And the object of its existence, as the name implies, is to mutually safeguard the rights of the farmers and protect the interest of each individual grower of tobacco. The Farmers Mutual is an Independent Warehouse Company, paying tribute to no trust or combine, but allowance only to the farmer, whose interest it purposes to protect by paying him full value for his tobacco, giving him a square deal upon the floor and at all times everywhere safe-guarding his interest and not delivering him over to the mercy of trust and combination. All farmers desiring stock in the Farmers Mutual Tobacco Co. can purchase it by applying to its managers.

### Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, Free.
