## ICE PLANT IN SIGHT.

### FOR THE MANUFACTURING OF ICE IN LOUISBURG.

#### To be Erected in the near Future by One of Louisburg's Most Successful Citizens. Arrangements Being Made.

The fact that Louisburg is to have a plant for manufacturing ice in the near future, is becoming more and more a reality as time passes. From information received yesterday morning Mr. P. A. Reavis, Louisburg's most successful and popular broker, will begin the preliminary arrangements for installing a plant of this kind in the lower rooms of his storage house near the depot at once. The plant will probably be of a ten tons capacity and he will see that everybody in Louisburg and vicinity can get ice next season without having to face an ice famine as has been the case this summer. Mr. Reavis is a man of energy and good judgment, and it goes without saying, to those who know him, that he will make it a success. Let everybody rally to the movement with the necessary assurance as will insure a success.

### Married.

At the home of the brides father, D. T. Fuller, near town on Monday afternoon, Miss Annie Fuller and Mr. Ferrel Parrish were happily married in the presence of a number of intimate friends. The ceremony was performed by Rev. M. Stamps. The bride is the charming daughter of Mr. D. T. Fuller, one of Franklin's most successful planters and the groom is a very popular and successful young man of Cedar Rock township. They have the congratulations of a number of friends.

### Delightfully Entertained.

A very inviting place for children on a warm summer afternoon is "Green Hill," Mr. S. C. Vann's country place, two miles from Franklinton. Last Thursday afternoon at 2 o'clock the "Kings Herald's," a Junior Missionary Band of the Methodist church, thirty-eight in number, drove out in wagons and spent a very delightful afternoon. The amusements were games swimming and boating. Just as the sun was setting they turned their faces homeward, expressing a wish for "many happy returns."

### Morehead Camp Glenn Encampment 3rd Regiment N. C. N. G. July 10-17.

On July 9th 6 p. m., a special train left Louisburg conveying Co. D., (Louisburg Rifles) to Franklinton to connect with the military train carrying the "Soldier boys" of the 3rd Regiment to Camp Glenn. No special incidents occurred before reaching camp except the greetings exchanged by boys of the different companies as they took the train at stations on the way and they were all happy and feeling fine when the train reached Camp Glenn. But it had to come—when they looked out and saw that the tents had to be put up, all the effects of the loss of a night's sleep came upon them. But as is usually the case they were "on to the job" and Co. D., was the first company in the Regiment to drive the last stob and "get busy" about breakfast. Our company was ordered to be on the firing line at 6 a. m., where they reported, and after shooting on the 200, 300 and 500 yard ranges qualified 11 marksmen which put only two companies ahead of us. The next day or Wednesday our company was ordered and reported "in the pit" at 6 a. m. and worked hard until their duty was over. Thursday our battalion had drill, demonstrating the maneuvers that we were to execute the next day. Friday came and with it a day of labors for our surgeons. For most of the ailments that had not been treated before seemed to grow so serious at that time that it was absolutely essential that they be looked after. But with the threats of castor oil and amputating a few limbs the boys were all soon in line and on the march to Crab Point—near where the battle took place. From 9 a. m. to 3 p. m., should a stranger have passed through that section, he would have been convinced that some of those great generals of ancient times had been resurrected and were fighting with the benefit of their experience and the knowledge of modern warfare. During this march and these maneuvers our men never "fagged" but each one executed his duty like a man. The words of Capt. Dougherty and Capt. Stokes, the two detailed U. S. A. men to the officers of the Regiment after the battle were such as to make every man in the maneuvers glad that he

was present. Their remarks were, indeed, flattering. The personnel of Co. D., is as good as any company in the State guard. Our men knew how to do the work, went on and did it and we have not a single word for the boys except praise. It is true that occasionally a few unpleasant things came up, but they were of no consequence. With the efforts of the men, officers and friends of Co. D., we hope to see it superior to any other company in the 3rd Regiment when we go in camp in 1912. The social and fun side was not entirely omitted. Some went to Morehead and Beaufort and were entertained by some of the "Faires" of those places—others found surf bathing pleasant, while many proved themselves to be fishermen of the Capt. Raney kind. A few of our company joined "Co. 2" and occasionally a corporal's guard would have a hard time trying to arrest an innocent private.

