We are looking forward to a good meeting here this week. We made mention in the Times last week about the plans of the Primary class. After the lessons the curtain was drawn back leaving one side of the room open to the congregation. It had no decoration only the teachers table with its snowy white cover and a large bouquet of fern and asters. Beaming with happiness sat twenty-five or thirty little girls and boys, each with its own little blue box emptied, were listening with keen interest for the report of the treasurer. It read thus—Primary class \$23.30 total collection for the Sunday school \$26.00. Then the pastor highly congratulated the little folks for their commendable work. We feel very proud, and continue working in our Master's name, hoping to do greater things in the near future.

LOUISBURG IS NO EXCEPTION

Louisburg People Come Out as Frankly as Elsewhere.

Louisburg people publicly recommend Doan's Kidney Pills. This paper is publishing Louisburg cases from week to week. It is the same everywhere. Home testimony in home papers. Doan's are praised in thirty thousand signed statements, published in 3000 communities. Louisburg people are no exception. Here's a Louisburg statement:
Mrs. S. B. Nash, Spring St., Louisburg, says: "About six years ago I suffered a great deal from a constant dull pain across my kidneys. The trouble was getting on my nerves. I began taking Doan's Kidney Pills, procured at the Scoggin-Egerton Drug Co. and they relieved the pains in my back in a short time. Several boxes completely cured me and improved my health."
Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Nash had. Foster-Milburn Co., Props., Buffalo, N. Y.

THE EYES OF SCHOOL CHILDREN.

This boy is ambitious. He wants an education. He is studious. He works hard, but he lags behind his classes. There is a reason. It is not because he is a dull scholar. He has a bright mind. And yet he lags. The trouble is with his eyes. His teacher doesn't know, his parents don't know, he himself doesn't know. But the optometrist knows and fits him with suitable glasses. Now see the difference.

Not the same boy? Yes it is the same boy, the same ambition, the same bright mind, the same diligent student. But the result is not the same. He no longer sits at the foot of the class, but at the head. His work is no longer a drudge but a delight because he knows that he knows.

A pair of glasses properly fitted explains the difference.
What is true with this boy might be true of many another boy or girl, if PARENTS AND TEACHERS would only look after the eyes of their children. Most eye troubles develop while in school. A thorough examination does not cost much. Is it not worth while?
I give special attention to the eyes of children.
W. B. MORTON.

Kitchen Economy

You cannot save money as long as your profits go into the garbage can. And that is where impure and unwholesome groceries and provisions often find their way. Shop the better-way. Buy foodstuffs that have no waste, make every ounce count in the strength and vitality of life. We offer you groceries—and other eatables that will stand the test, that will register 100 per cent pure, that are cheapest because there is no waste. It is economy to buy such goods, it is extravagant and wasteful to buy anything else. This store is the home of "Kitchen economy." Trade with us and let us mark the beginning of better financial days for you.
