. Mitchell left Saturday for Winder, Ga., where he went to take a position with Mr. C. M. Ferguson, Embalmer. His many friends regretted very much to see him leave but wish him much success in his new home.

—Several years ago the late Sir Francis Lockwood got a prisoner off by proving an alibi. Afterward the judge met the eminent lawyer and said: "Well, Lockwood, that was a very good alibi." "Yes, my lord," was the answer, "I had three offered me and I think I selected the best."

—We understand that there are some people in town who are putting out bread with salt in it for the purpose of killing chickens and pigeons. In this case we would remind them that there is a very strong State law against such actions and they had better change their minds and let such unlawful actions stop.

—The Merchants Association held a well attended meeting in the Court House on Monday night. Right much business of interest to the Association was discussed. The question of securing the "automobile route" from New York to Atlanta, through Louisburg was discussed, but no definite decision was reached and this matter was postponed to be taken up at a future meeting.

—A careless negro and an obstreperous horse came very near causing a very serious affair last Saturday morning. The first horse broke loose from a dray and ran, causing three others to follow suit. It looked very serious for a few minutes, but strange no damage was done, except the smashing of several bugles and a few bruises being received by the horses.

—A buxom young woman of some twenty summers came to see a lawyer in regard to securing for her a divorce. They talked over the case and he advised her that they would probably have no difficulty in securing the decree on the grounds of non-support, and that it was likely to be a default case. She then asked him his fee and he told her it would cost her \$40. "Well," she said, "mother has gotten three divorces and I have gotten two for \$25 each and that's all I am going to pay for this one."

—At a meeting of the school committee for Mapleville Academy yesterday the following were elected teachers: Mrs. W. K. A. Williams, Principal; Miss Lucy Webb, assistant; Miss Emma Duke, Music teacher.

—The earliest and nicest radishes we have seen this year were brought the editor by his friend, S. J. Person, of Laurel, and some of the best and sweetest strawberries came from Mr. E. G. Loyd. This week the finest onions and cabbage that have shown their appearance at this sanctum came from Judge C. M. Cooke's. All of them have our thanks.

—The mayor of Raleigh and other cities and towns in the state have inaugurated "cleaning up days," and the people are taking to it in a most patriotic manner. Let's have it in Louisburg. The entire town should be given a cleaning from "center to circumference" and the weeds cut off the streets. This done in the next five days will prove beneficial to the health and looks of the town.

—Mr. A. J. Cooke, of this county has leased the new hotel at Panacea Springs and will open it for the season on the 10th of June. Mr. Cooke is an experienced hotelist and the guests may expect excellent accommodations and good treatment. The reputation for the Panacea Water is well known. We know of quite a number of Franklin county people who will spend sometime at Panacea during the spring and summer.

—Men and Women who work for wages should bear in mind that when they fail to give their employer the amount of labor that they should they are not doing the "square thing," and while "time-killing" by too much talking or any other manner of idleness is not looked upon as stealing from your employer, there is a very little difference, as it is your time and labor he is paying you for.

—Several men were engaged in putting up telegraph poles on some land belonging to an old farmer who disliked seeing his wheat trampled down. The men produced a paper by which they said they had leave to put poles where they pleased. The old farmer went back and turned a large bull into the field. The savage beast made after the men, and the old farmer, on seeing them running from the field, shouted at the top of his voice: "Show him the paper."

Tabernacle Norfolk excursion leaves Henderson Tuesday, June 8th Fare \$2.50.

Perry Mill Items.

A subscriber from the "Perry Mill" neighborhood sends in the following items:

The farmers of this section have made good headway with their crops. Some are through chopping cotton and others will finish this week.

The young man who waited on a lady friend near Flat Rock last Sunday had a "bad case." He was so excited that he placed the halter on his mule upside down, and his future father-in-law had to come to his rescue. It is now intimated that the impression he made was not very favorable. (Hard luck.)

Walter Holmes had his "road worker" in operation one day this week. It is a complete trick.

Mrs. John Jones and daughter, from High Point, are visiting relatives and friends in this neighborhood.

Mrs. Martha Wheeler, who is at Richmond hospital is reported as improving and is expected to be home in five or six weeks.

We have a flourishing Sunday School at Leah's. Everybody is invited to attend.

Mrs. Wiley Morris is on the sick list, but we hope it is nothing serious.

There will be preaching at Leah's next Sunday, and all are cordially invited.

Tabernacle Norfolk excursion leaves Henderson Tuesday, June 8th. Fare \$2.50.

From Castalia

The announcement is made of the approaching marriage of Rev. G. W. May, pastor of the Baptist church here, and the efficient manager of our school, on the 15th of June to Miss Lizzie Hollingsworth, at the home of her parents in Franklin county. No cards will be issued. At home in Castalia after June 21st.

Miss Charlie Strickland left Tuesday to accept a position in the Thomasville Orphanage during the summer. She will enter Merideth College, Raleigh, when the next term begins.

Miss Eugenia Braswell, who has been taking a two-years special course at the State Normal, at Greensboro, is spending vacation at home here.

Miss Deadin Lancaster, who has been in Pulaski, Tenn., College, the past two years is again at home with her mother, Mrs. R. W. Lancaster, over in Franklin.

While Dr. Matthews is off for his health, Dr. W. P. Simpson, of Rocky Mount is looking after the sanitary condition of this section.

M. D. Smith and Billie Lancaster, two good farmers, who diversify their crops, have been selling some fine hay on our market. The output this season will be near four tons per acre. Who can beat it?

For some days our R. F. D. carrier, D. E. Pearce, has worn many smiles, because another nice little girl came to gladden his home.

PLAIN TOM.

TEOSINTE

The Most Valuable and Enormous Yielding, Continuous Cutting Forage

We strongly recommend our customers who have not done so to sow that splendid forage crop. If a sufficient quantity is sown. It will furnish a continuous daily supply of most nutritious green food for horses and all kinds of cattle all through the summer. It also makes splendid dry fodder, yielding enormously and being more nutritious and even better relished by all kinds of stock than corn fodder. In appearance it somewhat resembles Indian Corn, but the leaves are much larger and broader, and the stalks contain sweet sap. It produces a great number of shoots, very thickly covered with leaves, yielding an abundance of forage. It stands out enormously after being cut, as many as forty five stalks having green growth from a single seed. The first cutting can be made when it is two or three feet high. Sow in May or June at the rate of 2 or 3 pounds per acre, in drills 3 to 4 feet apart.
