## MANY LIVES WERE LOST

### IN THE TERRIFIC TROPICAL STORMS.

#### Waco, Houston and Galveston Heavy Loses—Property Loss and Damage something Enormous.

(By the Associated Press)

Houston, Texas, Aug. 18.—(Via telephone to Dallas.) The Houston Chronicle prints the following interview with J. R. Montgomery, Houston correspondent of the Galveston News who got as far as Virginia Point, the north end of the causeway, Tuesday, and viewed the wrecked city of Galveston:

"I am confident the number of dead in Galveston is large. I could not see an elevator on the port side of the city and my opinion is that the number of buildings destroyed will run into the thousands.

"I believe the property loss will be greater than that of 1900."

Soldiers Fish Bodies Out Water, Texas City.

Waco, Texas, Aug. 18.—A copy of the sixth edition of the Houston Chronicle of Tuesday says:

"Twelve soldiers were killed at Texas City during last night's storm when the Thompson building, a new three-story structure, collapsed. Eight were killed by falling brick, while four drowned later. About 30 or 40 civilians many of them women and children, also lost their lives.

"Those killed were enlisted men and no commissioned officers lost their lives.

"Military rule has been established at Texas City and the soldiers are fishing corpses out of the water as fast as they can be located."

The first rumor to reach Houston was that between 200 and 250 soldiers were drowned, but this report was denied by A. H. Doty and T. J. Moran, who reached Houston late Tuesday after making a trip to Texas City in an automobile on the railroad track. They said only 12 soldiers lost their lives and perhaps thrice as many were injured.

Eight men are reported dead near Morgan's Point. They were drowned while fishing. Reports reached there from an authentic source that the bodies of a woman, a baby and a sailor had beached near Sylvan Beach. They were unidentified and apparently had floated from some place on the bay.

Galveston, Texas, Aug. 18.—(By wire from United States transport Buford.)—There is considerable suffering in the city. The water system, lighting system, gas and street car systems are out of commission. There is no drinking water in the city.

Three hundred feet of the causeway has been destroyed.

All officers, classified, enlisted men and their families are safe. (This refers to garrison at Fort Crockett.)

Heavy Storm on Gulf.

Temple, Tex., Aug. 17.—Two or three lives have been lost in Houston as the result of the storm, and the damage was estimated at \$5,000,000 there last night, according to the conductor of an Atchison, Topeka and Santa Fe freight train which passed through here tonight.

Waco, Texas, Aug. 17.—The following message was received by wireless here tonight signed "Cug" (an enlisted signature):

"D. A. R. (any body and everybody): Wind nearly gone. Water three feet deep—in Tremont Hotel. Government station working tomorrow night. No big boats lost as we know. Rain ruined. Warmer here now. Rain about stopped. Will talk later on. Call me at midnight.

Wilson Break 60,000.

Wilson, Aug. 17.—Wilson was thronged today with planters from every section of this and surrounding counties to "feel" the opening of the tobacco market, but few of them bringing any of the weed—the majority of them appearing to be from Missouri—waiting to be shown what the prices would be. The "breaks" were small, only about 60,000 pounds being marketed; the prices were good, averaging around 8 cents per pound. Planters and warehousemen are well pleased at the opening prices and are very optimistic as to future prices—believing that when the better grades are marketed higher prices will prevail.

Leo Frank Lynched.

Marietta, Ga., Aug. 17.—Leo Frank, convicted of the murder of Mary Phagan, was taken from the State prison farm at Milledgeville last night by a small band of determined men, was brought to within a few miles of the town, and hanged to a tree only a short distance from the Marietta-Milledgeville highway.

The body found at 8 o'clock this morning, dangled from the tree for several hours while a throng from the surrounding countryside gathered at the scene. By a vote of the crowd the body was cut down without mutilation and taken in an automobile to Atlanta where a throng congregated to view it.

Plays at Oak Ridge School House.

Two plays, "The Census Taker" and "One Sweetheart for Two" will be given at Oak Ridge on Thursday night August 26th. No admission will be charged. The Woman's Betterment Association will sell ice cream after the play is over.

A CORRECTION.

Clerical Errors in Special School Taxes.

Superintendent Best observed errors in the special school taxes for four of the Districts in our last issue and furnishes us with a correct list. The

error was caused from copying other levy's and from the fact that in some districts the full amount voted is not being levied.

Those districts in which errors occurred with the correct figures are as follows:

Pine Ridge—30 cents on property and 90 cents on poll.

Pilot—20 cents on property and 60 cents on poll.

Mountain Grove—20 cents on property and 60 cents on poll.
