**Mr. Wilson Big Loser**  
Mr. A. W. Wilson, who lives about three miles north of Louisburg on Thursday night of last week had the misfortune of losing his barn by fire including all his feed, two head of horses and mules, fourteen bales of cotton and all his harness and implements. The fire was not discovered until it had gotten long beyond the hopes of control as it happened about one o'clock. Mr. Wilson is one of Franklin county's successful planters who has laid by a supply of home supplies and this loss will be quite a setback to him. He has the sympathy of the entire community in his loss. There was no insurance on either the building or its contents and it is thought the origin of the fire was incendiary.

**Loses Debate**  
Quite a good number of Louisburg's population gathered in the Graded School Auditorium on last Friday evening to hear the debate between Oxford and Louisburg school debating societies. The query was "Woman Suffrage" and the speeches on both sides were good and showed special points in their preparation. Oxford did well their part in upholding the negative side of the question and was awarded the decision by the judges. Those debating here were for Oxford, Messrs. Wrenn and Parker; Louisburg, William Bailey and Charlie Cooke. The judges were Mr. D. F. McKinnon and Revs. E. L. Malone and W. M. Gilmore.

**The Legislature.**  
Raleigh, Feb. 25th—Last Thursday afternoon before the House committee on counties cities and town the advocates of the new county of Middlesex had their hopes dashed to the ground when the committee voted unanimously against the establishment of the new county from portions of Franklin, Johnston, Wake, Nash, and Wilson counties. A large delegation came to Raleigh to present their project to the legislators. During the past week some of the most important measures to come before the legislature during the present session were either passed or killed on the floor of the house. After a fierce struggle the Justice state wide primary bill was defeated by a close vote, 54 to 51, failing to pass the second reading. Mr. Justice and Mr. Page championed the measure while Mr. Bowie and Mr.

Doughton offered a most strenuous resistance to its passage. The six months school term bill has passed both houses. The Senate amended the bill so as to allow counties to levy a special tax to meet any deficit caused by extra expense incurred on the account of the longer school term, and the house has concurred in the amendment. The child labor law has passed the house and its most important feature, namely, the provision for an inspector and an assistant inspector. The county superintendents of education are to act to a certain extent as inspectors.

The bill to protect human life by prohibiting trespassing on the rails on roadbeds or steam railroads met its defeat in the house after a hard fight for its passage was made by its author, Mr. Bolich, of Polk, a locomotive engineer. Several frak amendments were offered.

The bill to incorporate the town of Bunn, Franklin county, has passed the house. The bill for road bond issue for Manning township, Nash county, has passed both houses.

The Justice anti-trust bill has passed the Senate. Mr. Justice is still after the railroads and yesterday introduced the following bill:

Section 1.—That no railroad company or railroad companies hauling intrastate freight between two points in the state of North Carolina, and where the entire haul is within the state, shall charge or receive for such haul for a given kind and quantity of freight any greater sum than the rate published, charged, or received by a railroad company or railroad companies for hauling a like kind, and quantity of freight in the same direction and a longer distance where the longer haul, whether intrastate or interstate, embraces the shorter distance, all of said shorter distance being within the state.

Section 2.—That it shall be the duty of the North Carolina corporation commission forthwith to re-adjust, and to require the railroad companies doing intrastate business in North Carolina to re-adjust their intrastate charges for hauling freight so as not to violate section 1 of this act.

The usually calm and tranquil sessions of the house were interrupted last night when ex-Senator E. R. Johnson, of Elizabeth City, was brought before the bar of the house to answer to the charge of assaulting Representative Payne, of Currituck, yesterday afternoon in the capitol just outside of the hall of the house. A special committee was appointed by Speaker Connor to investigate the matter. The committee reported that they found that the "affair" took place when neither of the houses nor any of committees were in session, that both had been partly to blame, and that a reconciliation had been effected between the two men during the investigation. The committee recommended that Mr. Johnson be discharged, which was done. It appears that Mr. Johnson did not like and the two men came to blows the gentleman from Currituck getting a "black eye" in the mix-up. Mr. Johnson not showing any signs of the trouble.

The first of the revenue bills was introduced in the House this morning by Mr. Williams, of Buncombe, chairman of the House finance committee. This bill has to do with taxing incomes, inheritances, franchises, and licenses.

### Brick House by Parcel Post.

The latest thing in the field of the Parcel Post system is the shipping of a brick house by mail. Each brick manufacturer in the United States is going to send a brick of their manufacture to the Clay Exposition at Chicago from which number a house will be built. Each one of these brick will be sent by Parcel Post.

The team sent from here to Weldon were Messrs. Frances Yates and William Winston and were accompanied by Supt. W. R. Mills. They debated the negative against Weldon's affirmative, but apparently late was against them and they lost out there. However, the score of points stood 7 and 6. The debates of these young gentlemen were splendid and was greatly enjoyed. Oxford won from Weldon at Oxford and therefore enters the contest at the University.

