

TAR DROPS.

—Court started Monday.  
 —Wash your neck—inside.  
 —It's a fine little girl at Dr. A. H. Fleming's.  
 —Good health can't be bought at the drug store.  
 —Quite a nice lot of tobacco was in Louisburg Wednesday.  
 —The change in the temperature Monday was a welcomed occurrence.  
 —Possibly the largest crowd in a long time was in Louisburg Tuesday.  
 —Quite a number of our people attended the fair at Raleigh this week.  
 —Cotton sold for 10 5/8 cents per pound on the local market Wednesday.  
 —Although its fair week quite a large crowd have been in attendance at court this week.  
 —On account of the dry spell the water in the river got too low Saturday to run the cotton gin.  
 —Remember that most people eat too much and too often. When you don't know what to eat—eat nothing.  
 —You can't go under the wire as a real winner in life's race unless you have the physical strength to carry on your work.  
 —We publish this week's issue of the TIMES on Wednesday night in order to give the force an opportunity to attend the fair.  
 —About the best record on picking cotton we have heard of yet was made by Mr. J. M. Sykes' eleven year old son, Dwight, one day the past week. He picked 211 pounds in one day.  
 —A report reached here Monday to the effect that Mr. J. C. Bowden, of Justice, lost his cotton gin, work shop and storage house together with a lot of cotton, machinery, tools, etc., on last Saturday night. The loss was heavy and without insurance.  
 —Mr. C. M. Sanders left Wednesday for Selma where he will open an up-to-date jewelry establishment. Mr. Sanders has made many friends during his short stay in Louisburg who will regret to learn of his decision to locate elsewhere.  
 —Since the discovery that flies can carry disease germs we have come to understand why typhoid fever becomes prevalent about June, gradually increasing in frequency up to October and November, and suddenly becoming almost extinct, as it is well known that flies become plentiful about June and disappear with the approach of cold weather. Unquestionable, many outbreaks of typhoid fever that have in the past baffled the epidemiologists could have been with our present knowledge shown to have been caused by these pests.

Fortunes in Faces.

There's often much truth in the saying "her face is her fortune," but it's never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at Aycock Drug Co.

Come out and help us some. These few little children that come out by themselves while papa slumbers and mama rocks the baby, we will appreciate your visit, we will not promise you a feast but it will add a Star in your Crown.  
 On Sunday morning we learned that a negro man had been killed near Popen by the name of Charlie Person, on Saturday night. It seems that Charlie

went home drinking and abusing his wife and boy and said he was going to kill them, and then his wife consulted with him and she went upstairs and let down a rifle by a card and the boy took it and started in the house, and meeting his father at the door fired a ball in his neck killing him instantly. The boy confessed so we learn at the Coroners enquest. The negro was a very bad man to his race, but respectful to white people and was industrious.

Farmers Union Work in Franklin County.

At the last meeting of Franklin county Farmers Union, there was arrangements made for me to canvass the county in the interest of the Union and Warehouse Cooperation. The idea of the work is for me to lecture at each local union in the county and to canvass the membership as near as practical soliciting warehouse stock and working up more real unionism if possible. In short the Franklin County Farmers Union needs a great revival. Lets have it. We will have it if you will do your part.  
 Our storage house will soon be completed and we want the farmers of Franklin county to own it free of incumbrance, and he worked up to the point that we can make it beneficial to the membership. It is only a question for us to solve, and no man can solve it. Every member rally to the cause.

FIRST NATIONAL BANK

# The Safest place

Look at these two men. They have been to market their cotton. One put his money in the bank and the other didn't. They were held up on the way home. The silly fellow who wanted to take his money home had to "deliver" to the robbers. The other was able to "deliver" his money to the bank. He laughed.

Take a lesson from this—put your harvest money in this bank like all other successful farmers. It is the safest place—withdraw it whenever you pleased.
