Big Millinery Opening.

From their page advertisement on our last page it will be seen that Candler-Crowell Co., will have their fall millinery and ladies dress good opening displays on Friday and Saturday (today and tomorrow). They say they are going to show you some of the prettiest and most fashionable millinery and dress fabrics ever before placed on exhibition in Louisburg, and you will miss a treat if you fail to visit this opening and see their display. Read their advertisement and go in to see them.

Played Running a Train.

"Rev. L. T. Trott, of Durham, was at Louisburg last week and brought back the following story from that place which he tells for the truth:

From Louisburg to Franklinton, the Seaboard runs a little spur track of ten or more miles. Some days ago two fellows got drunk in Louisburg, fired up the engine and started it off to Franklinton. One of them tied the whistle down and let it blow all the way while the other filled the tender with cord wood. While the first one fired the engine the second was collecting fares from the cord wood and when he found a dead beast who wouldn't pay, he pitched a stick of wood out. Mr. Trott doesn't know what became of his

Louisburg heroes, but heard that they ran the engine into port without accident."—Henderson Gold Leaf.

The above story is literally true but we can't imagine what was the trouble with the Reverend gentleman, or the our esteemed contemporary, as the occurrence was more than twenty years ago—when boys would be boys. Surely it is not a repetition of Rip Van Winkle.

Services Close.

The protracted services at the Baptist church being conducted by Rev. W. C. Barrett came to a close last night. The meeting has been a good one and much interest has been manifested. Rev. Mr. Barrett has delivered some fine and forceful sermons. The singing by Mr. Wilson has been much enjoyed. The meeting as a whole has been a very good one.

The Bridge.

The bridge across Tar river on Main street needs the attention of the commissioners very badly. In reality it is becoming dangerous. For three days in succession the past week—Sunday, Monday and Tuesday—it had to be repaired. From the best information obtainable the entire floor is almost rotten, which is no doubt caused by being so closely laid. Some days ago there was a rumor that the iron workings had suffered greatly from rust and were in need of attention. Things of this kind should be closely watched by our officials and a remedy supplied before it is too late.

A Splendid Reputation.

We have recently been informed that the young men going from the Louisburg Graded school to the State University have been admitted without the usual entrance examinations, the authorities, taking the certificate given by the local school here as sufficient. This looks to be a feather in the cap of our schools and shows to its patrons that it is entirely unnecessary to send their children away to some distant school in order to prepare them for college. Our schools are well equipped and if properly supported, as they have been in the past, will be a monument to education in our midst that will be more than worthy of our appreciation.

Missionary Conference.

The annual meeting of the Womans Foreign Missionary Societies of the Raleigh District will be held in Louisburg Methodist Church September 25th and 27th.

The opening session will be Tuesday evening at 8 o'clock. Business session Wednesday morning at 9 o'clock, Wednesday afternoon at 3 o'clock. Rev. R. H. Willis, of Littleton, will deliver an address on Missions, showing with his charts what has been, and what is yet to be accomplished on the foreign field. At 8 o'clock Wednesday evening Rev. H. M. North, of Edenton Street church, Raleigh, will preach the annual sermon.

The public is cordially invited to attend these services.

A Reason for It.

The terrible shocks to the public, such as the Hendersonville tragedy, are distressing to contemplate and deeply deplorable; but they may be traced to one reasonable cause—indulgence of parents. This may not have been true of the case in question, but in nine out of ten cases the proposition will stand. We may be out of line with the times but we are honest in our conviction. With eyes-wide open parents see their daughters drive or motor away from home at evenings on moon-light picnics; they see them return home one to two o'clock the next morning, some times hilarious from having come in contact once too often with the punch bowl.

Is there any wonder that these crimes continue to multiply, to shock and stupefy the people with their hideousness? We are not the kind to be surprised.

These excursions in which our young girls are playing an essential and a fearful part are going on daily and nightly. Near-tragedies are being enacted right before our eyes and thoughtless parents are aiding and abetting them. The world is fast approaching a return to the scenes of ancient Rome when the people gave themselves over to pleasure and licentiousness.

It is time for a halt and the parents throughout this broad and glorious country must perform their duty.—Sabbury Post.

The above may be a little in extreme, but there is no doubt, but that more care and caution along this line would result in much good.

Mattress Factory Sold.

In accordance with an order of court the Tar River Mattress Factory was sold to the highest bidder at the court house door here Monday. The plant brought \$3,000 and was bid in by K. P. Hill.

