

TO OUR FRIENDS

Of Franklin and Adjoining Counties:

On September 26th We Will Open a General Merchandise Business in the Town of Bunn With a Brand New Stock of Goods.

Having been associated with the good people of this community in a business way for several years we believe that we know how to buy to suit the general trade and we have long ago observed that the secret of economy is in knowing how to supply the trade with what they really need. We feel very thankful of the fact that many of our friends have already promised us the patronage and we extend to everyone a cordial welcome to visit our store and look at our line of goods.

MONTGOMERY & WHITE

COTTON BUYERS

BUNN, N. Carolina

WHY IT SUCCEEDS.

Because it's For One Thing Only, and Louburg People Appreciate This. Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only. For weak or disordered kidneys. Here is reliable evidence of their worth:

L. J. Steed, 32 Rector St., Oxford, N. C., says: "I used Doan's Kidney Pills for backache and a few doses made me feel as well as ever. I find Doan's Kidney Pills to be a reliable medicine for kidney disorders and I recommend them to other kidney sufferers."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Steed had. Foster-Milburn Co., Props., Buffalo, N. Y.

SOME SMOKE.

Four Hundred Million Cigarettes for Allies. The allies have signed a contract with a large American manufacturing

firm for 400,000,000 "coffin nails." They are not mental nails to tack up coffins with, however, but are the good old "coffin nails" of the textbooks on physiology, the same old "coffin nails" dear Aunt Maria warns small Billy about.

The 400,000,000 cigarettes are to be delivered to the allies on or before Sept. 1. The order will keep the factory handling it busy night and day, it is stated. In order to get the "smokes" completed on time the factory will have to turn out cigarettes at the rate of 10,000,000 a day, or about 7,000 for every minute of the day, which is "goin' some," every man who "rolls his own" will admit.

If the allies smoke the cigarette at the rate of manufacture, a cloud of smoke forty feet high would engulf the German empire, statisticians figure out.

Four hundred million cigarettes would form a tobacco bride covering the Bug river from bank to bank from source to mouth. The "papers" used would carpet Europe with a white pall. It laid end to end those 400,000,000 cigarettes would stretch from Paris to Berlin and from Berlin to Paris nineteen times.

To Seal Jellies.
Take clean white wrapping paper and cut round, in two sizes, one to fit top of glass, and the other to extend over sides about one inch. Fill glasses and allow jelly to become perfectly cold; then, with a clean, damp cloth, wipe carefully around top of glasses. Into a small desert dish put one tablespoonful of whiskey, into one table-spoonful of whiskey, into one table-spoonful of the egg. Dip the smaller paper into the whiskey and press down on the jelly. Wet one side of the larger paper in the white of the egg and place over the top and sides of the glass and tie with twine. When ready to use jelly, remove and burn paper; the jelly you will find to be as firm and clean as when stored away.

Money to Loan.
Can supply your demands on real estate security for amounts needed on one to five years time at six percent interest.
Address Postoffice Box 156
Louisburg, N. C.

Where is the Trouble.
Mr. John S. Roberson, of Franklinton, writes the following letter for publication:
Mr. A. F. Johnson, Editor
Franklin Times,
Louisburg, N. C.

Dear Sir:
I will thank you kindly to print the following: First, I assure you that it is in no spirit of criticism, or fault finding that I write this, but for the purpose, as one of the members of the Board of Trustees suggested to me, that some of the patrons of the Graded school here should do, for investigation only.

With a natural increase of property each year, with increased appraised values for taxation, plus a flat increased value of real estate this year, plus a still further increase of nearly ten thousand dollars worth of real estate that had not heretofore been listed in this district by error, plus a still further increase of about a mile of the Raleigh and Gastonia Railroad it is hard to understand why we or our children should lose one-eighth of our Graded school term. I understand there is money due this school district. Now the taxes for 1914 have been paid and if there is money due this school, it should be forced across, and our children not made to suffer this loss of time.

One thing is true and we might as well get down to brass tacks, and correct it. We are paying too much for the superintending of schools. Over half of the money collected for public schools in North Carolina, is paid out for Superintending. I have always contended that the Superintendents salary was out of proportion to the teachers: If they were paid on a basis of actual work done, the teachers would receive more and the Superintendent less. With this kind of an adjustment, we would find it much easier to provide a sinking fund to meet our bonds.

It will never do to take the time away from the children. Will some one please explain why we are paying ten percent increase in taxes, and getting a decrease of twelve and half per cent in our school term.

Very respectfully,
JOHN S. ROBERSON.

None Equal to Chamberlain's.
"I have tried most all of the cough cures and find that there is none that equal Chamberlain's Cough Remedy. It has never failed to give prompt relief," writes W. V. Harner, Montpelier, Ind. "When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. OBTAINABLE EVERYWHERE."

