## LOUISBURG TOBACCO MARKET.

Prices Remain High and the Demand Strong.

During the past week the sales of tobacco on the local market have been good, considering the earliness of the season and prices have continued high, especially on the lower grades. On the better tobacco there has been a tendency for a stronger demand and an increased price. The local warehousemen are putting forth extra efforts to make it to the advantage of every farmer in this section to sell all his tobacco on this market and quite a little interest is being brought out in the interest of the market. We again give you a tobacco letter, relative to this market and hope it may be of interest to you. The letter follows:

"Our tobacco market continues to advance in prices with a marked improvement in quality. Common and medium tobacco is holding up at most satisfactory prices and we would advise our farmers to sell as fast as they can handle such grades.

"Fine cutters and smokers may advance when it is known that such grades are scarce. Don't listen to the fair promises of paid Drummers from other markets, but bring your tobacco to Louisburg, where you will always get the highest market prices. You can't afford to sell your tobacco at home as prices are so far ahead of former years that you can't price even your commonest crops.

"Take a day off and visit the warehouse floors and you will find out that you are sacrificing years of work unless you take the advantage of offering your tobacco to a full set of buyers, that represent every manufacturer as well as the Exporters of bright tobacco.

"Franklin and Nash counties produce the finest cigarette tobacco that is grown in Louisiana. Louisburg is your natural market and you will be convinced that you can't afford to sell elsewhere. Our buyers are anxious for tobacco and will pay you all the money that you could ask, for every pile sold on our market."

## The Revival at the Baptist Church.

"What Would Jesus Do?" will be the subject of Dr. Bruner's Sunday morning sermon. At 3 o'clock in the afternoon Dr. Bruner will preach to women only at the Baptist Church on "A Woman's Kingdom." At night he will speak on "The Second Coming of Christ." The night service will close the series of special meetings. Dr. Bruner will leave Monday for Rocky Mount where he will hold a meeting with the First Baptist Church, and Mr. Babbitt goes to Tarboro, where he will conduct the music in a revival meeting.

Large crowds have attended the meetings here this week, and much interest has been manifested. Dr. Bruner's messages have all been simple, clear and forceful. No one can mistake his meaning. But back of his messages is the man, and one instinctively feels the power of the man's life behind what he says. He is an earnest, devout, Christian gentleman.

Mr. Babbitt, who has directed the music, has proven himself a very capable leader and has greatly endeared himself to the Louisburg people both by his music and by his affable manner.

Special attention is called to the afternoon service Sunday for the ladies only. Dr. Bruner will give the greatest message, perhaps, he has yet given, "A Woman's Kingdom." Every lady in town and in all the surrounding country is cordially invited to this meeting.

## Musical Concert at Corinth.

We are requested to state that a musical concert will be given at Corinth church on Friday night, Sept. 15th, for the benefit of the new church. An admission of 25 and 35 cents will be charged and the public is cordially invited to go out, have a good time and assist this worthy cause.

## Missionary Union at Cedar Rock.

The Baptist Woman's Missionary Union of Franklin County met with the church at Cedar Rock Saturday, Sept. 9. The weather was good and there was a large crowd present.

The devotional exercises were taken in charge by the hostess society. The following churches sent either delegates or report by letter; Bethany,

Bunn Cedar Rock, Centreville Cypress Chapel, Louisburg, Maple Springs, Midway, Mt. Olive, Poplar Springs, Red Bud, and Perry's Chapel.

Interesting exercises were very creditably rendered by the children of the Sunday School as follows:

Hymn—I'll go where you want me to go.  
Recitation—Little Boy Blue, Jeff Stokes.

Hymn—When He Cometh.  
Recitation—Shine where you are, Louise Dean.

Hymn—Send the light.  
Recitation—He loves every one, Josie, Boone, Elizabeth Long, Christine Sledge, Bernice Smith, Eula Breedlove and Annie Cooke.

