Death of Little Beanie May Collins.

Again sorrow has come in the home. On May 7th, 1915, early in the morning the Lord called from earth to heaven the loving spirit of little May Collins. She was only six months and fourteen days old at her death. Little May was a bright and healthy child up until a few days before the last. She suffered twenty-one days. All that loving hands could do was done, but nothing availed. Her stay on earth was short, but was a joy to all. May was the only child of Mr. and Mrs. B. C. Collins, the latter of whom died a few months ago.

We hope that our loss is her eternal gain. Her remains were tenderly laid to rest in the family burying ground on Saturday evening in the presence of a number of friends. Rev. W. H. Collins conducted a short and appropriate service, and many flowers were brought by those who loved her.

We wish to thank our neighbors and friends for their kindness and sympathy towards us during this sad hour.

ACT QUICKLY.

Delay Has Been Dangerous in Louisburg.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of evidence of their worth. Mrs. W. F. Crews, Mason St., Franklinton, N. C., says: "I had trouble from my kidneys nearly all my life. My back pained me severely and felt as though it was broken. Awful twinges darted through my kidneys and I couldn't move until the pains let up. I had dizzy and nervous spells and my kidneys were in bad shape. I was a wreck. I passed gravel stones the size of large peas and nearly went insane. I finally began using Doan's Kidney Pills and the first box helped me. A couple of boxes strengthened my back and kidneys and removed all the trouble. I don't have any more kidney trouble."

Amendments to Revisal of 1905 Bulletins of Value.

The Legislative reference library has a limited number of copies of the amendments to the revisal of 1905, passed by the legislature of 1914, which will be sent free of charge upon request of lawyers, county officers, Justices of the peace and business men who desire to be informed as to the laws of the State.

Another bulletin containing the amendments to the revisal from its enactment to and including the extra session of 1913 will be issued at an early date. Persons desiring copies of this bulletin should make applications at once as the edition will be limited to the requests received.

These and future publications will be furnished free of charge upon request. Address W. S. Wilson, Legislative Reference Librarian, Raleigh, N. C.

A Doctor's Prescription for Cough—An Effective Cough Treatment.

One-fourth to one teaspoonful of Dr. King's New Discovery, taken as needed, will soothe and check Coughs, Colds and the more dangerous Bronchial and Lung Affections. SCIENTIFIC DISCOVERY
A Vegetable Element That is Rapidly Doing Away With the Use of Calomel.

F. R. Pleasants is one of the first progressive concerns to offer for sale the new system of medicine that is fast supplanting the use of old-fashioned calomel as a liver medicine. Nearly everyone knows how easily the liver becomes sluggish in this climate and how this sluggishness effects not only all the other physical organs, but the mind as well.

The signal towers of this dread condition, which some call malaria are coated tongue, lack of energy, dull eyes, constipated, shallow complexion. Taken with regularity this proven scientific liquid vegetable medicine in the form of **CARSWELL'S LIVER-AID** will prevent or promptly relieve all liver troubles.

MOBE TOWNS MAKE IMPROVEMENTS.

Health is Not Estimated in Dollars and Cents.

Old Fort and Hertford are the next North Carolina towns to make notable municipal improvements. Old Fort the main gateway to the mountains proper, with a population of not over 1000, has contracted for a sanitary sewer system to cost around \$10,000.

Hertford, the quaint old town on the Perquimans, has gone two farther. She has contracted for waterworks, electric lighting and a sanitary sewer system, together with street improvements on specified streets. Hertford is a town of about 2,000 people, some 60 percent of which are negroes. The lowest figures for Hertford's improvements, not to include street improvement, will be about \$55,000.

The small town of 1,000 or more inhabitants are today making the municipal improvements that towns of 15,000 or 20,000 inhabitants made just a few years ago. Regardless of war times these towns feel that they cannot afford to make these principal safeguards in defense of health and safety. It is an encouraging sign when small towns realize that they must provide "safety first" for their people, regardless of the money cost.

No gas, no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your Constipation overnight.

A TIME SAVER.

How Anti-Typhoid Vaccine Saves Time From Sick Leave in the Army.

Typhoid fever used to be a time-killer. Now the efficiency experts have knocked it clean out of the box. In the army, navy and elsewhere, where men are off duty or laid in a hospital at the employers' expense, careful records of the loss of time on account of various causes were kept.

For six years prior to the introduction of anti-typhoid vaccine in the army in 1910, our soldiers lost time on account of sickness from typhoid at the rate of over 71 days every year for an army of 100,000. In 1910, when anti-typhoid vaccination was offered the soldiers if they cared to take it, enough of them took it to reduce this daily loss of time leave in the army from 71 to 49. In March, 1911, anti-typhoid vaccination became compulsory and for that year the rate was still further reduced from 49 to 20. In

MEALS ARE NEVER LATE

WHEN you're behind with your work, with only a few minutes in which to get supper—then the handy **NEW PERFECTION Oil Cookstove** helps you to hurry.

It lights at the touch of a match, and cooks rapidly like a gas stove.

It regulates high or low, merely by raising or lowering the wick. It is easy to operate, easy to clean, easy to re-wick.

Sold in 1, 2, 3 and 4 burner sizes by hardware, furniture and department stores everywhere.

NEW PERFECTION OVENS bake better because a current of fresh hot air passes continually over and under the food—drying out the steam, and preventing sogginess. This is an exclusive **NEW PERFECTION** advantage.

Use **Aladdin Security Oil** or **Diamond White Oil** to obtain the best results in oil Stoves, Heaters and Lamps.

1912, with vaccination compulsory, the sick leave from typhoid dropped to 3 days per 100,000 soldiers and in 1913 to one-third of a day. In other words, by applying the efficiency idea, the time loss in our army from typhoid was reduced from 71 days to one-third of a day.

Since our typhoid fever death rate in North Carolina is over twice what it used to be in the army, our loss is doubtless correspondingly high. What an opportunity for efficiency! **WHEN** we take it? In a number of countries plans are being made to offer the vaccination free to all who will take it.

Only One Entirely Satisfactory.

"I have tried various colic and diarrhoea remedies, but the only one that has given me entire satisfaction and cured me when I was afflicted is Chamberlain's Colic, Cholera and Diarrhoea Remedy.