Sandy Creek Items.

Crops are looking lots better after the good rains. But we are glad to see the beautiful sunshine again.

We are glad to say that the Baraca and Philathea classes of Sandy Creek are doing fine and we are still having our prayer meetings every Wednesday night. Come one and all.

Mr. John Griffin from Louisburg is visiting parents near this place. Miss Bertha Brewer spent Saturday and Sunday with her cousin, Miss Valley Joyner.

Mr. Bonnie Burnette was married last Sunday afternoon to Miss Nobia Collins.

We are sorry to learn of the misfortune of Mr. Tom Medlin, who lost everything by fire last week. He wishes to thank the good people of Louisburg who contributed so freely.

Hurrah for our dear old town. It is always ready and willing to help its friend the farmer. Mr. Medlin is a man with one arm and has a family and our neighborhood has done a good part by him.

With best wishes to the Times.
Little Biddy.

Rheumatism and Allied Pains—They Must Go.

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer. Get a bottle of Sloan's. 25 and 50c. \$1.00 bottle hold six times as much as 25c. size.

Visits Louisburg After 34 Years.
The following is a letter from Mr. I. G. Ross, of Walnut Cove, who although born in Franklin county had not visited here in 34 years.

Locust Hill, Farm, N. C.
Sept. 1, 1915.

Editor of the Franklin Times:
After being from your county for 34 years, I wish to note some of the great developments that has been since I was a resident of your county. Franklin was the first town I stopped in and I found that had grown from a small town of six stores to eighteen white and seven colored stores. Starting to Louisburg the Railroad was there and a nice sand clay road all the way until I reached Cypress Creek township line, my old home township, which I regretted very much to see. There is an old proverb that "mud and misery are linked together," and later they will find that out.

I want to say something of Louisburg. I passed through going and coming and saw but little of the improvements. I saw that electric lights had been added and all the business houses had been rebuilt and it was able to support three banks and three tobacco warehouses, the residential part of the town I failed to see, but if that has grown as the business part it has grown equal to any town in the State. I arrived in Louisburg on the 7 a. m. train 34 years ago and started home on an ox cart and it must have taken at least eight hours to have gotten there, but this time through the generosity of Mr. Jim Perry and good roads I was at home in less than 30 minutes. His kindness shown me will not be easily forgotten.

One of the greatest improvements I saw was the schools and the school buildings. I saw only two, the one at the Seven Paths, whose promoter I learned was Mr. Matthew Sykes. Nothing more lasting could have been erected to his memory. Stone and marble would fade, but civilization will never and our schools are the foundation for the home church and government. I had the pleasure of visiting Bunn. While there I stopped at the hospitable home of Mr. Peyton Sykes. It seemed to be natural with them to make people feel at home. The part a mountainer likes is the dinner so as I entered the dining room I saw that Mrs. Sykes had not lost any of her fine art in cooking.

Bunns to-day is not what it was 34 years ago. When I attended Sunday school there the house we went to was a little log barn with a log sawed out at one end to give either light or air, I never knew which. Now they have an up-to-date house there with an auditorium capacity for seating over 500 people with good chairs to sit on. Any one that does not believe in evolution, all he has to do is to visit that town and he will be a confirmed evolutionist after that visit.

I. G. ROSS.

Get Rid of Those Poisons in Your System!

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose to-night and you will experience grateful relief by morning. 25c.

Barbecue at Franklinton.

The following invitation has been received by Louisburg Lodge No. 413 A. F. & A. M.:

"To the Secretary of Louisburg Lodge No. 413 A. F. & A. M. Louisburg, N. C. 'Dear Sir and Brother

"I am requested by the W. M. of Franklinton Lodge No. 123 A. F. & A. M. to extend to you Lodge a cordial invitation to meet with us on September 17th, at 8 o'clock, at which time the District Deputy Bro. Edward Allen will be with us and barbecue will be served. It gives me great pleasure to extend to your Lodge this invitation and I hope each and every member will come up and give us the glad hand of fellowship.

"Fraternally yours,
"S. C. FORD, Chairman,
"Entertainment Committee."

All fools are not dead yet. Steady! We don't mean you.

To the Public.
"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Withersall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefitted me almost immediately." OBTAINABLE EVERYWHERE.

Extends Thanks.
Franklinton, N. C., Sept. 9th, 1915.—Franklinton Lodge No. 241 I. O. O. F. thanks the people of Louisburg for their very cordial reception and hospitable entertainment of the singing class from our Odd Fellows Home at Goldsboro, N. C. We assure you that every Odd Fellow in North Carolina feels very grateful to you. It was so good of you to give the children such a grand time.

JOHN S. ROBERSON, Secy.
