Items of Interest Gathered From in  
and Near Our Sister Town Each Week

CLOSES ON WEDNESDAY

—Don't forget the Parland & Newhall Company coming in December.

—There is a little visitor at Mr. L. Pirie's which arrived early Sunday evening—a little girl.

—Mr. Alcock has moved his family from Mason street to the residence of Miss Kate Spain on Main street.

—The town commissioners say we are going to have "good roads." We are glad to hear it. We need them.

—The Franklin Grocery Co. is erecting a large storage house on the railroad property near the oil house of E. J. Cheatham.

—The Ladies of the Graded School and their Athletic Association were very successful with their Oyster dinner Saturday, clearing \$15.00.

—A. L. Allen has moved his family to Hillsboro street in the residence of Chief Cooke. Chief Cooke has moved on the 2nd floor, and Mr. Allen will occupy the lower rooms.

—The Young Ladies Missionary Society of the Methodist church met with Misses Mattie and Katie Ballard Monday afternoon to arrange for a barbecue and Oyster Dinner on Saturday.

—A. H. Vann has begun work on his new building on Winston Heights opposite the Graded School building on east side of the railroad. The dwelling when completed will be occupied by Mr. Foye, the night foreman at the Sterling Cotton Mills.

—There was a regular family re-union at A. L. Allen's Sunday last. All of his children and grandchildren were present, making nineteen in all, who dined at his table at the noon meal. There were also many out-of-town visitors, which made it appear to be a social gathering of "ye olden" times.

—The "TIMES" collectors are numerous right now. You meet them on nearly every corner, but their success is slow. Cotton low and people hauling it home, makes their "purses scarce of change." Somebody will get the piano and other premiums and all of them expect to get something. They deserve it as they work diligently to that end.

—We were informed the past week that a company, composed of B. W. Ballard, E. J. Cheatham, G. L. Whitfield and others had been formed and had purchased the lot of Colonel W. L. McGhee, on the corner of Main and Mason streets, and were preparing to erect a modern store building thereon. There will be two or three rooms and will be well fitted up for business. M. S. Davis, of Louisburg, is making the plans and specifications for the structure.

—In response to an invitation from the Mayor, a mass meeting was held in the Mayor's office Monday night in connection with the regular monthly meeting of the town commissioners to discuss some means of street improvement. The outcome of the meeting was a resolution passed asking the commissioners to employ an engineer to make calculations and submit to another mass meeting to be held later, the plan of what could be done as to grading, straightening, and in other ways improving the streets and the expenses. Much objection was raised against doing away with the shade trees.

—Your correspondent visited the Farmers' Union cotton gin last Monday. This gin is doing good work and giving general satisfaction. The "crew" who runs the machinery are experienced gentlemen and know their business. There is no such word as "fall" when they have such managers as W. S. Pruet as general superintendent, Kit Kearney, as foreman of the gin; Auburn Fowler and Finner Hight at the press, and Dick Hight at the engine. They were six weeks' later than the other gins getting started, but up to Monday at 9 o'clock had ginned 524 bales. They are a hustling crowd and deserve much praise.

### Personals.

Miss Susie and Milton F. Allen, of Raleigh, spent Sunday with their parents here.

### Barbecue and Oyster Dinner.

The young ladies of the Methodist Missionary Society will serve a barbecue and oyster dinner at the Mayor's office Saturday from 11:30 to 3 o'clock.

#### MENU.

Oyster Stew, Crisp Crackers, Celery, Barbecue, Brown Bread, Deviled Eggs, Oyster Fry, Loaf Bread, Chicken Salad and coffee.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. The remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all dealers.

### Came Very Near Being Killed.

On last Monday morning while waiting to have a bale of cotton ginned at H. D. Hall's gin near Alert Aaron Taylor colgred came very near losing his life. He started to pass the end of a shafting which had been wrung into and left rough at the end. The end of the shafting caught in the back of his coat and whirled him over a dozen or more times and tore off his coat, shirt undershirt, cap and suspenders, and wound them all up on the shafting. His breast, arms and back were all very badly bruised but happened not to break any of his limbs. After receiving medical attention he seemed to be getting along very well.

### Balked at Cold Steel

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals Burns, Blisters, Sores, Bruises, Eczema, Pimples, Chaps, Sore St. Pile cure 25c at Aycock Drug Co.

### A Surprise Halloween Party.

Entirely unexpectedly to Misses Mattie and Katie Ballard, a party of young people, "armed with ammunition," presented themselves at their home for a Halloween party on Tuesday night.

The visitors carried jack o' lanterns and appeared quite "Halloweeny." They brought with them all the "goodies" imaginable!

Chafing dishes were produced and soon all kinds of inviting "dishes" were being stirred.

What difference did it make if the chocolate fudge never "got done."

They forgot their failure in the "excellence" of Welsh rarebit and other "successes."

While sitting in the firelight they toasted chestnuts and told fortunes.

In the height of glee they said "good night" and were taken home by Mr. A. H. Vann in his automobile.

Those present were Misses Frances Winston, Grace Ward, Nellie Conway, Messrs. A. H. Vann, E. J. Cheatham, and W. W. Harris.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

### Our Public Library.

Six years ago the ladies organized a club to establish a Public Library in our town.

They worked hard and succeeded in collecting a splendid Library, consisting of modern Encyclopedias, all of Shakespeare's works, Scott's Dickens, the masterpieces of many of our standard writers and the latest fiction. Each year new books have been added, and just recently a number of the best of the new novels have been added.

We wish to remind the people that the Library is here for their use and is open every Wednesday from two to three o'clock.

The dollar fee, paid by all who have use of the books, is necessary to keep up the Library.

We want to increase the membership of the "Library Association" and add more books to the collection.

As a protection to the books, "Library Regulations" have been posted in each volume, so there can be no misunderstanding in what is expected of the person holding a book.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by all dealers.

### Tuesday Club.

The Tuesday Club (postponed till Wednesday) met with Mrs. A. R. Winston.

After the usual preliminaries, the new "Constitution and By-Laws" were read by Miss Kate Ballard, voted on and adopted by the Society. Then followed reports from committees.

Mrs. A. S. Joyner, chairman, of the Civic Improvement Committee reported that the work at the cemetery was begun this week.

The people of our town are interested in this work and every effort will be made to do effective work there.

Miss Mattie Ballard, chairman, of the Committee on Improvement of School Grounds, reported favorably; satisfactory prices on trees and shrubbery secured. Work there will be commenced soon.

The officers elected at former business meeting, viz:

Miss Frances Winston, president, Mrs. A. S. Joyner, vice-president, Miss Minnie Morris, secretary and Librarian, Miss Mattie Ballard, treasurer, reported satisfactory work in each line.

After the business session the members entered heartily into as game of "Hearts."

Delicious three course refreshments were served.

At the time of departure all present voted this the most enjoyable occasion and expressed delight in the reorganization of the club.

### A GREAT DISCOVERY.

Certain Ingredients That Really Promote Hair Growth When Properly Combined.

Research is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a selective matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant, and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93% of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store.