Duet—Do some good deed very day, Lucile Insko and Gladys Smith.

Recitation—How to shine for Jesus, Claudine Sykes.  
Hymn—Loyalty to Christ.

A round table discussion of difficulties in the way of our missionary societies and the best means of overcoming them, was then conducted by the president, Mrs. Underhill; the following ladies taking part in the discussion: Mrs. Gupton, of Bunn, Mrs. Neal, of Centreville, Miss Clara Long, of Cedar Rock, Mrs. Howell, of Louisburg and Miss Beattie Strange, of Maple Springs. The morning session then closed with prayer, after which every one present was invited to a splendid picnic dinner on the grounds.

Illness prevented Mr. Duke from preaching in the afternoon according to previous announcement, greatly to the disappointment of the crowd expecting to hear him.

The officers of the Union feel greatly encouraged over the work as more churches reported and there was a large attendance than at any previous meeting of the Union and the churches taking part show an increased interest and general improvement along all lines.

## HEALTH PICTURES AND EXHIBIT FOR FAIRS.

State Board of Health Completing Its Schedule of Fairs for Health Motion Pictures and Exhibit.

The State Board of Health is on the eve of completing its program of dates and places for fairs which the health exhibit and the Board's moving picture outfit also will visit this fall. The exhibit will again be under the management of Mrs. Kate Woolfolk, and will be shown this year at the following fairs: The Sandhill Board of Trade fair held at Pinehurst, October 5-8; the State fair at Raleigh, October 17-20; the Granville County fair at Oxford, October 25-27; the Lee County fair at Sanford, November 1-3, and the East Carolina fair at New Bern, November 7-10. This leaves only three more possible dates for the exhibit, and already scores of applications are on file.

The program for the Board's moving picture outfit as to the fairs it will visit is rapidly being completed. Durham, Smithfield, and Kinston have already made provision for this attractive feature while numbers of requests are pending.

## Anti-Typhoid Vaccination.

If everybody took every reasonable precaution against Typhoid we would not have many chances of contracting the disease. A number of people we are sure will not do this, and it therefore behooves us to safeguard ourselves to the utmost extent. Modern science has provided a way of almost absolutely preventing the growth of these "germs" in the human body once they gain access. It is by means of "Anti-Typhoid Vaccination." Three treatments, given a week or ten days apart are necessary to confer immunity. It is safe practically, painless, causes no open sore, and gives wonderful protection. By this means Typhoid has been eradicated from the

Army. It's protecting influence lasts three or four years, perhaps longer. The Vaccine is furnished free by the State. Your Health Officer will immunize you free of charge. If you can't find the Health Officer, see your Doctor. There is no reason for taking chances with a disease that attacks one person out of three and kills one out of every ten of its victims. C. H. O.

## Endorses Judge Bond.

The following resolutions were passed by the Bar of Franklin County, and Court officials at the August term of Franklin Superior Court, 1916, Judge W. M. Bond, Presiding.

We, the Bar, and Officers of the Court, heartily endorse the following resolutions:

That whereas, this is the first term of Court held by Judge W. M. Bond in the County of Franklin, we desire to express to him our deep appreciation of his fair and equitable judicial temperament, of his kind and affable disposition toward the Bar, the officers of the Court, the Jury and the public. We unhesitatingly say, that no Judge has ever presided over our Courts who has won more satisfaction and general appreciation and commendation than has Judge Bond at this, his first appearance, among us.

We wish for him a long and happy life and many returns to our County.

The above resolution was adopted by a rising vote of every person in the Court room. Judge Bond has made a fine impression on our people.

## Return Marriage Licenses.

We are requested to state that all Magistrates, Ministers of the Gospel, and all others authorized to conduct marriage ceremonies had better return marriage licenses to Register of Deeds or the fine will be imposed.

We are informed that there is a large number of licenses issued that have never been returned for recording and therefore renders the county record incomplete. This is an important matter and should receive immediate attention.

