

OPENS CAMPAIGN.

Hon. T. W. Bickett, Attorney-General, opened the campaign in Franklin county with one of his excellent speeches at Dickens on last Thursday afternoon. He discussed the different issues in a most interesting and intelligent manner and like unto himself kept his audience in perfect control with his ready wit and humor. He has done the cause of Democracy an untold amount of good in Franklin county and the State and our people are always glad to hear him.

THE public rather know what a man has done than what he expects to do.

DON'T sell the court square—make a public or monumental square of it.

THE public is glad of the rest in the Senatorial campaigns caused by the wrangle between speakers.

VERMONT made big Democratic gains in their recent elections which is conceded to mean a Democratic President.

LET everybody lend encouragement to the Board of County Commissioners in the move for a new court house and jail.

ROOSEVELT would possibly be satisfied if he were made Czar of the United States provided several other countries were thrown in.

LOUISBURG is not the only town that has trouble with her public conveniences. Raleigh has not settled her water troubles yet.

TROOPS are being sent to the Mexican border to prevent the fighting on American soil. If Mexico don't look out Uncle Sam will take her over and make her behave herself.

REALLY would you like for your wife or daughter to have to attend court in the present condition of the court house, absolutely void of any reception rooms or other conveniences?

MAINE elected a republican Governor the past week by a small majority and three out of four republican Congressmen. Although it is being asserted that the State will go for Woodrow Wilson for President.

ENLARGED tonsils should be suspected where there are frequent attacks of tonsillitis, enlargement of the glands in the neck, and deafness. Suggest to the parents in a tactful manner that the family physician examine the child's tonsils.

SOME have seen fit to criticize the Law and Order League and the officers generally for their efforts in enforcing the prohibition law, and we have heard these same people criticize them for not being more severe on some other crime.

QUACKS thrive upon the ignorance and gullibility of the people. The only remedy for quackery lies in the education of the people in those medical facts and theories which will lead them to see that there is a scientific foundation for rational medical practice.

AN ideal spot for the new court house and jail—the old Shaw lot. The court house could be placed in the front and the jail in the rear, making a splendid arrangement. A walkway from each could be arranged. The material now in both buildings would assist greatly in the new ones.

KITCHEN was given a position in Congress and was not satisfied. He then asked for and was given the Governorship of North Carolina and he is still not satisfied. He is now asking for the Senatorship and if he should get that he would possibly be asking for the presidency or advocating the establishing of a monarchy and making him chief ruler.

Now be honest, wouldn't the court square make a beautiful public square. The Confederate Monument could be placed thereon and also a monument for the Stars and Bars, and to Franklin county's honored sons, Messrs. Joseph J. Davis and Matthew S. Davis. The one being especially noted for his honesty and fair dealings in everything, the other for his educational spirit. What better association could you suggest?

It may be building air castles, but wouldn't it be nice for the county to furnish the court square and the town fit it up and make a pretty public square for the convenience of the people through the county when they come to town? The public is entitled to a place of its own like this and we feel that the Commissioners would be showing their appreciation of the public by making this provision.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience of the use of that remedy and the knowledge of the many successful cases of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

Cheap Paint.

The cheapest paint is the one that goes furthest and wears best; there is most in a gallon of it.

What is a quart of milk worth? Depends on the milk.

So of paint; depends on the paint. Devco is worth the top price, whatever it is. Poor paint is worth nothing at all; you've got to pay your painter \$3 or \$4 a gallon for putting it on; and it don't worth it.

Devco goes twice as far and wears twice or three times or four times as long.

The cheap paint is Devco at the top of the market.

McKinnis Bros. Co., sells it.

REMEMBER YOUR LAST DOSE OF CALOMEL?

You Probably Recall the After-Effects of the Calomel More Than You Do the Sickness You Took It For.

You don't have to go through this again.

Next time your liver gets sluggish and inactive, we suggest that you go to Scoggin drug store for a bottle of Dodson's Liver Tonic, a vegetable liquid that will start your liver as surely as calomel ever did and with none of the after-effects of calomel. It is absolutely harmless both to children and adults and demands no restriction of habits or diet.

Scoggin drug store guarantees Dodson's Liver Tonic to take the place of calomel, and will refund your money if it fails in your case.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grand-mother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unguarded for piles, cures or cold-sores. Only 25 cents at Aycock Drug Co.

Notice to Teachers

The School Committee of Hayesville township will meet at Henry Ford on Saturday, September 14th, 1912 at 2 o'clock for the purpose of electing the teachers for the several schools of the township. Those wishing to teach in said school will make application in writing, sending certificate, on or before said day.

R. G. WOOD, Sec'y.
R. F. D. 3 Mason, N. C.

Look to Your Eyes

The nights are getting longer. The schools are opening. Both old and young will have occasion to use their eyes more and more, especially at night. Artificial lights are more trying to the eyes than day light.

Parents and Teachers

should look well to the eyes of their children. Most eye troubles are acquired or developed in school. Many a so-called "dull and stupid scholar" has a bright mind, but doesn't take to books because of some defects of the eyes of which neither he nor his teacher is conscious. Immediate attention would awaken new aspiration; cause him to love his books, possible lead his classes; save him much misery and yourself future regrets.

IF

Your head aches
Your eyes ache
Your eyes tire
Your eyes burn
Your eyes water
Your eyes squint
Your eyes in any way give you pain
Troubled with dizziness, nausea or extreme nervousness and the ordinary remedies fail to effect a permanent cure, the eyes are the probable cause of the trouble and nothing but properly fitted glasses will give relief.

Wrong glasses are often worse than no glasses. A misfit will aggravate rather than alleviate his sufferings. Permit none but a qualified specialist to prescribe for his eyes. I make a specialty of examining eyes and fitting glasses.

W. B. MORTON

Hints To Farmers.

Now is the time that you realize on your season's work. As you sell your grain, stock or produce, place your money on open account with a reliable bank. Pay your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money. Our offices are always at the disposal of our customers and country friends. Call to see us when in town.
