13 IS NO HOODOO

President-elect Finds That It Brings Good Luck.

Princeton, N. J., Jan. 1.—Another lucky year has started—the year of 1913, the year was the observation made today by President-elect Woodrow Wilson, whose life so far has proved a continuous refutation of the old superstition regarding the ill-fortunes of 13. President-elect Wilson's 13 has proved a signal of good luck and in discussing this question today he said: How the number 13 has figured in my life—all years in connection with some good fortune. You know the electoral college, which is to cast the vote officially electing me to the presidency is to meet January 15, 1913. Perhaps you have noticed that if the numerals making up the year 1912 in which I was elected President, are added up the total is 13. It is also a fact that mine the thirteen first term, and if these numbers are placed backward the result is 13.

The President-elect watched the old year out and the new one in, retiring thirteen minutes after 12 o'clock.

Further, in connection with the reversed superstition of 13 Mr. Wilson was a professor at Princeton University thirteen years and was thirteenth president of that institution. Mr. Wilson frequently points out that there are thirteen letters in the name Woodrow Wilson, for he never uses his Christian name Thomas. Upon his recent trip to Bermuda he left his cottage there on Friday, December 13th.

The first person to wish the President-elect a happy new year was Richard Taylor, the secret service agent, who is Mr. Wilson's bodyguard.

Error.

In our report of the court's proceedings last week we stated that Norman King was given four months in the State's prison at hard labor. In justice to the court we hasten to correct same as it should have read four years instead of four months. An appeal was taken and the bond was placed at \$2,000.00.

Woman Fires at Officer Kills Her Husband.

Henderson, Feb. 1.—About 5 o'clock this afternoon Charles Snyder and his wife were riding on the street in the vicinity of the Harris cotton mills and began shooting with pistols. A warrant was issued for their arrest and placed in the hands of Deputy Sheriff Guppton. While the paper was being served Mrs. Snyder secured a pistol and opened fire on the officer, who stepped behind her husband. A bullet entered Snyder's heart, killing him instantly, while the officer was wounded in the shoulder. It is said both husband and wife were intoxicated. Officer Champton took from the pockets of the dead man twenty-seven cartridges.

The House has not yet acted on this matter.

HORTICULTURAL BUILDING, PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

ONE of the most notable buildings at the Panama-Pacific International Exposition at San Francisco in 1915 will be the great Palace of Horticulture, constructed of glass, covering over five acres, or two city squares in extent, and surmounted by a dome 150 feet high. The Palace of Horticulture will be set in a great tropical garden near the main entrance to the exposition grounds. It will be 672 feet long and its greatest width will be 320 feet. An impressive nave eighty feet high will run the length of the building and paralleling the central nave on either side will be two side aisles fifty feet in height. At the main entrance to the building a huge arch will be adorned with classic bas-reliefs suggestive of the purpose of the structure. The entrance and interior of the Palace of Horticulture will be decorated, with trellises upon which flowering vines will be trained. When the exposition opens the Horticultural Palace will appear as if set in the heart of a marvelous garden. Although wood will be used in connection with glass the Palace of Horticulture will be in every sense a glass palace; it will be the largest glass structure ever built. During the night illuminations at the exposition the vast surface of the building will present unusual and beautiful reflections.

in Louisburg join in extending the deepest sympathy to the bereaved family.

News received here the past week is to the effect that several repeated attempts by some unknown person or persons have been repeatedly made to burn the home of Mr. J. C. Tharrington, who lives about eight miles from town. It has gotten so serious that it is necessary to keep a guard around the premises all the time. It is said that on one night while the family were putting out the fire on one side of the house the incendiary set fire to the other side. It is a pity that the officers can't get hold of the guilty party.

Took \$640 Out of the Bank; Lost It.

Mr. A. J. Jones, a farmer living near Speed, N. C., lost or was robbed of \$640 in currency in Tarboro Friday morning. Mr. Jones received a check on the first National Bank for \$640, the proceeds of his crop. He presented it at the bank and demanded the currency. Mr. Morrisette, who waited on him, asked him if he did not want to leave the money on deposit, but he would rather carry the cash with him and was paid \$640, mostly in \$20 gold certificates. With this big roll of money Mr. Jones started to pay off some of his bills and settled his account with several of the storekeepers. While going into a store to pay his account he discovered that the roll had disappeared. —Southerner.

Resolutions.

In the stillness and quiet of a Sabbath morning three weeks ago, the spirit of our beloved friend and sister Mrs. G. W. Brown took its flight from earth into the paradise of God. For many years she had been an assistant member of the Methodist church, belonging also to our missionary societies home and foreign. In an unobtrusive but most decided way she showed by her daily life that the religion she professed was to her blessed reality. She delighted in helping all who needed her help, and by her brightness of disposition, and her gentleness of manner combined with her clear intelligence she has cheered many a sick room, and helped to bring back to health and strength the weak and suffering. Resolved that while our hearts are deeply saddened by her loss we realize that we must bow in humble submission to the divine will knowing that God in his infinite wisdom death all things well.

Obituary.

Death angel has visited our father and mother's home Mr. and Mrs. Willy Wood and taken away their baby which was all they had to survive them in their old age. Oh! how hard it is to part from those we love so well but God's will must be done. Masie was 23 years old and was released from this world of sin and sorrow the 23 day of January 1913. Masie was industrious and cheerful and was loved by all who knew him and will be so much missed by his old aged mother and father who Masie loved so devotedly, and his death was so sudden. Masie was one of God's ignorant servants, he knew not what sin was or good from evil. His death came from sitting down a tree and it fell on him only living about 4 hours he was unconscious in a short while after Sid House found him and he never spoke again. The death blow was on his head although it broke his ankle and mashed his body he said he hurt all over but he soon knew nothing of it. Doctor Robbitt or friends could do him no good. God gave best to take Masie away. May God bless and cheer the so much grieved parents and two brothers all that is now living out of 10 children, seven lived to pass age of freedom.