We wish to make mention of the excellent work done by the officers of our company and especially to 1st. Sergt. Hill. We realize that his position is a hard one to fill and more dissatisfaction arises from a fair proportionment of the duties from that office. He handled it in such a manner that he kept harmony among his men.

To those whom we looked to for appealing our appetite we wish to take off our hats. There hasn't been nor will there be in Camp Glenn a company who will have a better bill of fare than Co. D. had. A FRIEND.

### Millions Educated by Tuberculosis Exhibits.

Exhibitions, showing in graphic form the prevention of consumption, have been shown in every state in the United States, except Nevada, Arizona, New Mexico, and Wyoming, and also in most of the Canadian Provinces, and in Mexico, Porto Rico, and Cuba, according to a bulletin issued today by the National Association for the Study and Prevention of Tuberculosis. The bulletin also shows that 25 states and 16 cities have permanent and traveling exhibits besides the two operated by the National Association itself, the total number of such displays being over 200, including about 150 small school exhibits.

The first tuberculosis exhibit in America was shown by the Maryland Tuberculosis Commission in January, 1904. In 1906 there were four such exhibits. Today practically all of the larger cities of the country have such displays, and in twenty-five states comprehensive campaigns have been carried on with them. These exhibits are visited annually by millions of people.

The American Tuberculosis Exhibition of the National Association is completing six years of continuous service; during which time it has been shown under three flags, in the United States, Mexico and Canada, and has been displayed in 21 states, including every Southern State east of the Mississippi, except West Virginia, Maryland, and Delaware. The Western Tuberculosis Exhibit of the National Association, just closing its season in Butte, Montana has been shown in Illinois, Kansas, Nebraska, Missouri, Arkansas, Oklahoma, Colorado, Utah, Idaho, and Montana.

As a result of the general educational campaign through the various exhibitions on tuberculosis, millions of pieces of literature have been distributed; millions of people shown how to prevent consumption; and several states and cities have been roused to take legislative action against this disease.

### The Independent Man.

Here's to the Farmer, friend:  
Let the wealthy and great  
Roll in splendor and state;  
I envy them not, I declare it.  
I eat my own lamb,  
My chicken and ham;  
I shear my own fleece and I wear it,  
I have lawns; I have bowers;  
I have fruits; I have flowers;  
The lark is my morning alarm;  
So my jolly good boys, now,  
Here's God Speed the plow,  
Long life and success to the farmer.  
Fix not your heart on earthly good or gain,  
Life means but pleasure or it means but pain;  
When time lets slip a little perfect hour  
Oh, take it for it will not come again.

## STATE & GENERAL NEWS

### GATHERED FROM OUR MANY EXCHANGES.

#### Items of Interest Gathered and Condensed for our busy readers. Concerning Home and Foreign Happenings.

By means of a special gift of \$40,000 from the Peabody Fund to the University of North Carolina, there will be erected on the campus at an early date a large and well arranged building for the use of the department of education. —Webster's Weekly.

New York, July 14.—Mark Twain left property valued at \$421,136, this being shown by an appraisal of his estate filed with in the surrogate's office today. When he died on April 21, 1910, he left only one surviving child and the property goes to her.

William Jennings Bryan, in his paper, the Commoner, names Chief Justice Walter Clark, of North Carolina, as one of the possibilities for the presidential nomination next year. While it is not probable Judge Clark will get the nomination, the convention might look a long time without finding a better man. —Greenville Reflector.

Chicago, July 14.—Evelyn See, the self style revealer of the absolute life, was sentenced by Judge Honora to an indeterminate term of from one to ten years in the Joliet, Ill., state penitentiary today following conviction by a jury on the charge of abduction.

Asheville, N. C., July 13.—The last session of the convention of the Hardware Dealers' Association was held at the Battery Park hotel this morning at 10 o'clock. This was the only executive session held, and reports of delegates to the national association and officers of several committees were heard.

Asheville, N. C., July 13.—Miss Lena Bowman, of Sumter, S. C., and Robert Betts, of Trenton, S. C., who were to be married in a few days, were both killed when an auto in which they were riding ran over an embankment near Hendersonville today. A sister of the dead girl was also seriously injured.

New York, July 17.—As the days roll by and no tidings come of the missing North Carolina ensign, Robert S. Young, Jr., who was attached to the torpedo boat Perkins, which sailed yesterday, and who mysteriously disappeared leaving a suicide note, all theories that he is still alive are exploded and Young's friends and associates shake their heads and sadly say, "I guess he is dead, poor fellow."

