If the teachers will send me a stamped envelope I will send them a check for the attendance at teachers' meetings.

2. Miss Mamie Luther and her teachers at Pilot should be congratulated upon getting such a good attendance during the month of January. With an enrollment of 118 she had an average of 98. The following note comes from this school.

"Dear Mr. Best:—I am sending you our reports for the month just passed. I think it is an excellent report considering the weather. We have had school every day. I wonder if the other rural schools have surpassed us in attendance?"

Yours truly,
MAMIE LUTHER, Teacher.
Saturday I mailed to each school program for the celebration of the

22 of February. Take advantage of this opportunity to begin in earnest the War Saving Stamp Campaign. If possible do not fail to have a war saving speaker to explain this work in detail. I hope that each school will secure a speaker for that day. Write or phone to Rev. W. M. Gilmore, Louisburg, who is the chairman of the committee on speakers. He or myself will be glad to help you arrange for a speaker for the occasion. Let us determine to learn this lesson on the 22. That through saving our pennies, dimes, quarters, and buying thrift cards and then war saving certificates we are saving something not only for ourselves but we are helping our country and its gallant armies to win the war.

4. "Every calling pays better in these days of war demands for workers. And the teachers are fleeing because of bread and butter—in this and every other state."

In order that our schools may be conserved, that our children may not be sacrificed, let us prepare to meet this emergency before the first week in June. The following paragraph from a letter just received, describes a situation that exists in many of the districts:

Dear Mr. Best:—I am writing to ask if you cannot arrange to raise my salary if no more than \$5.00 per month? Everything has advanced so much in price that it takes half my salary to pay board and too you know that my school only runs five months. My committee asked me to write to you.

5. The members of the reading circle may take the first four chapters in Knight's History of Public Education.

- a. Why was educational growth slow in colonial North Carolina?
- b. Study the questions at the end of each chapter.

THE G. A. OF LOUISBURG BAPTIST CHURCH

The Girls Auxiliary of the Louisburg Baptist church met at the home of Catherine Bobbitt, Feb. 11th, 1918. This was the second meeting since the reorganization on the fourth of February and the membership has increased four; making the total twelve. As this was a social meeting the members made garments for the orphans meanwhile Mrs. J. S. Howell, leader and Iantha Pittman a sistant leader gave suggestions for the next meeting.

It was decided the day that the G. A. was organized to divide the four meetings of the month as follows. First Monday business meeting, second Monday, social meeting; third, a lesson in the "Royal Service", and the fourth a social.

The society adjourned at three o'clock to meet again next Monday at the home of Lucy E. Allan.

MISS WILLIAMS HOSTESS

Miss Williams entertained the Tuesday afternoon Book Club at the home of her sister, Mrs. A. H. Fleming. A large number of the members and invited guests were present. A very interesting program was carried out.

The Discussion of Current Events and War Conditions, led by Mrs. S. P. Boddie was of great interest to all present. Apart from her splendid paper, she read a thoroughly interesting letter on Intensive Training, from her husband, Capt. S. P. Boddie of Co. D, Camp Sevier.

Mrs. W. E. White, in Mrs. W. H. Ferguson's absence read her paper, "Trip of the Steamship Clermont in 1807" full of interest and information.

Mrs. M. S. Clifton read a charming paper on "Prominence of Dolly Madison in Society."

The musical program was delightful.

Instrumental Duet—"Guarding Old Glory"—Mrs. E. S. Ford and Mrs. A. H. Fleming.

Vocal Duet—"Rosary"—Mrs. E. S. Ford and Mrs. A. H. Fleming.

At the conclusion of the program a delicious salad course was served.

If Mr. Garfield had tried he could not have hit on a better gauge of the patriotism of the business men of the country than in the Monday closing order. As with all measures of the kind, there is a vast difference between the letter and the spirit of the order. The true patriot will not burn fuel on those days for work that he can possibly defer till Tuesday. The spirit of the order is conservation and sacrifice. And the man who refuses is an undesirable citizen—mark him.

Billy Sunday is reported to have lost his voice since going to Washington. Well, it oughtn't to be difficult to find a voice in Washington. There are a few there that could be better employed than at present.

A HINT TO THE AGED

If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

WHEN YOU HAVE A COLD

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor Ropoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that continued giving it to him until he was cured."
