CHURCH WEDDINGS BEST.

If all marriages were contracted in churches there would be far fewer divorces, is the opinion of Chief Justice Joseph G. Donnelly of the Milwaukee, Wis., civil court. Few of our readers will differ with the opinion of this wise judge. Judging from appearances the opinion of Judge Donnelly will be timely and should be pasted in the hats of several of our young couples. He says:

"There should be first of all parental consent. Then there should be the ceremony performed by a minister in a church before the friends of both the man and the woman. There should be the ring and the wedding march and all the other little touches—call them sentimental if you will—that go with the acceptance of a sacred responsibility. And it should have the proper setting.

"Take the other side of the picture. The young couple rush to the license clerk; possibly just before closing time, to keep it out of the papers. They turn to the nearest judge and apply for a special dispensation.

"They are taken into his chambers. There is nothing here to remind them of the nature of the contract into which they are about to enter. A few musty law volumes; the smell of stale tobacco smoke in the air; perhaps a few minutes before, a woman of the under world, has sobbed out a pitiful story of sordid shame to a calloused lawyer.

"What is there in this environment to maintain the impressiveness of the beautiful sacrament of marriage? Will the average man and woman regard the ceremony performed in a law office with that feeling of awe and reverence that must come when two persons meet at God's altar to plight their troth?

"Sentiment is a strong safeguard and I believe that if more marriages were performed in churches, there would be fewer divorces."

A GOOD OLD AGE.

A good old age is a beautiful sight.

and there is nothing earthly that is as noble—in my eyes at least. And so I have often thought a ship is a fine object when it comes into port with all its sails set from a long voyage. Many a thousand miles it has come, with the sun for guidance and the sea for its path; and the waves that might have been its grave, a thousand fathoms deep, have yielded it a ready way, and winds that might have been its wreck have been its service. It has come from another meridian than ours. It has come by reefs and banks that have been washed for centuries by the restless waves, but not a plank has started nor one timber in it did prove rotten. And now it has come like an answer to the prayers of many hearts—a delight to the owner, a joy to many a sailor's home, and a pleasure to all ashore that see it. It has been steered over the ocean, and been piloted through dangers and now it is safe. But still more interesting than this is a good life as it approaches its three score years and ten. It began in the century before the present; has lasted on through storms and sunshine; and it has been guarded against many a rock on which shipwreck of a good conscience might have been made.

A Log on the Track

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lacks of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Heshelmer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at Aycock Drug Co.

### Why Clark Will Be Senator

Judge Walter Clark has the best chance to be chosen Senator in the Primary because:

1. He is Pledged to earnestly contend for an amendment to the Interstate Commerce Law that will prevent the discrimination against North Carolina in freight rates which now costs the farmers and merchants of this State \$10,000,000 a year.

2. He is pledged to contend for and expects to succeed in having returned annually in pensions to Confederate Soldiers and widows for them to spend, the \$5,000,000 which this state is sending as a war contribution to pay pensions to Federal Soldiers.

3. He is pledged to earnestly urge the repeal of the 8 cent tax on tobacco which will give the farmers 8 cents additional on every pound of tobacco they sell which the manufacturer now has to take off for Government tax. This will also destroy the Trust by leaving every farmer or neighborhood free to manufacture tobacco. It will save the farmers of North Carolina \$7,000,000 a year.

4. He will advocate Land Banks as in Germany and other countries by which the Government will loan money to the farmers, small merchants, and working men at low rates of interest. The Government now furnishes the National Banks with their money without charging interest. Why should it not furnish the farmers, merchant and working men money at low rate of interest as in Germany?

Messrs. Simmons and Kitchin have each served twelve years in Congress and have done nothing about any of these things. They not even promise to do anything now it elected.

5. He will advocate a graduated income and inheritance tax by which the multimillionaries will contribute heavily to the support of the Government, whereas nothing is now raised from them in that way.

The friends of Judge Walter Clark and his enemies alike, know that he can be relied upon after election to urge these measures as strenuously as he does now.
