LOUISBURG

NORTH CAROLINA

ARE YOU SAVING MONEY?

No? Too many expenses? But are they all **NECESSARY** expenses? There are too many people with \$100 salaries who seek many of the luxuries enjoyed by the man with a \$10,000 income. Maybe some of **YOUR** expenditures are unnecessary. **CURB** them—for **NOW** is the time to prepare for the later years of your life. Open a savings account with the strong, growing Farmers National Bank, where your savings earn 4 per cent. interest, compounded four times a year.

To The Saving Depositor

No speculative enterprises are allied with this bank, and its loans are made in moderate amounts, on the principle that it is not well to risk all the eggs in one basket.

Attention is called to the fact that savings depositors here receive four per cent. with all the advantages that accrue to them in a national bank.

We Appreciate New Accounts

New accounts are always welcome. We appreciate even the smallest amount as a beginning. Our experience has proved to us that a careful, prudent depositor will gradually increase an account. The small daily balance of a depositor whose financial affairs require the use of all funds is treated with the same painstaking care that characterizes the treatment of a large account. We cordially invite the accounts of all persons who receive and pay out money.

Present-Day Extravagance

This bank stands in this community as a perpetual reminder of the importance of stemming the tide of present-day extravagance by having an anchor to windward in the shape of a savings bank account.