Tobacco.

The sales on the Louisburg tobacco market the past week has been somewhat light but the prices have been exceedingly good and those who sold here have expressed the greatest satisfaction. One expressed himself that he got practically twice what expected for his lot before leaving home. The warehousemen on the Louisburg market have a way of getting good prices for their customers and it will be to your interest to call on them with a load.

Mrs Hall Returns.

Mrs. A. M. Hall returned Tuesday from the northern markets where she purchased quite a large number of bargains in the very latest and most fashionable millinery and dress patterns. From her description she has fully upheld her former reputation in selecting such goods as pleases her many customers. In her store will be found many things of interest to you and from her advertisement you will see a special invitation for you to call.

To Be Electrocutted.

The jury was prompt in its findings against Norval Marshall, the negro rapist of Warren county, on Tuesday afternoon. The trial was taken up at 2 o'clock and soon disposed of. The jury was out only ten minutes. Judge Justice proceeded to pass the death sentence upon Marshall setting the date for his electrocution for Friday, October 20th. If all such cases were given such prompt and positive action as the above it would no doubt be a lesson to the culprits who seek to practice such crimes.

Leaving his sick wife absolutely penniless, with their three-year-old babe so ill that it may not recover, with two other children in a home empty of bare necessities of life save what the charity of neighbors places there, A. Samuel A. Hubbard, of Reidsville, a bank man of experience, Tuesday was elected by the North Carolina Corporation Commission as Assistant State Bank Examiner to fill the position made vacant by the promotion of C. D. A. Ingle, a citizen of Fallstown township, Iredell county, was given a hearing before Justice J. C. McLean in Mooresville Tuesday afternoon on charge of embezzlement preferred by Miss Jennie Alley, of Davidson township. As a result of the hearing Ingle was required to give a \$200 bond for his appearance at the next term of Iredell Superior court. The allegation is, he sold property of Miss Alley's and appropriated the funds to his own personal use.

Edwin Winn, aged 23 years, a car inspector on the Southern Railway yards in Spencer, met instant death under a train here Sunday night in a most tragic manner. While walking in front of a south bound train No. 43, running at a rapid rate he was struck by the locomotive and knocked off the track. He fell on the main line northbound track and No. 38, the fast mail train, then approaching at full speed, ran over his body, severing one hand and one foot.

After carrying a knife blade two and one-half inches in length in his head for about two years and suffering no inconvenience whatever from it, Arthur Davis, a negro, died at the James Walker Memorial hospital at Wilmington Thursday at midnight following an operation about three weeks ago for the removal of the blade. The operation was apparently successful and the negro left the institution, but he returned a few days ago and was having convulsions. He grew rapidly worse until he died.

E. B. Hussey, former assistant cashier of the Bank of Tarboro, was Wednesday sentenced in the Edgecombe county Superior court to serve 18 months in the state penitentiary for his share in the wrecking of the bank. The cashier L. V. Hart, committed suicide on June 14, the day it was discovered that the bank had been looted to the extent of \$130,000. Hussey has a wife and family. At the time of his arrest Hussey confessed to having gotten away with \$12,000. He turned over all his property, about \$5,000, to the bank.

Opinion on Senatorial Race.

When asked about the Senatorial race Dr. Winston said he believed the western part of the State would go for Simmons. "Both Kitchin and Simmons have friends out my way," he

said, "but I think Simmons will win. Whenever any one asks me about this particular contest I am reminded of the way a certain Raleigh lawyer sized up the situation, when he said: They are all good men, Aycock would make lots of news, his brilliant oratory would attract country-wide attention; Kitchin would be good to his personal friends; Judge Clark would make a lot of noise, but Simmons would do more for the State than all the rest of them put together, and few people would hear of it until actually accomplished."—Charlotte Chronicle.

Produce.

The Louisburg market on all kinds of country produce is strong and splendid prices prevail. There is always a strong demand for all kinds of country produce here and those who try this market are usually well repaid for calling.

Cotton.

The conditions on the cotton market are not as good as they were last week but are in good shape as compared with other markets. The prevailing price here yesterday was 10 1/2 cents per pound. Quite a number of bales have been sold here this week.

Mayor's Court.

During the past week the following cases were disposed of by Mayor's court.

Haywood Foster, colored, was up for assault and battery, and was sent to the roads for 10 days.

