Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hamrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by Seoggin Drug Co.

In Memorium.

This tribute of respect to the memory of sister Lucie W. Smith, wife of M. D. Smith, was delayed because the writer has been continuously engaged in protracted meeting work from her death until now.

Sister Smith was born in November 1864 and died August 10th, 1909 being 45 years old at her death. She was the daughter of Bro. William and sister Inscos. Her mother died just before she did—her father now living an aged soldier of the cross. She professed religion and joined Cedar Rock Baptist church while in her teens and was a faithful consistent member until her death. She was married to Mr. J. J. Cook in January 1882. Unto them were born two children one of whom died in infancy, the other now living. Mr. Cook died in September, 1892. In September 1897 she was married to Mr. W. G. Parrish. In July 1902 Mr. Parrish died, leaving her with two children who are now living.

In February 1906 she married Mr. W. D. Smith, who survives her. All of the marriages seem to have been happy ones. Her gentle patience devoted affection and faithful service making each of these homes happy ones, especially the last one, the happiest home I ever visited. The last time she married it was into a large family. Husband, wife and children, each striving to make the other happy. It will be difficult to measure even at this distance of time sister Smith, in her, all the graces that go to make up the true woman seem to have met. Not only did she possess the graces and modesty of true womanhood, but she possessed in a large measure executive ability and could manage successfully her own affairs. She was affectionate and true as a wife, loving, gentle and firm as a mother, dutiful and kind as a child and sister, conscientious and true as a christian, devoted as a friend benevolent and kind to the poor, patient in sickness. She came as near filling all positions in life faithfully as any woman I have ever known. But she is gone and will be sadly missed. She lived the christian's life and died the christian's death.

Her funeral was preached by the writer at Bro. Inscos's, near Cedar Rock, and she was laid to rest in the family burying ground.

Blessed are the dead who die in the Lord. May God bless and comfort the bereaved ones.

REAPING BENEFIT.

From the Experience of Louisburg People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Louisburg residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

W. H. Beddingfield, Kenmore Ave., Louisburg, N. C., says: "I suffered for years from kidney and bladder trouble. The kidney secretions were very irregular and painful in passage and I was forced to arise frequently at night on this account. I had pains through my kidneys and was unable to rest well at night and although I took various remedies, I was unable to find relief. Finally it was my good fortune to learn of Doan's Kidney Pills. I procured a box and they gave me so much relief that I continued using them until cured. At present I do not have to arise once during the night and feel better in every way. I cheerfully recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CORTRIGHT METAL SHINGLES

ARE FIRE PROOF

That is another of their good features, an important one, as hundreds of fires occur annually from sparks settling on the roof. Better put them on the roof now than wish you had later. They're cheap enough. Last a life time. Never need repairs and they turn the appearance of any house into a home.
