J. J. Barrow, C. S. C.

Not So Strong After All.
You may think it strange that so many people are cured of stomach trouble by Chamberlin's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes "Nothing did me the least good until I began using Chamberlin's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

Sarcasm Up-To-Date.
"Why is he so bitter at the girl he was only recently engaged to?"
"Because when she sent the ring back she labeled the box, 'Glass—with care!'"

SICKENED BY CALOMEL.
If you ever saw anyone made sick by calomel, you won't want any more calomel yourself. There's no real reason why a person should take calomel anyway, when fifty cents will buy a large bottle of Dodson's Liver Tone—a good remedy that perfectly and safely takes the place of dangerous calomel, which is only another form of deadly and poisonous mercury.

Dodson's Liver Tone is a pleasant-tasting vegetable liquid which will start the liver just as surely as calomel, and which has absolutely no bad after-effects.

Children and grown people can take Dodson's Liver Tone without any restriction of habit or diet. Aycock Drug Co., and Beasley-Alston Drug Co., sell it and guarantee it to take the place of calomel, and will refund your money at once if it fails in your case.

The Cause of L. L. Cantelou.
The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlin's Colic, Cholera and Diarrhoea Remedy. He says, "after trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c. bottle of Chamberlin's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Even a worm will turn; and if it takes a sharp turn, of course it becomes an anglerworm.

Summer Constipation Dangerous.
Constipation in summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much more water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Po-Do-Lax will make you feel a dose to-night. 50c. at your Druggist.

Infection and Insect Bites Dangerous.
Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Lintiment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Lintiment disinfects Cuts, Bruises and Sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c. at your Druggist.

An Egotist.
Honkus: "Fluddub seems to have a wonderful opinion of his knowledge."
Pokus: "I should say he has. Why, I have actually heard him attempt to argue with his son, who is in his freshman year at college."

Summer Coughs Are Dangerous.
Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Trouble, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c. and \$1.00 bottles at your Druggist.

Click O' The Latch.
The silence holds for it, taunt and true;
The young moon stays for it, wistful white;
Winds that whimpered the sunset, through,
Sigh for it, low and light.

Chick o' the latch and he'll come home,
A stir in the dust at the little gate.
Hush my heart, and be still, my heart,
Surely it's sweet to wait!

The tall skies lean for it, listening—
Never a star but lends an ear—
The passionate porch-flowers stoop and cling,
Parting their leaves to hear.

Chick o' the latch, and him come home,
A step on the flags, a smatch of song
Hurry my heart, be swift, my heart,
How did we wait so long.
—Nancy Byrd Turner in July Lippincott's.

At the Methodist Church.
There will be services at the Methodist church both morning and evening, next Sunday. The pastor will preach at both services.
There will be no services on the fourth Sunday, August 23rd. This is the only Sunday before Conference when the church will be closed.

HOW CHILDREN GROW
Children grow by nourishment—not overloaded stomachs or rich foods but qualities that are readily converted into life-sustaining blood; too often their digestive powers cannot procure these qualities from ordinary foods which results in weakness, dullness and sickness.
If your children are under-size, underweight, catch cold easily, are languid, backward, pale or frail, give them Scott's Emulsion which is pure medicinal nourishment. It sharpens the appetite, builds healthy flesh, firm muscles and active brains. Scott's is growing-food for children. Refuse alcoholic substitutes.
