How You Can Help The Government

The President of the United States urges everybody to buy Thrift Stamps. We are going to help you buy one and aid your government in this the greatest undertaking ever known by any nation in the history of the world. You do not have to go to France to do your bit. You can do it at home. There is a way for everybody to help. We are going to do our part and do it right, and believe every one will do theirs, for there are no slackers in this good old State of ours. Stop, Read and Think it over and then act according to your honest conviction.
