C. S. Williams is about ready to put in the plate glass front in his large brick store on Main street. If others would follow Mr. Williams

"motto" and put up nice two story buildings we would soon have a business street that you would be proud of.

Mr. C. B. Green, clerk of court of Durham, his wife, Mr. Walter Dick and wife and E. J. Green, superintendent of graded schools of Durham, visited Mrs. Green's brother, Mr. E. W. Morris last Saturday. They came over in a six passenger car and report roads in Franklinton township extra fine.

In noting the many improvements in our town we neglected to say something about the many improvements on north Main street. Mr. C. D. Britt has added many attractive improvements to his residence, in the way of paint. We see also the dwelling of Dr. Ford has been overhauled and made an attractive and handsome dwelling, also Mr. James Morris has about completed his new dwelling which will show up with any in our town.

There has been a lot of comment for the last week in regard to the poor lights we have been having. We called on Mr. Whittaker the head of the plant, and he informs us that the poor light is caused by the voltage being cut down to four or five volts less than the regular power on account of preventing the smoking of the globes until new ones arrive which would be the first of this week. We hope this will be satisfactory to all concerned.

It seems that the graded school children were given a free "Wild West" performance last week when Irvin Williams who was running an automobile left the street and made a wild break for the ranks of children who were marching in the building. He struck the line where the older boys were and they made a wild break for safety. This we call a very careless and uncalled for act and should be strongly condemned by the faculty of the school and every good citizen, and the guilty should be severely punished. Suppose he had ran into the ranks where the small children were there would have been several badly hurt and perhaps nearly killed. There should be a law requiring every person who runs a car to give bond as to their intelligence and experience in handling a car.

Old Confederate Barbecue.

Last Thursday was the day chosen for the barbecue to the Old Confederate Veterans. Despite the bad weather of the morning more than one hundred assembled here for the exercises. It was at first intended to have the dinner in the Joyner grove, but the rain knocked this all in the head and about 1.30 the rain held up and Capt. Kearney gave them the use of Company F's armory where dinner was served about two o'clock, after a short speech by Rev. Geo. M. Duke. The tables were loaded down with barbecue, Brunswick stew, lamb, chicken, cake and lemonade, and to finish up everybody was given a cigar. All expressed themselves as being pleased and that the barbecue was the best they ever ate. The committee on arrangement deserve much credit for their untiring efforts in trying to make everybody welcome and enjoy their visit. Special mention should be made of the ladies committee who did all in their power to make the occasion pleasant to everyone. Everybody ate all he wanted and was given a luncheon to take home to the wife. We should not forget the work of Mr. Bowen towards this dinner. He deserves much credit for his patriotic efforts for his old Comrades. After the dinner all old Veterans of Franklinton township were invited to the Mayors office where a camp was organized with 33 members. The camp was named for that noble old "Veteran" Henry C. Kearney. E. W. Morris was elected as Commander and J. J. Wilder Secretary and Treasurer. Next meeting will be on the first Saturday in October in the Mayor's office at 8 o'clock.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Somewhere, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good."

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more. Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past few years, thousands of ladies have written like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.
