Items of Interest Gathered From in and Near Our Sister Town Each Week

CLOSES ON WEDNESDAY

Dave Fowler had a corn shaking Sunday evening.

We hear of a lot of skills in town and the country.

The Mayor of Louisburg passed through town Tuesday.

Miss Lillie Leonard, of Louisburg Female College, visited Miss Annie Rowe the past week.

Kenneth Holmes child, that has been very sick for a long time, we are glad to state is much better today (Tuesday).

Mr. and Mrs. Willis Parrish, of Cedar Rock who have been visiting her sister, Mrs. Z. R. Rowe have returned home.

Mr. S. C. Vann has under construction several new dwellings for the employees of his large mill. The work is under the supervision of Mr. Tom Hicks and his large force, and this means an early completion of this work. We are informed that Mr. Vann will erect fourteen new houses now and several more in the early spring. The work on the new mill is progressing finely and will be only a short while before we will see a fine mill second to none in North Carolina.

A small crowd from the town population went up to the circus at Raleigh last Tuesday on the train and a large crowd went through the country on buggies, wagons, etc. We counted twenty automobiles from Henderson and Lenoir, going in that direction, and we suppose they were going to see the Elephant. Some said they only wished to see the parade, others said they were only going to Raleigh on business.

A large delegation of ladies and the male population of our town met Gov. W. W. Kitchin at the shoofly last Friday evening and a long hand shaking was given the Governor. He was then escorted to the hotel where he remained for the night and promptly at 10 o'clock he mounted the rostrum that had been prepared for him in the rear of Wheeler & Morris store and for two hours he held a crowd of ladies and gentle-

men to listen to the political humor of the present hotly contested fight for a seat in the United States Senate. There was but little demonstration noticeable and everything passed off pleasantly.

Just as I close my items news reached our town of a fatal hanging occurrence at Wake Forest. It seems that a young man from Kinston by the name of Rhodes had been out to visit some ladies and the boys had pasted a notice on his door that he would be hanged that night (Monday) and at 11 o'clock was attacked and Frank Powers son of Dr. Powers, of Wake Forest, was fatally shot. This is as we get it.

The boy's appetite is often the source of amazement. If you would have such an appetite take Chamberlain's Tablets. They not only create a healthy appetite, but strengthen the stomach and enable it to do its work naturally. For sale by all druggists.

Miss Layton Entertains.

Miss Zelma Layton entertained quite a number of friends last Saturday night at the home of her uncle, Mr. Stark Layton and as she celebrated her 18th birthday she received lots of very nice presents.

The guests were met at the door and ushered into the parlor by Misses Zelma and Osa Rayton, where they were entertained with some very pretty music by Messrs. Long, Walter Stallings and Jehanis May. Everybody seemed to enjoy the very pretty music and about 9:30 o'clock the crowd was ushered into the dining room by Mrs. Edd Layton and Mrs. J. H. Wiggins where it was set with very tasty things, both custard and cake of many kinds and confectioneries. Everything was carried out splendidly, everybody returned home at a late hour, the guests seemed to hate to leave.

Saves Leg of Boy.

"It seemed that my 4-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Lowry, Aquone, N. C. "All remedies and doctors treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at A. C. Crock Drug Co.

CORTRIGHT METAL SHINGLES

Storm-proof, too, because they interlock and overlap in such a way that the finest driving snow or rain cannot get under them. Best roof for country buildings, because they're safe from all the elements. They'll last as long as the building, and never need repairs.

The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight, because they have putty joints.

Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned.

Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.