### Madero Shot to Death While Leaving Palace.

Mexico City, Feb. 24.—Francisco I. Madero and Jose Pino Suarez are dead. In a midnight ride under guard from the national palace to the penitentiary they were killed.

The circumstances surrounding the death of the deposed president and vice-president of the republic are unknown, except as given in official accounts, which do not in all cases conform. The only witnesses were those actually concerned in the killing.

The provisional president, Gen. Victoriano Huerta says the killing of the two men was incidental to a fight between their guard and a party attempting to liberate them. The minister of foreign relations, Francisco de Lara, says that the prisoners attempted to escape. Neither makes a definite statement as to which side fired the fatal shots. It is not impossible that neither knew.

An official investigation has been ordered to determine the responsibility and solemn promises have been made that the guilty will be punished.

Not unnaturally a great part of the public receives the official versions with doubt, having in mind the long centuries of the notorious "Ley Fuga," the unwritten law which is invoked when the death of a prisoner is desired. After its application there is written on the records, "Prisoner shot trying to escape."

### Illustrated Lecture.

The illustrated lecture given at the Methodist church on last Tuesday night for the benefit of a fund to make needed repairs at the parsonage, was attended by a large number of our people. It was quite a novelty to our people in the fact that their opportunity of witnessing such a well gotten up illustrated lecture has been small. The lecture was both amusing and instructive, being in a general way a trip to the Chinese Empire—the lecture being on China or the Dragon Empire. The instrument used by Rev. Mr. Wilcox is a splendid one and in his hands gives par excellent service. The many who attended were delighted with their evening entertainment and will no doubt avail themselves of all the remainder of the course. Tonight the second lecture of the course will be given and will be entitled "At the Gates." This promises to be an exceptionally good one as the films are especially good and quite a large crowd is expected to go out. There is no admission fee—only a silver offering will be taken at the door. Don't forget tonight at 7:30 at the Methodist Church.

### Parrish-Upchurch.

Invitations as follows have been received by friends:  
Mr. and Mrs. William D. Upchurch announces the marriage of their daughter Lillian Estelle to Mr. Cleary R. Parrish on Tuesday afternoon, March eleventh, nineteen hundred and thirteen, at 6 o'clock, at Sarepta church, Franklin county.

These are among Franklin county's most popular young people and the coming event will be watched with much interest by a large number of friends.

### Braswell-Coley

Yesterday afternoon about three o'clock, in the Dorset section Mr. T. J. Braswell of Castilia and Mrs. Mary Ellen Coley, were united in marriage, Rev. J. Rumley, of Nashville officiating, there being present a goodly number of friends to witness the ceremony and extend congratulations. There are few men in the county known better than "Plain Tom" Braswell and to him and his excellent wife the hearty good wishes and congratulations are extended by hosts of friends.—Nashville Graphic.

Plain Tom is very pleasantly remembered by the readers of the Times, all of whom join in extending congratulations and best wishes.

### To Enforce Bicycle Law.

Chief of Police Tucker in keeping with his determination to break up so much bicycling on the side walks of Louisburg made his first arrest Wednesday morning when he took Charlie Malone, a colored boy who was engaged in delivering packages for E. J. Macon, before the Mayor, having caught him in the act. Charlie was fined \$5.00 and cost. Chief Tucker is to be congratulated upon this move and will do the public a great service if he succeeds in breaking up this dangerous practice. He wishes to say to the people of Louisburg that he is going to deal with every one he can get regardless of color or standing and that he sincerely wishes the offenders will stop the practice without forcing him to stop them.

### Letter from Mr. Holloway.

The following letter has been received from Mr. J. H. Holloway relative to the position of Mr. J. A. Turner on the school problem:

Raleigh, N. C., Feb. 23, 1913

The Franklin Times

Louisburg, N. C.,

Dear Mr. Editor:

I notice in your current edition of the Times, a Card from the gentleman who represents this County in the Legislature (to his entire personal satisfaction) on the bill recently passed increasing the membership of the public school committee. The Logic of his position seems to the writer, very poor. According to his reasoning, we should have a representative in the Legislature from every township in order to let every section have an equal voice in the Legislative matters. If there are any existing evils in our present County School system, why not say so in plain

every day language and set about correcting them. Why was it necessary to increase the Board membership by two members and please tell us what bearing that can have on the matter, except to possibly give the controls to some other faction. It is not a fact that our able Representative has allowed himself to be made a cat's paw for somebody, Chestnuts out of the fire, for somebody, with an axe to grind or a spite to satisfy. Why was this action so precipitate, without giving the people of the County an opportunity to be heard in the matter. There seem to be "A Nigger in The Wood Pile" and when the thing finally has the light turned on, a little bird has told us, the "whole business is aimed at our very capable County Superintendent and no account of sophistry can make any sensible man believe any other purpose is in view by the promoters of this scheme. The present board is composed of men who enjoy the confidence of their neighbors and the people of the county and how the addition of two other members can do any thing but increase the boards Per Diem, the writer is too dense to understand, unless as above said, it is done for purposes of manipulation.