Joe Ash, colored, from Roanoke, Va., who was caught in the act of picking a persons pocket, was given thirty days on roads and required to pay all costs, amounting to \$3.65.

Cleveland Foster (col.) was before the Mayor for being drunk and disorderly and carrying concealed weapons. He was allowed to give bond for his appearance in court on Saturday.

Progress of Y. M. C. A.

On May 18, 1910 a small group representing various religious organizations of Christian men met in a hotel in New York City. A common interest brought them together. In August of last year another group spent two days in a hotel at Niagara. In October 262 picked men representing 72 cities and 33 states and provinces of North America were together two days at Buffalo. The interest was still the same but more intense. "How can more men be brought into the church and how can those who are in church be aroused to such activity that we shall have a mighty crusade that will result in making this a better world?" Since that series of meetings the eyes and ears of people of Canada and the United States have been greeted with increased frequency with the phrase "The Men and Religion Forward Movement."

It is a simple recognition of the fact that conditions that maintain today must not be tolerated. It sees the evil and is disturbed by it, it sees the remedy and is aroused to action. The true dynamic for social and political improvement is the spiritual force, active or latent in every man; that force which prompts and can help every man to make most of himself.

The international movement is directed by a committee of 97. Ninety cities in North America have been chosen as headquarters or radiating centers. Other cities in their territory become Auxiliary cities. For instance, Jacksonville is headquarters for Florida. Thus Atlanta, Savannah and other cities in Georgia and Florida become Auxiliary cities with headquarters at Jacksonville. Charleston is headquarters for North and South Carolina. Already a powerful committee of 100 is quietly but effectively at work there. Headquarters are maintained at the Y. M. C. A. and strong international committees on missions, bible study, Sunday school, community extension, evangelism and so on are already a work.

February 13-14 a great team of experts of international eminence will be in Charleston. Every Carolina city which become an Auxiliary center will have a delegation there. Communications addressed to Executive Secretary Y. M. C. A., Charleston, will bring full information. The Charleston committee will welcome any sister city in the Carolinas into the movement. But action must be quick. Every protestant pastor Sunday school superintendent in Charleston is on the Committee of 100.

You just can't make a woman see how when you live in a house you own it's rent just the same.

Assaulted Woman and Fatally Shot Father.

Warrenton, N. C., Sept. 18.—An awful crime was committed in this county, near Vicksboro, 12 miles from Warrenton, yesterday.

Mrs. Joe Chaplin went to the spring near her house to get a bucket of water, filled her bucket, and started to the house. A yellow negro, Noval Marshall, grabbed her from behind, threw her down, cursed her, and warned her that if she made any outcry he would kill her. He had a double-barrel shotgun and a belt full of shells.

When he released her he told her if she ever mentioned it there would be trouble.

She ran home and told her father, Mr. Jack Abbott, and her husband, Mr. Chaplin went off after a warrant. Mr. Abbott went off to look for the brute and found him at his father's house. As soon as he saw Mr. Abbott he opened fire on him, shooting him twice, striking him in the face and side.

Mr. Abbott is in a serious condition. Sheriff Davis was phoned for and he, with a few other men, went to the house, where the negro was sitting on the porch with his gun.

As soon as they approached the road in front of the house, he opened fire, shooting the sheriff in several places and several of the other men, but none of them fatally.

The sheriff, seeing he could do nothing till morning, drove in to Warrenton, got Mr. E. L. Green and Mr. T. H. Robinson to go with him, with long range guns. With the assistance of his father and two brothers, the negro was finally overpowered and brought to jail.

Mrs. Chaplin is the wife of a respectable white farmer. She is 21 years old, has two small children. They lived with her father, Mr. Jack Abbott, in the residence of the late Joseph S. Jones.

Marshall is a worthless negro who, has been lying in the North for four or five years, returning here the first of this year, and living with his father who is a very respectable negro man, on the Jones farm.

His father had told some neighbors just a few days ago he did not know what to do with this fellow; that he would not work; and he feared he was going to get in trouble.

The old negro acted very nobly to help the sheriff all he could in making the arrest.—Special to News Observer.

V. C. Williams Appointed.

V. C. Williams received his commission as carrier for Route No. 6 from Louisburg on Wednesday. He will take hold of the duties of the route on Oct. 1st. In the examination for this position Mr. Williams made an average of 90 1-2 being decidedly the highest of the number applying. He will no doubt make an efficient carrier as he is fully capable of filling the position.