Where crimson clover and vetch have never been successfully grown before, we would urgently recommend inoculation to insure success. This may be done either with soil from where these crops have previously grown or with the commercial cultures. The process is simple, and to neglect it is an invitation to failure.—The Progressive Farmer.

W. M. Person left Tuesday for Suffolk, Va.

## BAILEY ALLOWED TO GIVE BOND

Habeas Corpus Proceedings Before Judge Cooke.

The case of State vs William Bailey for assault upon Sallie Anderson, colored, that was in progress before Judge A. W. Alston as we went to press last week resulted in a verdict of probable cause and was ordered held without bail to await court in October. His attorneys then secured a habeas corpus and the case was heard by Judge C. M. Cooke, who after hearing the evidence decided that where there was evidence enough to present the case to a jury he did not feel that it was sufficient to hold him without bond and he was allowed to give a \$500 justified bond for his appearance, which was given.

## Quite a Lot of Work.

Local Manager E. H. Hale, of the Telephone Company, hands us the figures showing the number of local calls, not including toll calls, for three days in this month, which gives an insight as to what the operators have to contend with. On September 7, there were 2,447, 8th, 2,116, and 9th 2,221, making a total number of calls for the three days of 6,664. This shows quite a good bit of work and wonder the girls are busy most of the time.

## Fire Alarm Monday.

Quite a little excitement was the result of the sounding of the fire alarm in Louisburg on Monday. It was soon learned that the trouble was at the Colonial Pine Co., plant just south of town, and although the fire department responded quickly the blaze was extinguished before it arrived on the scene. The fire caught inside of the dry kiln, so we are informed, and the extent of the damage is not yet known.

## Rock Spring Revival.

Beginning Sunday 3 P. M. a series of meetings will be held with the Rock Spring Baptist church. The pastor will be assisted by Rev. C. Almon Upchurch, of Oxford. Meetings daily, after Sunday, at 2:30 P. M. and 7:45 P. M.

Messrs. Robt. and Junius Young have purchased the stock or groceries of Winston Bros. and will conduct business in the Duke building, on west Main street.

The Youngsville Tobacco Market opened most satisfactorily this season, with the weed bringing unusually high prices. A large number of buyers representing strong companies are on the market this year. Each day brings a splendid sale.

## Graded School Opens.

Principal W. L. Eddinger announces the opening of the Youngsville Graded School for Monday, Sept. 18. The opening has been delayed for several days in order to complete valuable improvements to the building.

All children between the ages of eight and twelve in the district will be expected to attend as much as four months in the year. Don't cheat your child out of what is due him. Put the child in school on the first day; a prompt beginning and regular attendance means great things for the child in the future.

## The Chautauqua.

The Boosters Club Chautauqua will be in Youngsville Sept. 25-26-27, exhibiting a most attractive program.

A number of prominent North Carolinians have been engaged to deliver addresses on the first two days. A basket picnic has been arranged for Monday, 25th, and on Tuesday 26th, in addition to the regular performance, demonstrations and addresses of community and agricultural interest will be given. The Chautauqua here last season was a grand success, and owing to the fact that the largest and highest salaried troupe of the Rag-cliff Company has been engaged this season, even greater success is expected.

## Civic League Now Woman's Club.

The first meeting of the Civic League, for this club year was held at the home of Mrs. J. A. Turner last Wednesday afternoon. Quite a good crowd assembled notwithstanding the down pour of rain. One of the first matters of discussion entered into was the coming county fair. At the request of the fair association, several committees were named to assist in helping make the fair a success, and these committees will begin at once to work up enthusiasm and get our town in gala attire for the occasion. One of the most delightful features of the afternoon was a talk by Mrs. L. P. Hicks on our civic responsibility. The chairman of Civics, Mrs. Cralle, stated that work would begin on court square again now, and we hope soon to have a splendid stand of grass, as a foundation for a beautiful square.

