PRICES CONTINUE TO ADVANCE

On Local Market—Close for Thanksgiving.

It has been especially encouraging to the many interested in the local tobacco market here to see the prices on all grades making steady advances the past week. The demand also has shown a stronger tendency for most all grades and our farmers are realizing better prices than had been contemplated. On Tuesday an especially large break was sold, all houses being practically filled and the selling lasted till late in the afternoon.

We have been requested to announce that the local market will close on Wednesday, November 24th, and remain closed till Monday the 29th, to observe Thanksgiving.

Doughton Moves Garage.

Mr. J. H. Doughton who, for the past few years has been successfully conducting an automobile garage and repair shop on Franklin street on Wednesday moved his place of business to the Louisburg Machine Works building on South Church street. In his new location he will continue to conduct his automobile supply and repair business and have full charge of all work of this kind, but will not interfere with the Machine work as it applies to other machinery. In his new location Mr. Doughton will be better prepared to handle the large volume of work he has been receiving and therefore give better satisfaction to his customers. Look out for his advertisements each week for important announcements.

She was 66 years old and had been suffering for many years—having been an invalid for 36 years. She leaves a husband, three children, Mrs. John Alford, Mrs. Furney Wiggs, Mrs. D. S. Griffin and one brother, Mr. T. P. Alford. The interment was made at the Youngsville cemetery on Friday evening in the presence of a large number of friends and relatives.

Opens Branch Store.

page are ready to give to the people of Woods section service equal to any city store. The young men behind this movement are live, wide-awake business men and their efforts to serve the people of the county will no doubt be appreciated through a liberal patronage at their new store.

Thanksgiving Services at Baptist Church.

Thursday night, 7:15, November 25th at the Baptist Church of this place, a special thanksgiving service will be held. The music and the sermon will be in keeping with the occasion.

A free-will offering for the Thomasville Orphanage will be taken. There are more than 400 children at this institution, who are looking to the christian people of this State for food and raiment and shelter. There are hundreds of others knocking at the door of this and similar institutions in the State for admittance. But on account of lack of funds many of them have to be turned away.

The Orphanage Associations of this State has sent out an appeal to all the people to give on Thanksgiving Day at least the value of an average day's work for the support of the helpless and homeless orphans in our midst. This appeal is reasonable and right. Out of the 365 days in which we have been permitted to live and work, it does seem that we ought to be willing to give at least one day to those who are less fortunate than ourselves.

Remember what Jesus said, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." And again, "It is more blessed to give than to receive."

Surprise Marriage at Littleton.

Littleton, Nov. 15.—A surprise marriage of much interest to many friends occurred Sunday at 12 o'clock when Miss Lucy Ed Daniel, of Airle, became the bride of Juntas Egerton, of Louisburg. They were

married at the home of the bride's uncle, W. D. Daniel, of Littleton, another uncle, Rev. W. T. Nicholson, of Airle, officiating. Little Winifred Clarke, niece of the bride, was ring bearer. Only the immediate family and near relatives were present. The bride was attired in a handsome going-away gown of brown cloth. They left on No 11 for Petersburg where they will be at home after the twenty-fourth of this month.

The bride is the accomplished daughter of E. A. Daniel, of Airle. She is popular among a host of friends in this town and community.

The groom is a prominent and successful business man, formerly of Louisburg, but is now engaged in business at Hopewell, Va.

News from Justice.

Our school continues to improve in numbers in the quality of work being done. The enrollment is now one hundred and twenty-three.

Choir practice on each Friday night shows marked improvement in our singing.

The Sunday school and the prayer meeting work seems to be taking on new life. We trust much and lasting good will be accomplished.

Doubtless, the readers of the Times remember what the Cedar Rock correspondent had to say last week about a match game of ball. He closed by saying they expected to come to Justice on Friday last, to show the Justice boys what they could do for them. Well what the Justice boys did for them was a plenty. Our "Fans" went wild with delight to see our thirteen-year-old pitcher, Willie Rice, strike out such tall "Guys" as (professionals) Spencer Boone and Lacy Stallings, and then to see one of our sixteen-year-old boys, Percy Rice, knock two homers and a three bagger. Well sir! those boys were so nonplussed we had to "show them the way to go home."

We take this opportunity to challenge them to play us again. We will play, school against school or we will play like ages. And if those fellows should happen to choose school against school it is very doubtful if they would ever find the first base.

We are anticipating a musical feast on next Friday night, when the Wake Forest Glee Club will give us a performance.

On Friday night after Thanksgiving a play, "Loves Diplomacy" and some Historical Pageants will be presented in the school auditorium by members of the "Phi" and "Epsilon" Societies. Admission free, oysters, candies and fruits will be served after the play is given. The public is cordially invited to attend.

"Blue Eyes."

Louisburg Baptist Church.

Sunday will mark the fourth anniversary of Elder Walter M. Gilmore's pastorate in this city. "The Power of Intercession" will be the theme of the morning sermon, which will be appropriate to the occasion.

At night the pastor will begin a series of four sermons on "The Man in the Square." The particular subject for Sunday night will be "The Young Man in Business." The sermons will be equally applicable to both sexes, and all are cordially invited to hear them. An earnest effort will be made to make these messages of special interest and helpfulness to the young people.

Sunday school at 9:45 a. m., Mr. Ivey Allen, Superintendent.

E. Y. P. U. Monday 7 p. m., Miss Iantha Pittman, President. Public worship Sunday 11 a. m. and 7:15 p. m.

Death of Little Boy.