Houston, Texas.—What is regarded here as the most aggressive move yet made by Orientals to obtain a share in the South's cotton business was put into full swing by the chartering at Austin of a \$100,000 company by K. Fukushima, a Japanese. He is manager for the Mitsu banking house of Japan and has opened offices here.

The purpose is to export cotton to Asiatic countries through agencies to be established throughout the Orient.

San Francisco, July 14.—The trial of John and James McNamara indicted on charge of murder in connection with the dynamiting of the Los Angeles Times building, was set today for October 10. The district attorney, however, moved for an earlier trial but according to argument made by Clarence S. Darrow the court was of the opinion that October 10, was as early a date for beginning the trial as was merited, considering the grave charges that had been preferred by the state.

Washington, July 17.—Following the hot wave that recently brought death and suffering to the whole country, this week's weather promises to furnish surprises in the other direction, with the result that unusually low summer temperatures probably will prevail. The weather bureau sees in an abnormally high barometric pressure over the interior of Canada and Alaska, and relatively low pressure in the Atlantic ocean, the conditions that will usher in a cool wave.

Henderson, N. C., July 13.—Henderson had grand rains yesterday and crops are saved, but in the afternoon the electric storm was terrific. It shattered the Presbyterian church steeple and came near killing two men working there. It severely shocked Mrs. M. L. Wortham, of Richmond, who is visiting here, and slightly shocked Mrs. Thad R. Manning. Both ladies have recovered. It shattered Mr. A. C. Zollicoffer's meter board.

Asheville, July 17.—A fatal epidemic prevails in Mitchell county, which has heretofore been unknown to medical science and is baffling skilled physicians, who have made every effort to

check the malady which manifests itself by small bloodshot stains on the tips of the fingers, passing through the arm into the body and resulting in death within a few days after the first sign appears. The plague has claimed a number of victims in Mitchell county, one of whom was Dr. F. P. Slagle.

Dr. Charles Buchanan, a prominent physician, became affected a few days ago and was sent to Johnson City, Tenn., hospital, where his condition is said to be critical.

Raleigh, July 17.—After the Wake county commissioners and the county board of health have failed to get together on the matter of a salary for a county physician, the board of health waiting all of a proposed \$2,500 salary for Dr. McCullers to be paid out of the general county fund and the commissioners insisting that the school fund should bear a good part of this expense, since the physician must give much time to school matters, and forcing Dr. McCullers to resign, secretary of the state board of health reappoints him under the law and there will be an effort to force an adjustment between the commissioners and the school board as to the \$2,500 salary. The law provides that the secretary of the state board may appoint and name the salary in the event the authorities of any county are unable to get together on this matter.

Raleigh, N. C., July 13.—The grounds and a splendid \$20,000 club house of the Raleigh country club were opened to the members and their friends last evening from 5 to 7 o'clock, with an informal reception that was delightful, and in spite of the rain, afforded a splendid opportunity for the inspection of the admirable appointments and equipments of the fine colonial building and the viewing of the beautiful rolling landscape that stretches out in every direction across and beyond the 180 acres of club grounds that are receiving splendid treatment in expert landscape gardening. The membership is close now to 200, to start with, and the present limit is 300, which is likely to be reached very quickly.

Raleigh.—The Corporation Commission's report issued concerning the condition of state, private and savings banks in North Carolina on June 7, shows total resources on that date of \$63,210,893.32. The increase of resources in the period elapsing between June 30, 1910, and June 7, 1911, is \$6,856,930.15. This of course, does not include the National banks in North Carolina, as these are under National supervision.

Some features of the report are an increase in loans and discounts amounting to \$4,974,033.72; an increase in the item "due from banks and bankers" amounting to \$1,104,614.06; and a decrease by \$1,358,776.22 in trust deposits. The banks had on June 7, this year, less gold coin by \$78,355.77 than on June 30, 1910, but \$52,201.75 more in silver coin and all minor coin currency. "Old Wilmington and Fayetteville Stage Road. Route taken by British and Tory Army from Cross Creek to join Lord Cornwallis and Clinton at Wilmington. They were defeated in the battle of this place, 850 were captured as prisoners of war, February 27, 1775."

