

## THIS MAN COULD NOT RESIST TEMPTATION OF LUSCIOUS PIE

**Mince, Pumpkin or Berry, They Were All Strong Favorites With This Devotee of the Great American Dessert. But When He Ate Pie Things Immediately Began To Happen.**

Few men will not admit the irresistible weakness for pie, and this fondness for pie grows stronger in later years, when the digestive apparatus has grown weaker and trouble begins. S. W. Greenway, a clerk at the Giersch Hotel, Raleigh, has conquered all the difficulties of pie eating and tells how he accomplished it.

"I will frankly admit that I am not happy when you deprive me of pie, but for two years we have been strangers. My stomach got into such a condition that merely looking at a piece of pie would sicken me and cause my stomach to turn flip-flops. That was not only true of pie, but nearly everything in the food line had about the same effect and my condition became so bad that I almost wished I was dead. Peplac had not only relieved me of this pain, but enabled me to again indulge in pie. I have no more pains and that nervous feeling has entirely left me. Peplac certainly did the work for me, and I sincerely wish that everyone would take it and gain relief as I did."

Here is the appreciation of a man who has had his stomach restored and with it the ability to eat. When this function is impaired a person is sure to go down in health and it should receive immediate attention.

Scoggin Drug Store sells and recommends Peplac in Louisburg. Buy a bottle today it will do all that is claimed for it.

### FOR CONSTABLE.

I hereby announce myself a candidate for constable of Gold Mine township subject to the action of the Democratic primaries in June. I appreciate your support in the past and hope to receive it again in the primaries.

R. J. BURNETTE.

Your vote for Jno. W. King for Register of Deeds will be appreciated.

Gautemala has now joined allies. Gautemala has a large supply of "shock" troops that would prove effective if we could get them over there.
