Items of Interest Gathered From in and Near Our Sister Town Each Week

CLOSES ON WEDNESDAY

—We are glad to see Mr. A. B. Wester on our streets again after a short illness.

—Mrs. J. S. Roberson we are informed is very ill at her home on Mason street.

—Miss Nellie Whitaker who has been in Rex Hospital for several days, returned home Monday.

—Col. W. L. McGhee left this week for the northern markets to buy the spring stock for his Front street store.

—Captain Nicholson has a new heavy weight motorcycle. Its a nice machine and may prove to be satisfactory to him after he learns to ride it.

—Mr. George Whitaker will soon have his planing mills in running order on the property of Mr. Thomas Whitaker in the north eastern part of town.

—Misses Ethel and Azelle Sandling, Derwood Kearney Thal Harris and Capt. Nicholson attended the dance at Sid Duke's Wednesday night of last week.

—We understand that Mr. Tom Whitaker is negotiating with a power plant at Henderson to extend their power to Franklinton and light the town by electricity. We understand that the town fathers have already given contract for lights to the Light and Power Co., of Raleigh.

—Franklinton seems to be on a "boom" just at present. Several new buildings are going up. Among the number Mr. G. L. Whitfield has taken a contract to erect a large three story building in the bottom on Mason street to be used we understand as a laundry.

—We are reliably informed that the contract for a modern hotel has already been given out, and in the near future we will see a hotel here that but few towns can boast of. Let the good work go on and in a few years our town will be written in history as the model town of North Carolina.

—There passed through town last Friday three government automobiles en route to Atlanta and other points. We were informed that these cars were sent out on a test tour to test their carrying capacity. They were built on the heavy track order and with large double rear wheels with 80 horse power motor. We learn they carried sand to test their power in weight. They were well covered with mud and it is said they had been making only eight miles per hour.

### A Birthday Party.

Miss Ada May delightfully entertained a crowd of her friends on Friday night in honor of her fourteenth birthday. At an early hour the boys and girls arrived, each one presenting a dainty remembrance. Many games were played after which refreshments were served. All seemed to enjoy themselves and at a late hour the guests departed voting Miss Ada a charming hostess and wishing birthdays come oftener. Those present being Misses Ruth, Lallie and Lucy-belle Blackley, Bessie Whitaker, Lallie and Lilly White, Ruth Whitfield, Tennant Ward, Clyde Rowe, Ada and Kelly May, Annie Wester, Crawford Kearney, Buck Wester, Fred Morris, Edwin Rose and Hugh McGhee.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Carter's Great Peppermint Cure and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by all dealers.

### A Suggestion

Soon the Trustees of the Franklinton Graded school will be looking around for teachers and a principal for the next school year. As an observer sees it, would it not be well since the patrons of this

school own and support this school by taxation which they willingly voted upon themselves, that the Trustees before they make a selection of teachers from the list of applications which they may have, to call a mass meeting of the patrons, find out from them whom is wanted for a teacher. It may be that some teacher who is very popular with the Trustees is very unpopular, as a teacher, with the patrons. No one knows so much about the teachers and a principal and their work, as the patrons who have children in the school.

It is known that our school is in debt, would it not be better, not to hire a principal for next year, as an experiment, and pay off a little of this debt.

It is a known fact that to the teachers credit is due for the work done in the school, not only in this but all schools. Some of the best preparatory schools in this State are run in this way.

I am always willing to yield to the majority, I fully believe that this plan of hiring teachers and principals by a majority vote of the patrons, would be a step forward in the management of our public schools.

JOHN S. ROBERSON,  
Franklinton, N. C.

### He Won't Limp Now

No more limping for Tom Moore of Cochran, Ga. "I had a bad sore on my instep that nothing seemed to help till I used Bucklen's Arnica Salve," he writes, "but this wonderful healer soon cured me. Heals old, running sores, ulcers, boils, burns, cuts, bruises, eczema or piles. Try it. Only 25 cents at Aycock Drug Co."

Few of the things that come to the man who waits are the things he has been waiting for.

Solicited by friends to do so, and with a great desire on my part to represent my county in the legislature, I hereby announce myself a candidate for the next representative of Franklin county, subject to the Democratic convention. 1-5-12-tf A. B. WESTER

# The Bigger LITTLE Store

Is just around the corner any more.

I am Now Occupying the Old J. P. Winston's Store

One door below the Beasley-Alston Drug Store.

This store is 100 feet deep and I am filling it to its capacity with the best selected line of dress goods, laces, embroideries, flouncings for skirts and suits, ladies white dresses, spring coat suits, shirt waists, separate skirts and have received this week two large shipments of spring

Shoes and the newest fads in 1912 Slippers

I am determined to make my spring stock the best to be found in this section, by strenuous effort and careful selection and rejection I have gotten together a line that will be a pleasure for the most exacting judge of both quality and style to examine pages of description will give only a general idea of appearance and excellence of material.

The goods themselves must be seen to be appreciated and once seen the prices render them irresistible

My 1912 shoe stock is filled with better values than I have ever before been able to offer. You have been taking my word for 30 years and getting good shoes all the time when I tell you they are good they are good, your greatest mistake is when you buy elsewhere. I sell for cash, have no expensive book keeper and am dividing profits with my customers.

It will be suicidal to your pocket book to fail to see my stock. I covet comparison.
