

BAD STOMACH TROUBLE

Yields to Delicious Vinol

Shreveport, La.—“I had a bad stomach trouble for years and became so weak I could hardly walk or do any work. My appetite was poor, my food would not digest, I bloated and was very weak and nervous. I tried many remedies without help. I saw Vinol advertised and tried it, and now my stomach trouble is completely cured and I am well.”—E. L. MARSHALL.

Vinol is guaranteed to tone up the tired, over-taxed and weakened nerves of the stomach and create strength.

NATIONAL GUARD PLAN IS RECEIVED

Increases Peace Strength to 200,000, an Increase of 70,000 Over Present Strength. Forty-eight Drills a Year Would Be Required Together With Field Manuevers.

Washington Feb. 12.—The proposals of the National Guard Association for federalization of the State troops were before the military committee of Congress today in the form of a bill drafted by representatives of the association at the request of the Senate committee. The regulations contemplated are given force by a provision limiting participation in the Federal pay feature to officers, men or organizations complying with certain specified requirements.

The scale of annual pay proposed is as follows:

Major generals, \$800; brigadiers, \$700; colonels, \$600; lieutenant colonels \$550; majors \$225; captains, \$500; first lieutenants \$300; second lieutenants \$220; enlisted men would be paid on the basis of 25 per cent of the pay rates of the regular army, a private receiving approximately \$45 a year.

The maximum number of troops provided for by the bill is 500 for each congressional district, or a total peace strength of approximately 200,000, an increase of 70,000 over the present strength of the national guard. They would form a separate branch of the regular army in time of war when called into the Federal service. The act would take effect July 1, 1915.

The bill provides also for organization of a junior guard composed of boys between 12 and 18 available for active service only after every other class of militia had been called out. The juniors would be divided into two classes, cadets, or those of fifteen and above, and cadets of the second class, those less than fifteen.

An enlistment contract would be required under which the soldier would bind himself to serve the Federal government "within or without the continental limits of the United States" for a period of two years or until discharged should the guard be called out at any time during his three year enlistment period. The enlistment period of any soldier whose time was close to expiration when his regiment was called out would be extended automatically.

It is proposed to do away with choice of officers by election and commissions would be limited to specified classes and granted only after examinations by the war department. Promotions during active service would be made by the President from the commissioned force or ranks of the organization, dependent upon the grade to be filled. This clause is aimed at appointments from civil life.

At least forty-eight drills a year and participation in annual field manuevers would be required. An elaborate system of regulations for training and discipline has been worked out.

Members of both the Senate and house committees who had looked over the measure said tonight it would require radical amendment, in their opinion, before it would be acceptable to Congress. It will be discussed section by section next week by the House Committee which probably will frame the national guard measure to be enacted by both houses while the Senate Committee works out the regular army feature of preparedness plans.

Members of both committees have displayed keen interest in reports reaching them that 30,000 professional men, students and others already had been enrolled to take a month of intensive military training this summer at civilian camps. Suggestions have been

made that some definite plan be adopted for insuring the services of these men in war time that they be organized into regiments of purely federal volunteers having many of the aspects of former Secretary Garrison's continental army plan. The committees have been informed that more than 100,000 men could be secured for training if some financial aid were given to those willing to spend a monthly annually at military education.

"Is aviation expensive?"
"Yes; the upkeep is quite considerable."

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If tongue is coated clean little liver and bowels

"If your little one's tongue is coated it is a sure sign the stomach, liver and bowels need a gentle, through cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," contains directions for babies; children of all ages and for grown-ups sold here. Get the genuine made by "California Fig Syrup Company."

If gasoline keeps on soaring it will soon be so high we will be rid of the stink.

"Why Swear, Dear? Use 'Gets-It' for Corns!"

It's the New Plan. Simple. Sure as Fate. Applied in a Few Seconds.

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters, and

"You Wouldn't Lose Your Temper, John, If You Used 'Gets-It' for Those Corns!"
contraptions for corns. Here's some "Gets-It." It's just wonderful how easy, "clear and clean" it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—there's nothing to stick or roll up, form a bundle of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use "Gets-It" and you'll have a sweeter disposition and no more corns and calluses."
"Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by B. Lawrence & Co., Chicago, Ill.
