TAR DROPS.

—Quite a number of the farmers through this section are curing tobacco this week.

—If our business men will make more use of printer's ink they will find a great difference in business.

—Uncle Jake Evans informs us that he has opened a shoe shop in the Anthony Neal building and will be glad to see all his old friends.

We would be glad to see some of our progressive citizens make some move forward for the town. Gentlemen who will make the start.

—From what we can learn our tobacco men intend making the Louisburg tobacco market a source of interest to all tobacco farmers this season.

—Mr. J. S. Howell has purchased the stock of goods of the Alston Co., under Ford's Warehouse and will be glad to see his many friends. See his ad in another column.

—Our citizens could do nothing better for themselves and their town, than to all "club in" and put up some kind of manufacturing enterprise that will give employment to a large number of employees.

—If there is any home in the county that the TIMES does not go into we would be more than glad to send it there. Remember the price is only ONE DOLLAR per year—an amount that will not hurt anyone.

—There is about thirty days more in which our citizens can avail themselves of the liberal offer of the town in regard to water and lights and all those who have not already done so should have them installed at once.

—We learn that it is expected to have the road and bridge at Perry's Mill completed in time for the farmers of that section to haul their crops to market. Then they can appreciate the difference between good and bad roads.

—The ladies of the Methodist church conducted an old clothes sale in the Spruill building on Saturday last for the benefit of the church. The sale was a success, considering the stock in trade and the advertising it had, and about \$17.50 was realized.

—Mr. L. P. Hicks will begin the remodeling and building of a new residence on the site of his present residence on Elm street this week. Mr. M. S. Davis will superintend the erection of same and we learn that when completed it will cost about \$5000—and will be an ornament to that part of the town.

—Louisburg now has two gasoline yachts. These yachts are run on Tar River and are proving very interesting to those who are so lucky as to be able to "take in the sights" up the river on them. They are owned by Dr. A. H. Flenning and Mr. Geo. H. Cooper. The river is navigable to these boats about five or six miles and affords much recreation to the owners and their friends.

—The Louisburg military company left on Sunday night for Camp Glenn, at Morehead, for their annual encampment, with a full company. The boys are pretty well drilled and will make a good show for Franklin county. Among those who went with the company were Messrs. S. S. Meadows, W. M. Boone and W. F. Beasley. We were promised the names of all the members for publication but for some reason they have not yet shown up.

—On Sunday night of last week two negroes, Phil Alston and Bill Evans broke jail and made their way out to the streets. After walking around and visiting friends until day Phil returned to jail and was again locked up, but Evans has not yet been captured. The escape was made by the use of a bar of iron, supposed to have been given them by some unknown party.

—There are several of our correspondents who seem to forget that it is a strict rule with a newspaper to require the name of the writer accompany all manuscripts. We are always glad to have all the correspondents we can get, and will gladly withhold the names of all, save their writers signature, but we must insist that all persons sending in articles, whether items or what shall send their names in full with such articles. This requirement may not be understood by a number, but is very essential to the newspaperman.

—The Seaboard Air Line Railway will run an excursion from Raleigh and Durham to Portsmouth on Tuesday, August 3rd, returning on Thursday, August 5th. This excursion will take passengers at all intermediate stations and is scheduled to arrive at Portsmouth at 8:30. The round trip fare from Louisburg is \$3.00 and from Franklinton \$2.75. The price from Youngsville is the same as from Louisburg. Pullman cars will be attached to this train, and the price of these seats each way will be 75 cents. This will be a fine excursion, go if you can.
