### New-Way Wonder for Corns, "Gets-It"

The Big Surprise for Corn Owners.  
It's Sure, Simple, Safe, Quick.  
Listen to the wee story of "Gets-It," the world's greatest corn remedy. It's a short story—only about two feet—Mary had a little "Gets-It," and corns upon her toe; and every time

Stop Hisery and Embarrassment Like This With Simple, Easy "Gets-It." she put on "Gets-It," the corn was sure to go. Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe-harnesses, blood-bringing razors and scissors! She says now there's no sense in it. Use "Gets-It," applied in 2 seconds. Easy, simple, new way—just painless common sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoes to try to get away from your corns! You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts and bunions. "Gets-It" is sold by all druggists, in a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Louisburg and recommended as the world's best remedy. BY ALL DEALERS.

Our new citizen camps of instruction from an excellent method of providing officers for a big army when we need it. Now let's rustle up a private or two.

Saw a fellow the other night with two heads on his shoulders—but, of course, the curtains were drawn. Guess! And watch their faces after they have read this.

### JOHN S. MORRIS PASSES AWAY AT AN EARLY HOUR TODAY.

Well Known and Highly Respected Citizen Died at His Home This Morning as a Result of a Stroke of Paralysis—Has Been Connected With Gilreath-Durham Co. for Past Seven Years—Interment at Richmond, Va.

John Samuel Morris, age 49 years, a well known and highly respected citizen of Greenville, passed away at an early hour this morning at his home 130 Howe street as the result of a stroke of paralysis which he suffered about 6 o'clock Tuesday afternoon. Mr. Morris appeared to be in the best of health when he reported for work Tuesday, but late in the afternoon he was stricken and never regained consciousness. The remains will be taken to Richmond, Va., tomorrow afternoon and interment will probably be held Sunday morning.

Mr. Morris was born in Henderson, N. C., September 4, 1866, and lived in Raleigh, N. C., during his boyhood days. He later moved to Richmond, Va., where the greater part of his life was spent. For the past seven years he has been connected with Gilreath-Durham Company.

He was a member, deacon and a treasurer of the local Christian church and took active part in the Christian Bible school. He was also a member of the Masonic order, the Woodmen of the World, the Maccabees and the Modern Woodmen.

Mr. Morris is survived by a wife and three daughters, Mrs. R. E. Putman, Mrs. T. W. Jones and Miss Hazel Morris, all of Greenville; one sister, Mrs. J. S. Lancaster of Newton, N. C., and one brother, Charles A. Morris of Fallon, Nevada.

The heartfelt sympathy of many friends goes out to the grief-stricken family.

Give's Flies Hell—Ebor Says Uncle Samuel.

A safe and effective weapon against the typhoid or house fly has been found in powdered hellebore by scientist of the Department of Agriculture. Flies lay their eggs chiefly in stable manure. Powdered hellebore mixed with water and sprinkled over the manure will destroy the larvae, which are hatched from the eggs. Since powdered hellebore is readily obtainable, this puts in the hands of everyone a remedy for one of the pests that has been found dangerous as well as troublesome. Powdered hellebore, however, will not kill scull flies which

must be swated or trapped.

One-half pound of powdered hellebore mixed with 10 gallons of water is sufficient to kill the larvae of 8 bushels or 10 cubic feet of manure. The mixture should be sprinkled carefully over the pile, especial attention being paid to the other edges in most places hellebore is obtainable. In 100-pound lots at a cost of 11 cents a pound. This makes the cost of the treatment less than seven-tenths of a cent a bushel of manure.

### HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, Bloomfield, N. J.

### Dollars and Ducks.

It is well for young men to know dollars are like ducks—one follows— and though they may waddle along slowly and with some effort, they will eventually get there.

We have young men in this town who are just starting out on the road of life, but where that road will lead is for them to say.

They are earning a few dollars now and as time progresses their earning capacity will increase. If the early accumulations are thrown to the birds it is more than likely that in later life the buzzards will roost on the graves of their ambition.

But if their first dollars are carefully laid away in a well sewed pocket and this lesson of thrift and frugality is fostered and encouraged, then in time the bank will become the depository of their earnings and accumulations and eventual wealth, and eagle will soar over the heads of successful men.

Those who waste today will squander tomorrow, and tomorrow is the agent of the devil and the prime minister of hell.

Keep an eye on the young men of our town, but keep both eyes on those who spend wisely but not foolishly, who are full of life and vigor but never carry it to excess, whose eyes are fixed upon the eagle and not upon the buzzard.

Like the waddling duck, they may advance slowly, but they will get there in time.

### Keep Your Eye Peeled.

Watch out for the man who is trying to take the joy out of life. Ten to one he is a reformer for revenue only, who is trying to make things worse than they really are, in order to make a place for himself at the public pie counter. He'll get up an organization to fight something that gives pleasure to others—whether it's dancing, such as the young folks enjoy, or playing cards, which maybe some of the matrons like or billiards, or baseball, especially on Sunday, or any other enjoyment in which normal, healthy human beings indulge. The first thing such a man does is to go to the capitol to prevent the passage of a bill by which people will get some enjoyment. He will try to have things prohibited. He is always trying to prevent something. Did you ever see this kind of reformer, trying to have a bill passed that would enable people to enjoy life. Never! His sole idea is to force through the legislature or the city council a blue law to make other people live according to his ideas, or to prevent the passage of laws introduced by other people who may want to live differently. The world is sad enough without losing our pleasures. There is no

place in these red-blooded days for blue laws. The pesty-faced complexion has gone out of style and the ruddy glow of health tells that we are living the right way. The healthy man and woman, who loves life and the good things he can get from it, is a better citizen by far than the dyspeptic and selfish reformer who is reforming for a living or to make other people as miserable as himself.

Human nature is much the same wherever you find it. We depreciate the war in Europe to-day and to-morrow we may be whooping it up ourselves.

### Stomach Catarrh Is Very Prevalent

In this climate catarrh is a prevalent disease. Catarrh affects the stomach as often as any other organ. Perhaps every third person is more or less troubled with stomach catarrh. Peruna is extensively used in these cases.
