Rev. W. M. Gilmore with a few ap-propriate remarks then introduced the speaker of the occasion, Rev. O. W. Sawyer, who chose as his subject, "Changes in the Domestic Functions in the Home and school Life." He made a contrast between the old time home and the modern one, and gave as examples the change from candles and lamps to electricity. Mr. Sawyer called upon the State to take care of called upon the State to take care of its orphans in the same manner that it provided for the insane and others. The next part of the program was dinner. It is needless to say that this was popular with all and was not neglected by anyone. The Old Confederate Veterans and delegates of the U. D. C. sat at one end of the table together.

A most interesting feature of the day's exercises was the decoration of the Confederate monument, the first to

be erected in this county.

After dinner the crowd reassembled in the school room. Many of the old veterans of the county were present as this was also the occasion of county reunion. Remarks were by the following Old Veterans: T. S. Collie, Mr. Joe Duke, Capt. Capt. T. S. Collie, Mr. Joe Duke, Capt. Phil. Alston, and Rev. G. M. Duke. There were in all twenty-three Old Vets present on the platform. The delegates of the U. D. C. from Louisburg were: Mrs. T. W. Bickett, S. J. Parham, E. M. Perry, and J. B. who made the occasion possible. Prof. T. H. Sledge, principal, was elected for the third consecutive year in recognition of his splendid work at this school since he took charge.

Youngsville Graded School.

Possibly the most successful session in the history of the Youngsville graded school, which has been so masterly conducted the past year by Superintendent Eddinger, and his excellent corps of assistants Misses Mary Timberlake, Mary Winston, Hod. gie Williams and Gertrude Winston, came to a close on last Monday night, when the play "Miss Topsy Turvy," was presented by the school. Franklinton Graded School.

Franklinton Graded School.

Franklinton has a right to be proud of its graded school and especially the past session which has been so successfully conducted by Superintendent H. E. Wood, 3rd and 4th grades; Miss Mary Porter, 5th grade; Miss Alice Tull, 6th grade; Miss Madge Edwards, 7th and 8th grades; Miss Irwin Magee, 9th and 10th, grades. The presentation of graduating certificates by B. W. Ballard was a most interesting feature and was fol-lowed by the Literary address by Dr. A. H. Patterson, of the Chair of Applied Science of the University of North Carolina. This was a most masterful piece of literature and contained much sound thought and re-search. His talk was along the line that common sense was not sufficient within itself and forcibly illustrated within itself and forcisty interface the fact that education and practice were necessary to get the most out of common sense. His speech was greatly enjoyed by the many present and will be long remembered. This was followed by the class song and a most

interesting programme was concluded The marshalls were taken from 7th, 8th, and 9th grades and was com (Continued on page four)

LUSITANIA SUNK BY GERMAN SUBMARINES.

Over One Hundred Americans Missing, Majority of Passengers and Crev Dead.

On Friday, May 7th, the Cunard Liner Lusitania was torpedoed by German submarines when she was only a few miles off the Irish coast. Over twelve hundred were killed and drowned out of total of nineteen hundred and nineteen persons who were on board. Before she left New York telegrams and warning were received telegrams and warning were received by many of the passengers that the Lusitania was to be sunk. The Ger-man Embassy published advertise, ments in a number of the leading papers stating that persons who took passage on any of the ships of the allies were in imminent danger and did so at their own risk. These warnings were unheeded. It is reported that the Lusitania, unconveyed by any British war vessels, kept to the regu-lar steamship route in spite of wire-less warnings from the English coast-that submarines were on the lookout less warnings from the English coase, that submarines were on the lookout for her. Capt. Turner evidently trusted to the speed and the supposed unsinkable construction of his ship to carry him safely through the danunsinkable construction of his ship to carry him safely through the dangerous zone. On account of the great speed of the Lusitania it was believe that no submarine could catch her, and even if it did that she could not be sunk by torpedoes on account of her numerous water-tight compartments and double bottom.

Many notable Americans are reported lost, among them are A. G.
Vanderbilt, Charles Frohman, Elbert
Hubbard, J. M. Forman, and Charles
Klein. One hundred and eighty-eight
Americans were on board and only
forty-one are reported saved. This

It is reported by one of the survivors that he saw Mr. Van-derbilt take a life belt from his own person and place it on that of a wo-man.

President Wilson has not as yet decided on the course that the United States will pursue in regard to the sinking of the Lusitania and the loss of so many Americans. He has re-ceived a great many telegrams, some of them urging him to declare war against Germany and others urging vigorous retaliation. He has indica-ted however, that he will only decide on what course to pursue after he has obtained all the necessary evidence obtainable. Many of his advisers consider the sinking of the American ship Guiflight by the Germans a more persons the sinking of the sinking of the American ship Guiflight by the Germans a more persons a more persons as the sinking of the sinking

Baraca-Philathea Convention.

The Franklinton Baraca-Philathea Union held its second semi-annual meeting at Frankliaton on Saturday May the 1st and 2nd, a large number of classes belonging to the Union were represented. They were met at the Baptist church on Saturday afternoon and assigned homes, although a large delegation were present, there were so many good homes had been that the comwere very much distressed because they didn't have delegates for all the homes.

The Union convened at the Baptist church on Saturday evening at 8 o'clock. Hon, R. B. White delivered the address of welcome in a few well chosen words he extended to all a hearty welcome to Franklinton in behalf of the churches. He expressed a peculiar pleasure in welcoming the people of Franklin county, his peo-ple to, his home town. He was fol-lowed by Mr. J. H. Prof. Scott gave a very interesting talk on "The Respondibility and the op-portunity of the organized class," Miss Annie Wilder read an entertain-ing and helpful paper, showing what each member might, could, would and should, may can, and must do to make her class a success. After this the meeting was turned into a social for a few moments that the delegates might get acquainted with each other and with the people of Franklinton.

Sunday morning the meeting was held at the Baptist church, opening with devotional exercises led by Mr. A. S. Hinton. This was followed by the regular business meeting. The calling of the roll, reading the minutes of the last meeting, and the report of the classes. The reports were all good and showed that the classes were doing a good live work. Several classes applied for membership and were gladly velcomed into the Union. The chairman of the extension com-mittee reported that two new classes had been organized since our las

Graduating Recital.

On Monday, May 10th, 1915, at 8:30 in the College Chapel Miss Lottic Kathaleen Keer, asisted by Miss Ruth Hall at the piano, gave her graduating recital in expression.

Miss Keer captivated her audience

in her first selection "The Bull Terrier and the Baby," a very amusing story of a baby lost supplanted by a beastly little Bull Terrier. Both the loser of the baby and the pup are in great trouble over the loss, but finally the awkward situation is relieved by the vount lady, who has lost be rejected. young lady, who has lost her sister's baby agreeing to accept the Bull Pup on condition that he also secure its master.

Miss Kerr then plunged from this light amusing story into one of Van Dyke's best selections, and gave "The Lost Word" with an earnestness and feeling that brought tears to the eyes of her auditors and proved her an

Throughout the recital it was the wonder and admiration of the audience that the she could so quickly, and naturally change from light to serious mood, there seemed no phase of emo-tion that she was not able to portray and give with real feeling.

The tragedy and emotion of Lady Macbeth seemed as easy and natural to her as the childish little pranks of a naughty small boy in "The Punishment of Robert."

Miss Hall very beautifully played Liszt's Love Dream during the even-ing, which seemed fast the finishing touch to make this evening one of perfect enjoyment.