Self praise has never yet convinced the people of the correctness of the position of any public servant and neither will it do so in this instance. Mr. Turner's article is more notable for what it does not say than it is for the explanation it purports to be.

Very truly  
JAMES H. HOLLOWAY.

### Cabinet Appointments.

Washington, D. C., Feb. 25.—It was stated positively tonight in high congressional quarters closely identified with the incoming administration of President Wilson, that the following cabinet appointments had been determined upon definitely:

Secretary of the treasury, Wm. G. McAdoo, of New York.  
Postmaster General, Albert S. Burleson, of Texas.

The foregoing names and positions are said to have advanced entirely beyond the state of conjecture of gossip and become finalities in the forthcoming cabinet list. Other places in the cabinet are said to be reasonably settled with the exception of the portfolios of war and agriculture.

### Moulton Items.

People around here are all very busy in making preparations for farming. On account of the unfavorable weather they have not done much yet.

Miss Nellie Perry, Masters Forest and Perrie Smith, were making a drive to Mr. W. H. Moseley's Saturday morning with the calves. The calves jumped off and threw Miss Perry out in a mud hole but did not hurt her very much. After they got down to Mr. Moseley, Miss Perry and Miss Mary Moseley went horse back riding. They report a nice time but say that the roads are very muddy.

Glad to say that the Moulton School is in better condition than I have ever seen it before, we have a fine teacher and hope to have her with us another season.

There hasn't been very much news from this little place in sometime, but we are still living and in the ring.

Our Sunday School is improving rapidly, have good crowds and a great deal of interest is being manifested. Stick to it boys and girls and strive to make your Sunday School the best.

BLUE EYRS.

### New Idea.

There is a new scheme on foot by which the schools of Franklin county are to have at their disposal, a stereopticon for the purpose of giving illustrated lectures on various subjects. Dr. Fleming is working on the plan for raising the money and several of the teachers in the schools in the county have expressed a willingness to help. The plan is to select from the musical talent of the county, some of the best known musicians and give a series of high class musical entertainments in the schools. The money thus raised will be used to purchase a stereopticon and suitable slides, and the schools assisting in the movement will have the privilege of using the lantern and slides.

This will be a great addition to the teaching facilities as there are many instructive travel and other slides that are to be had. The lantern is to be fitted with both gas and electricity so

### Remember Your Loved Ones.

When you are in the market for monuments and headstones it is well to write to T. O. Sharpe, Durham, and get prices before closing the deal. Or better still, he will pay your expenses to Durham and return if you care to inspect the best collection of monuments in the state. See the advertisement of this reliable marble works elsewhere in this paper.

### Moves to Warrenton

Their many friends in Louisburg will regret to learn that Mr. Geo. Scoggin and family have moved to Warrenton and will make that town their future home. Mr. Scoggin, through his general disposition and business capacity has become very popular among our people who are averse to giving him up as a citizen, and the society of Louisburg will greatly miss the pleasing presence of his good wife. Especially is it so in this case that what is Louisburg's loss is Warrenton's gain.

Fulghum our county business agent will give you some startling prices. The Union will be addressed by Rev. G. M. Duke one of the best beloved men in the county, not for the fifty lucre he has piled up but because he is a man of God and wisdom. Come and hear him. T. J. HARRIS,  
Pres. Franklin County Farmers Union.

### To Residents of Louisburg.

I would like to advise the people of Louisburg that there are some cases of whooping cough in our town. It is not absolutely necessary to quarantine it if the families who have it in their home will take the precaution to keep those with the disease from spreading it, that is to say please keep your children from contact or association with others who haven't it, and by no means let any of them attend the public school. If you will carry these simple directions out I think that we can hold it within bounds; otherwise I will have to quarantine all homes where the disease exists.

Respectfully,  
J. E. MALONE,  
Superintendent of Health.

### Cemetery at Corinth.

The undersigned committee wish to thank all those who were at Corinth Baptist Church on the 12th to help in laying off the cemetery. Since then we have made an effort to get prices on fencing that would suit them interested and from a very close estimate the squares already laid off will cost \$5.00, \$7.00 and \$10.00 each, and is to be paid in or before the second Sunday in March. There are several squares that have not yet been taken which no doubt will be taken later. If you have not made your selection we would appreciate your doing so by the above date. Our people are to be congratulated upon the interest they have shown in the matter and we urge upon them to use every possible effort to help your committee press the work to completion. Not only lend your influence in financial aid but your commendation also.

J. B. SMITH  
A. A. DEMENT
