Died.

Little John Henry Nowell, June the 4th. 1910 twenty minutes to one o'clock, the death angel entered the home of Mr. and Mrs. A. A. Nowell and claimed as his own their darling age 18 months. He was sick but a few days before God called hin home to join his little brother who died about two months ago. It is hard to give him up, but God knows best, our loss is his gain. Weep not dear Parents, your baby is not dead but is asleep. God gave him o you and has taken him away. He can't some to see you but you can go to him.

May God help the Parents and friends in their troubles,

It pierces the writers beart to write these lines, but there is one bright thought and that is to think of the little Brothers walking the stars of Heaven hand in hand, and waiting for loved ones to come,

He will be greatly missed and the family have our synpathy. The remainers were laid to rest at Flat Rock church Sunday afterneon. Pall bearers: T. S. Gill, J. A. Daniel, Bud Beddingfield and Rufus Wheeler.

Six Things to do for the Baby

(1) Remember that a mother must

be trained to know, not to guess.

(2) Secure a reliable book upon the care and feeding of infants and begin to study the first principles intelligent baby culture.

(3) Remember that every year incalculable damage is done to the eyes of babies where mothers have not ters one night this week. They rethought to protect them from the port a fine time. glare of the sun.

(4) Let the baby have a bed to himself, it it be only a clothes basket, or a clean wash tub, or dry goods bex. Have the mattress firm and soft and the cover warm but light.

(5) Avoid soothing syrups and soothing "teas." Keep in mind that so called soothing syrups advertised as harmless all contain morphine, opium, cocane, or other harmful druge in dangerous quantities.

(6) Remember that the baby is the most important thing in your life and don't neglect him in any way for anything else.-Mrs. F. L Stevens, in Raleigh (N. C.) Progressive Faimer and Gazette.
