County Canvass.

The regular county canvass of the Democratic candidates for the various county offices will be held as per the dates mentioned below. At each of these appointments speakers of note will be present to talk to the people on the issues of the day. You are especially requested to attend these speakings, remembering that only when all the people exercise the privilege to vote will the people rule. Go out and carry your neighbor. All are invited. The appointments follow:

Youngsville, at Youngsville, Friday, Oct. 25, Mr. W. C. Hammer.  
 Franklinton, at Franklinton, Saturday, Oct. 26, Hon. J. H. Small and W. C. Hammer.

If indications have anything to do with matters it begins to look like Woodrow Wilson is going to be handed the Presidency on a silver waiter.

The report that Jack Johnson was shot and killed by the brother of the young girl he abducted has been denied or found to be without foundation.

EVERYBODY is invited to attend the appointments of the county candidates in their county canvass. There will be some good speaking and you will enjoy the day. Go out and carry your neighbor.

AMONG the list of Federal jurors for the term which convenes in Raleigh on Tuesday, November 24th, 1912, we notice the following from Franklin county: J. A. Mitchner, Franklinton, first week; W. H. Harris, Franklinton, second week.

PRESIDENT Taft says that the high prices on the necessities of life are on the decline. Let it be hoped they are, although no evidence of such a calamity has reached here yet. However the suggestion within itself is some consolation.

JACK Johnson, the negro pugilist, is in trouble again. This time he is jacked-up for abducting a white girl in Chicago the past week. It looks like by now the law could learn him how to conduct himself better, or put him where his conduct will not interfere with other people.

It matters not who you are for it is your privilege to vote and you should exercise that privilege. Remember if you fail to exercise this privilege you will have no right to criticize anything pertaining to the election. Just as much responsibility rests upon your shoulders as any one else's in the matter of good government.

DON'T forget that you have a right to vote for your choice for United States Senator in the preferential primary that will be held at the same time and place of the regular election in November. This is important as it will decide who will be the next representative in that important body.

We learn the authorities in charge of the medical depository have decided to keep a better grade of booze in the future. It is a splendid decision and they should receive the congratulations of the entire public. Many kicks have been registered against the quality heretofore carried in stock there, and as it is supposed to be used for medicinal purposes it looks to us the best should be kept in stock. However un-

der the law they should be able to sell a pretty good grade for one dollar a quart as they are not allowed to make a profit above running expenses.

COLONEL Roosevelt, who has been in a hospital in Chicago for the treatment of the wound inflicted by John Schrank, was sufficiently recovered on Monday to be allowed to go to his home at Oyster Bay. The Colonel says he wants to make one more speech during the campaign. He is expected to soon recover.

ALTHOUGH there were no electric lights for twelve days during the month of September, due to a break down in the machinery, we understand no reductions have been made from the bills. Of course this only affects those whose lights never go above the minimum, but to our mind they should be given a credit for at least one-third of a month.

It isn't necessary to remind our people that everybody who participated in the primaries is honor bound to support its nominees. Our people are too good democrats to hide behind the corner and play the part of a disgruntled office seeker or be his tools to knife a duly nominated candidate, and will come out in full force and assist in electing the regular ticket. Let's have a big majority boys, if for no other reason because big figures look good.

This is the year from which vote the counties all get their strength proportioned in all conventions in the State and nation, also governs the number of delegates each township is entitled to in the county conventions. Let every precinct vie with each other to see which can poll the largest majority on election day. Remember that when you have a friend you want to nominate you want all the strength you can get. Now is your time to prepare for such an emergency.

Fortunes in Faces.

There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at Aycock Drug Co.

One Priced Cash-Store

If your crops are short, if you want to get full benefit for every dollar spent, it is a duty you owe yourself, your wife and children to see my stock, to let me prove that I am actually saving you an average of 10c to 1.00 on a pair of shoes.

Leather has not been so high in twenty years. Others will tell you about the advance on shoes, but you will not hear it from me, because I bought before the rise and because I sell for cash, and do business at less expense than my competitors.

Money spent here not only buys better shoes but absolute satisfaction and reliability as well.

You may find as good shoes elsewhere but you will pay more. The most convincing proof is to see for yourself. A pair of my rubber shoes is the cheapest cough remedy you can buy.