Reports from the committees on Health, Civics and Literature all showed good work accomplished in these departments last year. It was suggested that the Civic League had grown now to where it was covering a larger field, and why should it not be a Woman's Club. This proposition was discussed at some length and when the vote was taken it was unanimous, that the Civic League shall be the Woman's Club.

A letter was read from Mrs. Wad-dill, of Henderson, state chairman of reciprocity, asking if this club could not entertain the district meeting of federated clubs this year. It was voted unanimously to ask them to meet in Louisburg the last week in October, as much good will come to the club here by having these splendid women with us for the day.

Several other matters of business were brought up, and some settled while others were held for further discussion. Altogether it was a full and interesting year's work is being mapped out for the Woman's Club this year by the program committee.

## Louisburg College Opens.

Louisburg College had its formal opening Thursday morning under most favorable conditions. The college chapel was full of bright young ladies who have come from nearly every section of the State, particularly the eastern and middle section of the State. Mrs. Allen, the president, is very much gratified with the opening, and the present session gives promise of being one of the most successful from every view point in the long history of this splendid institution.

Rev. A. D. Wilcox, the college chaplain, who was master of ceremonies, welcomed the young ladies in behalf of the Methodist church; Rev. W. M. Gilmore extended a welcome in behalf of the local Baptist church; while F. B. McKinnis spoke words of welcome in behalf of all the citizens.

Dr. Weston Bruner, of Atlanta, who is conducting a series of meetings in this city, made the principal address of the morning, using as his text, Prov. 13:20—"He that walketh with wise men shall be wise, but a companion of fools shall be destroyed." The speaker exhorted the young ladies to make friends of good people, particularly older people, their mothers and teachers; to make friends with good books, particularly with the Bible; above all to make friends with Jesus, who would stick closer than a brother.

## First Bale New Cotton.

Mr. W. D. Weathers was the first to present a new bale of cotton on the Louisburg market this season. It was brought in Thursday and was ginned by P. H. Allen. It sold for 15 1/2 cents and was bought by A. W. Person. It weighed 528 pounds.

Mrs. Julia Scott returned home Sunday from a trip to the Northern Markets, where she purchased her stock of millinery.

## Justice Items.

The Prayer meeting exercises on last Sunday night, were very interesting and helpful.

On last Monday our school had the best opening in its history. The enrollment for the first day was ninety-five, Wednesday 100. The principal tells us that both teachers and pupils are manifesting a deeper interest in their work than at any time during his principalship.

Prof. N. W. Walker, High School Inspector, is expected to visit us on next Thursday.

The Educational Rally and picnic on last Friday was most enjoyable. In the morning Attorney G. M. Beam, Rev. G. W. May and Supt. E. L. Best delivered fine addresses. These were interspersed with good old familiar hymns sung by the audience. A sumptuous repast was then spread, of which all partook heartily. In the afternoon baseball fans had the pleasure of witnessing a pleasant game between the Justice and Wilder teams. The score was five to three in favor of Justice.

At night in spite of the unfavorable weather, a large audience greeted the "Old Fiddlers" who rendered especially fine music. A net amount of sixteen dollars was realized for school improvement. Prizes were won as follows:

Three dollars, best violinist, Mr. W. G. Creekmore.

Dollar and a half, second best violinist, Mr. "Dick" Williams.

Dollar and a half, best banjo picker, Mr. Percy Bunn.

Dollar and a half, best performer on guitar, Mr. Langdon Stallings.

Mr. Ware, although not a contestant, delighted the audience by playing the violin and harp at the same time.

## The Use of Slang.

Not always is slang permissible. But many times it is. However, its use must in each case be justifiable—its application "pat"—and its effect just right. In fact, if you use slang as all you'll have to use it as tactfully, as pleasantly as Jack did.

"I don't mind Jack's slang," said Jack's fiancée. "He is so clever in the use of it."

"How so?"  
"Why, he sent me three dozen American beauties, with this writing on his card: 'You're another.'"
