**WEATHERWAX BROTHERS' QUARTET.**  
The Weatherwax Brothers' first public work was in the fall of '98, when they sang throughout northern Iowa in the notable McKinley campaign. They made such a hit everywhere that year that there was an immediate demand for them to do other public work. This quartet, in addition to vocal music, also appears in a trumpet quartet which always brings forth the admiration of those who love rich, heroic music.

music. Trumpets are comparatively seldom used on the Lyceum platform, and it is a treat to hear them when well played. The trumpets which they use were made specially for this quartet. As to their vocal work, all four brothers have fine voices and have had years of practice together, which has resulted in most excellent harmony. They have all been natural musicians from their infancy, and as someone has truly said, "Their voices have a decided family bleed." A unique feature of this organization is that they are two readers in the company.

**Why Not Publish It!**  
When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallana, Fern, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by ALL DRUGGERS.

### Only Sure Corn Cure Ever Known

"Gets-It" the New Way, 2 Drops Do It  
To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure.

Use "GETS-IT" for Corns and You Won't Hollar When You're on Your Shoes.  
"GETS-IT" is the first one ever known to remove corns without fall, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with knives that "saw up" the toe, with "harnesses" that cause pressure and pain, with razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight.  
"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.  
"Gets-It" is sold in Louisa, by Beasley-Alston Drug Co.

**Without an Issue.**  
Before the European war cloud gathered, it was patent that the two chief issues on which the Republicans and Progressives would pitch their campaign were the foreign policy of the administration, including Mexico and tolls, and the effects of its tariff legislation on labor and living. Both issues have been blown up as completely as the ships that have run their noses into the Kaiser's floating mines.  
Lincoln used to warn the nation against the danger of swapping horses when crossing a stream. A bad time to swap governments is when the rest of the nations are at war, and that is especially the case when an existing government has manifested an unusual capacity for maintaining the national honor unscathed without breaking the peace.—The New Orleans Daily States.
