Does it take you in?
Those who are out of the city to do their trading.
Those who oppose improvements.
Those who prefer a quiet listless town to one of push and improvement.
Those who imagine they own the town.
Those who think business can be done slowly without advertising.
Those who kick at public spirited men.
Those who oppose every movement that does not originate with themselves.
Those who put on a long face when a stranger talks of locating in the city.
Those who oppose every public enterprise which does not appear of personal benefit to them.
Those who seek to injure the credit of individuals.

Danger Ahead.
One can hardly help viewing with dismay the meeting of the Conservation Congress at St. Paul next month. The Pinchot and Ballinger partisans from everywhere will be there in force; and the stalwart Republicans of Minnesota headed by the Governor, and the insurgents led by Senator Clapp will mark their respective sides, so the Congress is likely to be turbulent.

President Taft is to be there and presumably will deliver the address. Colonel Roosevelt will be the principal speaker and undoubtedly will support the Pinchot policy and not mince his words in doing so. Yes, there can hardly fail to be some difference of opinion to say the least.
As the stalwart Governor of Minnesota and the stalwart Mayor of St. Paul control the police power of the State, the Democrats should hold themselves in reserve to compel fair play between the rival Republican factions. Let us have peace and fair play, if we have to fight for it.

Are too great a strain on the kidneys.
Backache, headache, slouching, kidney trouble, urinary troubles follow.

Read the following, and learn the cure.
J. L. Fuller, Asylum Street, Oxford, N. C., says: "I can recommend Doan's Kidney Pills to anyone afflicted with kidney trouble, having used them with the best of results. I was bothered a great deal by backache and pains across my kidneys. Mornings upon arising, my back was weak and lame and it was sometime before I could get about with any degree of freedom. After using Doan's Kidney Pills a short time, the backache and pains in my kidneys had ceased. I feel grateful to Doan's Kidney Pills for the relief they brought me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Follow this advice.
Quaker Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Browne, M.D., F.R.S., of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.
Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food as Quaker Oats. The power of endurance of the non-meat eaters were about eight times those of the meat eaters.
Sir James Crichton Browne says: "I eat more oatmeal, eat plenty of it and eat it frequently."
Packed in regular size packages, and hermetically sealed tins for hot climates.

You Can't Get Results Unless Your Letters Look Good.

THE VICTOR TYPEWRITER is a valuable asset to any business; it is the machine that does the neatest work with the greatest speed and ease. Suppose you write for the catalogue and general typewriter information.