"The above is the appropriate inscription on a monument soon to be placed beside the old stage road at Moore's Creek Battle Ground. The stone is of rough granite and is 5 feet 8 inches high and about 4 feet broad. It is being chiseled for the Moore's Creek Battle Ground Association, which will have it in position and erected before the annual celebration at that place which takes place this year on the 27th instant. The monument will be unveiled at that time. The workmanship on the stone reflects the hand of an expert and it will be noted with pride by Wilmin-tonians that the work was done at the marble yard on Front street managed by Mr. Frank Meier."—Wilmington Star.

### Mr. J. H. Wheelless Dead.

Mr. J. H. Wheelless, one of Franklin county's most successful farmers, died at his home about seven miles east of Louisburg on Tuesday afternoon about 6 o'clock. He was 76 years of age and leaves a wife and six children. He was truly a good man and attended strictly to his religious duties. He had been a member of Maple Springs church since childhood and was a conscientious Christian gentleman. He was a devoted husband, a loving father, and a neighbor who will be greatly missed by all who had the pleasure of living in his community. He was an uncle of our townsman Mr. F. W. Wheelless. His remains were laid to rest in the family burying ground on Wednesday afternoon amid a large number of sorrowing friends, the funeral being conducted by Rev. G. M. Duke.

In his death Franklin county has lost one of its noblest and best citizens.

### COMMISSARY ALL RIGHT.

#### Men Were Well Cared For and Instructed at Camp Glenn.

Camp Glenn, N. C., July 17.—The Commissary Department during the encampment of the Third Regiment has done fine work, and Col. W. L. McGhee, of Franklinton, the Commissary General, has been highly complimented, the work of the department being highly satisfactory, the men supplied with good rations and plenty of ice. Colonel McGhee organized a Third Regiment cooking, sanitary and com-

missary school, and every enlisted man of the Commissary Department of the Third Regiment joined this school of instruction and company commissaries were taught the routine of daily commissary duties. The mess hall and cooking department are equipped with the latest models and are in good shape.

We are informed that Col. McGhee will organize a sanitary commissary cooking school, the same as the one for the third Regiment, at the encampment for the first and second regiments.

### Shows a Good Increase.

Register of Deeds Yarbrough gave out a statement yesterday that the real and personal property valuations of Louisburg township would be approximately \$1,375,000.00. The work on the assessments is not yet completed and will not be until after next Monday when the Board meets to complete the receiving the lists and making equalizations. Tax Assessor Macon has promised us a complete comparative table of valuations for publication in our next issue. This will be gotten up in a form that will be of interest to every taxpayer in Franklin county.

### Food Warnings

Drink water and get typhoid fever. Drink milk and get tuberculosis. Drink whiskey and get jimjams. Drink soup and get fat. Eat meat and encourage cancer, apoplexy and appendicitis. Eat oysters and absorb typhoid gastric poisons. Eat vegetables and give the system Asiatic thin-blooded weakness. Eat dessert and die with paresis or something else. Smoke cigarettes and die too soon. Drink coffee and fall into insomnia and nervous prostration. Drink tea and get weak heart. Drink wine and so drink gout. Blame it all, if you want to keep well quit eating and drinking, smoking and loving, and before breathing or touching anything see that the air and everything is perfectly sterilized.

### A Splendid Achievement.

With its usual spirit of enterprise, the Charlotte Observer will issue Wednesday, July 26th, a special edition of about 100 pages, telling the story of the present condition and future possibilities of the territory of the two Carolinas between Greenwood, S. C., and Durham, N. C. It is the story of staff correspondents and illustrated and will be executed in the best mechanical style. This paper will be sold by all news dealers and regular agents of the Observer office in Charlotte in any address in the world for 10 cents each. News dealers and agents should send their orders in early. No matter where your friends live order copies of this edition sent to them. Send the names and addresses with remittance of 10 cents for each copy to the Circulation Department, The Observer Company, Charlotte, N. C.

### Junior Base Ball.

There was a very interesting game of ball played at Williamson's Park on Tuesday afternoon between the "All Stars," and the "Pick Ups." There were a lot of errors made on both sides as the result of very little practice. The score resulted 9 to 8 in favor of the All Stars. Allen who pitched for the All Stars arrived at the park rather late and had no chance to warm up therefore he was very wild. Harris who pitched for the Pick Ups pitched a steady game but errors were the cause of his defeat.

Batteries for All Stars, Allen and Egerton, Pick Ups Harris and Pitman. Umpires Hill and Collier. Attendance 25.