In the death of little Edward Frank, son of Mr. and Mrs. A. F. Johnson, which occurred at their home on Church street on Wednesday of last week after a short illness, the hearts of many has been touched with sadness. Although he had just passed his second birthday he had so woven himself into the affections of others that he was not only the pet of the household but all those with whom he came in contact. His sweet and affectionate disposition had made of him the medium through which the home was more strongly bound together. He always had a smile and a pleasant "Hello" for everybody till it had gotten to be a greeting that was expected and looked for by all who passed his way. Always jolly and full of life he changed many a dull hour into one of real pleasure and in his presence melancholy was unknown. He was young and it seems almost impossible that could have been so great a factor in life, but providence had so willed, therefore his absence brings forth an increased sadness.

The funeral services were held from the home on Thursday afternoon at 2

o'clock and were conducted by Rev. A. D. Wilcox, of the Methodist Church, during which a choir sang "Loyalty to Christ," the song he had learned from his first and only visit to Sunday school and which, although in his baby language he always loved to sing. After the services at the home the remains were gently borne to Oaklawn cemetery and there laid to rest in the city of the dead under a huge bank of beautiful flowers the tokens of love from a large number of friends.

The pall bearers were Messrs. G. B. Rice, W. D. Jackson, F. M. Fuller O. J. Hale, P. J. Brown and D. G. Pearee. "Then fell upon the house a sudden gloom,

A shadow on those features fair and thin; And softly, from that hushed and darkened room, Two angels issued where but one went in."

In the acquisition of this little life Heaven is more sweet and brightness has been added to the angel band.

Pope's Items.

On Thursday morning November 11, Pope's was shocked to hear that little Alice Green Conyers, daughter of Mr. and Mrs. R. L. Conyers was seriously ill and not expected to live. She was stricken with diabetes at 2 a. m. Thursday morning and died Thursday night at 1 o'clock. A great many friends gathered around the bedside wishing to do something to relieve her suffering, but all hopes failed. She was nine and a half years old. She was a bright and intelligent little girl and was loved by all who knew her. She had a good kind word for everybody. She was a lover of her Sunday school and most times was present. Her sister Miss Ida Conyers was in Johnstown, Pa., attending school and was hurried home just in time for the interment. She was laid to rest in Pope's cemetery, the services being conducted by Revs. Mr. Harrell and Buffalo of Franklinton. She leaves two sisters and three brothers and father and mother to mourn their loss.

Our hearts overflow with sympathy for the bereaved family. It's so hard to give them up, but God in His wisdom knowest best for He needeth them for His kingdom. David said "we should not weep" but though he said "the dove weeps over her empty nest." So many such little lights in heaven are beckoning to us.

This little young life has been taken away for a cause unknown to us. But God knows best and doest all things well. God giveth and God taketh. Our hearts throbs for the bereaved family asking the great spirit to give them strength and wisdom to bear the cross.

FARM DEMONSTRATION

The weather this fall has been fine for sewing wheat, and we are glad to see so many farmers putting in a few acres of this crop. We would like to see every farmer in the county plant enough wheat to supply his family with flour.

By growing this wheat on every farm, the farmers are not only supplying their family with good pure wholesome bread, but they are helping to keep up the price of cotton, tobacco and other money crops.

The only reason why we are not today getting twenty cents per pound for

cotton as we should be getting is because of the dependent or helpless condition of the farmers.

When the farmers of the county as a whole get together their own supplies at home, and stop having to sell their cotton to furnish their homes in these supplies, or to pay for supplies already eaten up, while growing the crop, they will then realize their independence and can demand a fair price for any money crop grown.

The business men would also feel the good effects of the change, as he would have no bad accounts to be carrying over from fall to fall. Every farmer would be able to pay up his account every fall, when due.

No county or community can be really progressive as long as it depends upon growing a money crop to buy food supplies.

The price of fertilizers will be high next spring, even higher than they were this past spring. If this be the case, the farmers will do well to use very little commercial fertilizer. The farmer who raises all the barn-yard manure he can and then has a lot of clover and rye to turn under can make good crops regardless of commercial fertilizers.

Of course we must have potash ammonia. For the phosphorus we will have to use acid phosphate or Tennessee Ground Rock Phosphate. As for the potash, our soil here in Franklin county are full of it. We can very easily and profitably get along without nitrogen or ammonia, by sowing all the barn-yard manure we can and then too, by growing winter legume crops, as well as the other winter growing crops.

We want to see the farmers in Franklin county get to using more lime. To encourage the farmers to use lime, we have ordered quite a few copies of "Lime Facts for Land Owners," which we are sending out to the farmers. Any farmer who does not get one of these pamphlets and wants one, can do so, by sending me his name.

It is our opinion that the farmers of this county are losing heavily by not using lime. We have used lime and know that it pays.

Lime is said to liberate inert soil potash and render it available for the growing crop. Most of the soils in this county have an abundance of inert soil potash. So what we need to do is to grow plenty of (green) manure and then use a liberal quantity of ground limestone or marl and we will get results.

Lime corrects soil acidity, and hastens the rotting of green manuring crops and other forms of organic matter in the soil, and serves as a food for all kinds of plants; especially those of the legume family, such as the clover, vetches, alfalfa, peas and beans.

Lime may be used at any convenient time, but preferably during the fall, winter and spring months.

We shall be glad to be of any service we can to any farmer who wishes to use lime.

We might say, that the State furnishes this lime, to the farmers at the lowest possible cost.

Lime should not be mixed with any kind of manure containing nitrogen as the lime will set fire to the nitrogen and it will go off in the air.

Quite a number of the Corn Club Boys have not as yet sent us their reports. We want to insist that every boy make out his report, whether he made a large or small yield. It will be worth much to the boy to finish up his work like a man. Get these reports to me as soon as possible.
