Doctor Says Nuxated Iron Will Increase Strength of Delicate People 100% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood. How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a Boston Physician who has studied widely both in this country and in great European medical institutions, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skiny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time double, and even triple, their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders brought by new remedies, but when they come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc., when ruined and people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund you money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by all good druggists.

SESSION BEGINS SEPTEMBER 13, 1917
For Catalogue and information address,
MISS. MARY OWEN GRAHAM, PRESIDENT.

Notice of Resolution Ordering Improvements on Middle Street, Nash Street, Church Street, Perry Street and Kenmore Avenue.

Notice is hereby given that the Commissioners of the Town of Louisburg at their regular meeting on the 3rd day of August, 1917, adopted the following resolutions:

WHEREAS, in pursuance of the provisions of Chapter 56 of the Public Laws of 1915, petitions dated August 1st, 1917, have been lodged with the Clerk of the Town of Louisburg for the improvement of Middle Street from Main Street to the Power plant; Nash Street from Church Street to the residence of F. N. Egerton; Church Street from Nash Street to College Street; Perry Street from Main Street to Kenmore Avenue and Kenmore Avenue from Perry Street to the Tarboro road in said town of Louisburg; and the Clerk, after investigating the sufficiency of said petition has this day presented the petition to the Board of Commissioners together with his certificate certifying that he has found that the petitions are signed by a majority in number of the owners of the lands abutting upon the parts of the streets proposed to be improved, who represent a majority of all the lineal feet of frontage of said lands (a majority in interest of owners of undivided interests in any piece of property being deemed and treated as one person for the purposes of the petitions); and

WHEREAS, the Board of Commissioners is, after due investigation, satisfied that said petitions are sufficient;

NOW THEREFORE, BE IT RESOLVED that said petitions for the improvement of Middle Street from Main Street to the Power plant; Nash Street from Church Street to the residence of F. N. Egerton; Church Street from Nash Street to College Street; Perry Street from Main Street

to Kenmore Avenue and Kenmore Avenue from Perry Street to the Tarboro road in said Town of Louisburg be and each of them is hereby, determined to be sufficient and to be in all respects in conformity with the requirements of Chapter 56 of the Public Laws of 1915.

FURTHER RESOLVED, that said Middle Street from Main Street to the Power plant; Nash Street from Church Street to the residence of F. N. Egerton; Church Street from Nash Street to College Street; Perry Street from Main Street to Kenmore Avenue and Kenmore Avenue from Perry Street to the Tarboro road in said Town of Louisburg be improved in accordance with said petitions and pursuant to the provisions of Chapter 56 of the Public Laws of 1915 by paving said portions of said streets with sheet asphalt, bitulitic or bituminous concrete as may be decided by said Board of Commissioners and their engineer, and by the construction, reconstruction and altering of curbs, gutters and drains therein.

FURTHER RESOLVED, that one-half of the cost of said local improvements, exclusive of so much of the cost as is incurred at street intersections and the share of railroads or street railways (if any) shall be specially assessed upon the lots and parcels of land abutting directly on the improvements, as provided in Chapter 56 of the Public Laws of 1915, and said assessments shall, at the option of persons whose property is subject to such assessment (which option shall be exercised in the manner provided in said act) be payable in ten equal annual installments, beginning on the date on which said assessment shall become due and payable, with interest as provided in said act.

FURTHER RESOLVED, that said local assessments shall not be made until bonds of the said Town of Louisburg shall have been filed and be issued for the purpose of securing the cost of said local improvements.

The vote on the passage of the foregoing resolution was taken by ayes and nays and was as follows:
Voting AYE: Commissioners Allen, Ford, Hicks, Wheeler and Williamson.
Voting NAY: None.
Absent: Commissioner Cooper.
The resolution was declared adopted.
A. W. ALSTON, Clerk.

Some people tell time by the sun; others trust to their watches while a great many know the hour by the time the movies open and close.—Chicago Examiner.

Liver Trouble.
"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa, "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." OBTAINABLE EVERYWHERE.

The average man cannot understand how big fortunes are amassed, but then, that's because he's just average.
